Secy. to the Govt. of Bengal.

Leases for a term of years.

1. The country served by the canals shall be mapped out into blocks of convenient size in accordance with the features of the ground, natural or artificial. So far as may be practicable, the blocks shall be separated by drainage lines. This shall be done by the Subdivisional Canal Officers under the guidance and control of the Divisional Canal Officer.

2. Each block determined as above shall be numbered and recorded with its gross and irrigable areas in registers to be maintained by the Subdivisional Canal Officers. The blocks shall also be marked on maps to be maintained by the same officers.

3. Leases for not more than seven years may be granted for the whole irrigable area of a block or for definite parts of a block under the following conditions:—

I.—Ordinarily the whole irrigable area of any village so far as situated within the block must be included in the lease. If the lands of a village within the block are divisible into two or more distinct parts which can be irrigated independently, a separate lease may be granted for each part.

II.—All leases within one block shall be so granted that they may expire on the same date.

III.—No lease shall be granted when the supply of water must of necessity be delivered across an unleased area, unless a channel exists, which, in the opinion of the Subdivisional Canal Officer, will deliver water without waste across the unleased area.

4. The Superintending Engineer shall fix from time to time the gross area for which and the limits of the canal within which, leases for a term of years may be granted.

5. Maps of all villages in which lands have been brought under lease for a term of years, or in which there is any probability of such leases being taken, shall be kept in the subdivisional canal offices. These maps to be at scale 32' = 1 mile when such are available, and elsewhere at scale 16' = 1 mile.

6. The preliminary application for a lease for a term of years, either new or renewal, may be of an informal nature, but it must be in writing. It may be presented and shall be received either at the Subdivisional or Sectional Canal Office; in the latter case the Sectional Officer shall forward it immediately to the Subdivisional Canal Officer. The Subdivisional Canal Officer as soon as he has, by personal enquiry or by an enquiry made by the Sectional Officer, satisfied himself that the land in question constitutes a definite block or a definite part of a block, and that it can be irrigated, shall at once inform the Divisional Canal Officer giving such particulars as that officer may direct, and shall ask his formal approval to the lease being proceeded with. On receipt of such approval the Subdivisional Canal Officer shall forward the preliminary application to the Zilladar, in order that the detailed assessment may be taken in hand. The lands to be brought under lease shall be indicated on a copy of the map alluded to in rule 5.

7. The Zilladar on receipt of the application shall depute an amin to prepare the *khasra* or detailed assessment paper. This shall be done on the ground with the aid of the revenue survey map and *khasra*. Should the survey map and *khasra* not be available, the amin shall make a sketch map, and shall measure the areas of the holdings with a chain or measuring-rod.

8. When the amin has completed the *khasra*, the Zilladar shall forward it to the Subdivisional Canal Officer for approval.

9. As soon as the *khasra* has been approved by the Subdivisional Canal Officer, he shall return it to the Zilladar endorsed with his signature in token of approval.

The Zilladar shall then prepare a *khatian* or abstract of the *khasra*, and shall have the form of application, given as Appendix No. I to these rules, filled up and signed or marked by each of the applicants, in the presence of two witnesses.

When the application has been completely signed, the Zilladar shall send it to the Divisional Canal Officer, by whom the permit or formal approval of the lease shall be signed and issued in the form given as Appendix No. III to these rules. The permit shall be made over to the representative of the cultivators by the Subdivisional Canal Officer by means of his Sectional Officers. The Divisional Canal Officer shall return the application to the Deputy Collector, Revenue Division, with a copy of the permit for record.

10. Should it happen that the cultivators of the block proposed for lease are not unanimous, and that certain of them decline to sign the application, the Zilladar shall report the matter to the Subdivisional Canal Officer. This officer shall hold a local enquiry, recording the statements of the persons who decline to sign and recording his personal opinion on the reasons given. He shall then send a report to the Divisional Canal Officer, who shall decide whether the lease may be accepted excluding the fields in the occupation of the persons who decline to sign, or whether the lease shall be declined. The Divisional Canal Officer is authorised to grant a lease when not less than 95 per cent. of the net irrigable area of the block has been signed for. In particular cases should it be desirable to grant a lease even though an area larger than 5 per cent. of the block has not been signed for, this may be done on the written order of the Superintending Engineer. The reasons for granting the lease shall be fully recorded.

Covering Leases.

11. Applicants for a lease for a term of years who may require water before the lease has been concluded can obtain a supply on tendering an application for a covering lease in the form given as Appendix No. II to these rules. This application must be signed in the presence of the Zilladar or of some other responsible officer nominated for the purpose by the Subdivisional Canal Officer. The signatures should be those of the leading cultivators in the block in question, and they should represent holders of not less than 75 per cent. of the irrigable land within the block.

As soon as the Subdivisional Canal Officer receives the application duly signed, he shall issue a permit in the form given as Appendix No. IV to these rules, and shall at once supply water.

Single Waterings.

12. Applications for a single watering during the *kharif* season, may be entertained if water is available, after meeting the demand for the areas leased for a term of years. The applications may be presented at the Subdivisional Canal Office or to the Sectional Officer. They must be in the form given as Appendix No. V to these rules.

The application must be for a definite block and the signatures of the applicants must cover areas aggregating not less than four-fifths of the lands in the block.

If the Subdivisional Officer is able to supply water and accepts the application he will require the applicants to pay in advance one-half of the amount due on the areas entered in the application at the rate specified in the schedule of rates, and on this sum being paid he will at once issue a permit in the form given as Appendix No. VI to these rules and will supply water. When the watering has been concluded the area actually irrigated shall be determined and the assessment shall be made on the areas actually watered within the limits of the block specified in the application and permit.

Season Leases.

13. Applications for water to irrigate spring rice or other crops between December and April may be presented at the Subdivisional Canal office or to the Sectional Officer. They must be in the form given as Appendix No. VII to these rules.

In the applications the areas for which water is required must be specified but the rate will be charged on those areas for which water is actually used as determined by measurement.

The permit in the form given as Appendix VIII to these rules will be granted by the Subdivisional Canal Officer if he is able to supply the water.

Supply of water.

14. The Divisional Canal Officer shall control the supply of water throughout the Division in his charge.

15. No water shall be supplied to any lands except such as have been brought under a lease for a term of years or for the season, or to such as are provided for by a covering lease or by a lease for a single watering.

16. Under the forms of irrigation lease in use, no specific supply of water is promised; but the undertaking is to give such a supply to each lessee as may be necessary for the lands leased. The supply shall be given, as may be required for the proper cultivation of the crops under irrigation, according to the exigencies of the season.

17. The Divisional Canal Officer is empowered to give the required supply by rotation, should this be advisable for the efficient working of the canals in his charge. In such a case, he is required to give the lessees written notice informing them of the periods when they will be supplied with water.

Collection of water-rates.

18. The rates due for water supplied shall be collected by the Deputy Collector or other officer in charge of the Revenue Division through his staff of Zilladars, Tahsildars and peons. All *khatians* or demand statements shall be signed by the Deputy Collector or other officer in charge of the Revenue Division after scrutiny in his office.

19. At the time of preparation of the *khatian* in the Zilladar's office, each person assessed shall be furnished with an extract from the assessment paper, showing the particulars of the charge against him. This extract shall be furnished in such form as may from time to time be approved for the purpose.

20. Each person on paying the sum due from him shall be given a receipt in the form prescribed for the purpose.

21. For the purposes of account, of control over establishment, and of general administration, the Deputy Collector or other officer in charge of the Revenue Division is in the position of an Executive Engineer in charge of a division, and is directly subordinate to the Superintending Engineer. In regard to any proceedings taken under the Public Demands Recovery Act the Deputy Collector is subject to the control of the Collector of the district.

Unauthorized use of water and waste of water.

22. Should it be necessary to take action under the provisions of sections 79 and 80 of the Act, proceedings shall be instituted only under the direct and special order of the Divisional Canal Officer. The primary record of the facts regarding the unauthorized use or the waste of water shall be made by the Subdivisional Canal Officer and his subordinates. The parties whom it is proposed to assess shall be informed in writing, and shall be called on to show cause why they should not be assessed. The record of their statements shall be made by the Divisional or by the Subdivisional Canal Officer. The Divisional Canal Officer shall consider the facts and statements recorded, and shall, in deciding the case, give his reasons for or against assessment, both as regards the facts and as regards the law; and he shall determine the rate to be charged subject to the provision in the schedule of rates attached to these rules.

23. Should the Divisional Canal Officer decide on making an assessment, he shall have the assessment paper prepared by the Subdivisional Canal Officer and his staff. Each person assessed shall be furnished with a statement of the charge against him, and an abstract of the demand or *khatian* shall be sent to the officer in charge of the Revenue Division, who shall proceed to recover the sums assessed. The period of one month within which an appeal may be presented to the Collector under section 91 of the Act shall count from the date on which the statement of the charge may be furnished to the person assessed, which date shall be endorsed on it.

24. No proceedings shall be instituted if the unauthorized use or the waste of water have occurred through the act or neglect of a Canal Officer or subordinate employed on the Canal. During the irrigation of autumn rice, the passing on of surplus water from leased to unleased fields is not an unauthorized use of water.

Complaints and Applications.

25. All complaints or applications with respect to the supply of water, to defective drainage, and generally with respect to the administration of the canals, shall be received on presentation at either divisional or subdivisional canal offices.

Complaints and applications received by a Divisional Canal Officer may be transferred to his Subdivisional Canal Officers for disposal at his discretion.

Any such complaints or applications, if presented to the Deputy Collector or to his staff, shall be returned endorsed with instructions as to the proper office at which to present them. If received by post, they shall be at once forwarded to the Divisional or Subdivisional Canal Officer.

26. Complaints or applications with respect to corrections of the assessment with respect to the actions of the *amins* in assessing and with respect to the actions of the tahsildars and other staff employed in collections, shall be received at the office of the Deputy Collector or other officer in charge of the Revenue Division, or at the zilladars' offices.

27. Receipts in the prescribed form shall be given at all offices for complaints or applications presented. The receipt of all complaints and applications shall be recorded in registers to be kept for that purpose.

28. The Officer receiving the complaint or application shall either make a personal enquiry into the matter or he shall nominate in writing some responsible person to hold the enquiry.

29. The orders passed on all complaints or applications shall be in writing, and a copy of every order shall be furnished to the complainant or applicant.

The copy of order may be sent by post (registered), if this is convenient.

The period within which an appeal may be presented under section 91 of the Act shall be reckoned from the date on which the copy of the order is received by the person.

30. When an appeal to the Collector is from the order of a Subdivisional Canal Officer, the proceedings shall be called for through the Divisional Canal Officer, who may record on them such remarks as he may think desirable, provided that he does not thereby detain the proceedings.

In all cases in which an appeal against an assessment is preferred to the Collector, that officer may, if he thinks fit, direct that the collection of water-rates be suspended till the appeal is heard.

31. The Divisional Canal Officer is empowered to revise the proceedings of his Sub-divisional Canal Officers, and the Superintending Engineer is empowered to call for and to revise the proceedings of all officers under his control.

Remissions and Alterations of Demand.

32. Whenever the crop on land entitled to a supply of water suffers material injury from an insufficient supply of water, or from any interruption in the supply of water, remission of the rate due on such crop shall be given by the Divisional Canal Officer, provided that the person claiming remission shall have applied for such not less than 15 days before the reaping of the crop.

33. On the occasion of lands being brought under a lease for a term of years, the Divisional Canal Officer is empowered to remit the rates for the first season on those fields which from the nature of the cultivation then obtaining, or from other causes, have not, in that season, derived any benefit from the supply of canal water.

34. Should the crop on lands under lease for a term of years suffer material injury from excess of water due to deficient drainage, the Divisional Canal Officer may grant remission of the rates due on such lands in whole or in part, provided that the person asking for remission shall have applied at least 15 days before the reaping of the crop.

35. Revisions of the assessment required in consequence of land under lease being left uncultivated or of land being appropriated for purposes other than cultivation shall be made under the orders of the Divisional Canal Officer.

36. Revisions of the assessment required in consequence of incorrect entries of the names of occupants of lands under lease or of incorrect entries of areas or amounts in the assessment papers, or required by changes in the occupation of lands shall be made under the orders of the Deputy Collector or other officer in charge of the Revenue Division, provided that no change involving any increase or decrease in the total area under lease for a term of years shall be made without the concurrence of the Divisional Canal Officer.

37. Remissions of water-rates on account of injury to the crops caused by inundation, by blight, by storms or by any extraordinary cause will only be allowed under the special orders of the Local Government.

Irrecoverable Demands.

38. The Superintending Engineer is empowered to sanction the write-off of those demands which are reported, after due enquiry by the Deputy Collector or other officer in charge of the Revenue Division, as irrecoverable owing to the poverty of the defaulter or of his successors in case of his death, or owing to the defaulter having absconded.

Cultivators' Representatives.

39. Whenever the preliminary application for a lease for a term of years has been approved by the Divisional Canal Officer, the officer in charge of the Revenue Division shall, with the concurrence of the Subdivisional Canal Officer, select as representative of the cultivators a suitable person or persons who shall generally be acceptable to the cultivators and who shall each have a direct interest in the land for which the lease is executed.

40. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:--

- (i) In the preparation of applications for leases.
- (ii) In the measurement of irrigated lands.
- (iii) In recording the names of the occupiers of the holdings.
- (iv) In receiving demand statements and distributing to the cultivators the individual notices of assessment.
- (v) In attending, when required, at enquiries into complaints.
- (vi) In reporting to the zilladars any changes in the occupancy of lands under lease.
- (vii) In assisting the tahsildar in collecting rates.

41. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his or in their own occupation, which may lie within the boundaries of the leased area subject to a total limit of 3 per cent. of the area assessed. The Deputy Collector or other officer in charge of the Revenue Division may disallow in whole or in part this free irrigation, and may recover the rates which would otherwise have been payable in whole or in part if the assistance specified in Rule 40 has not been efficiently rendered. The reasons for such disallowance shall be recorded in writing.

42. The Deputy Collector shall maintain in his office a register containing a record of the names of all representatives and of the areas of free irrigation allowed to each.

43. Applicants for single waterings or for season leases shall be required to nominate one of their number who must have a substantial interest in the land to be irrigated as their representative. The representative so nominated shall perform the same duties as stated in Rule 40 and shall receive remuneration on the same scale as in Rule 41.

Power to decline or cancel leases.

44. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Engineer to direct that the lease shall be cancelled with effect from the 1st of June next following. The order to cancel a lease shall be passed before the 1st of April of the year in which it is to take effect.

45. The Superintending Engineer may give directions to the Divisional Canal Officer to decline applications for irrigation leases of lands in villages where there has been persistent difficulty in realizing the water-rates, until all arrears have been paid.

He may further suspend, or altogether cancel, any lease for a term of years, if on the 1st June of any year water-rates to the extent of half the demand for one year are in arrears. Previous notice of intention to put this rule in force shall be given not later than the 15th April preceding.

Miscellaneous.

46. Tanks may be supplied with canal-water without charge, when water can be made available without injury to the cultivation dependent on a canal, under the following conditions:—

- (i) That the water is to be exclusively used for domestic purposes, or for watering cattle.
- (ii) That a channel exists through which water can pass without waste.
- (iii) That the water shall only be supplied on the written order of the Subdivisional Canal Officer.
- (iv) That any new outlet or sluice which may be required to allow of the supply being given shall be provided at the cost of the persons who ask for the water.
- (v) That the supply of water may be stopped at any time if it is found that it is being misused.

47. Except when a public right-of-way exists, no person shall, without the permission expressed in writing of the Divisional or Subdivisional Canal Officer, pass himself, or cause any animal or vehicle to pass, on or across any of the works, banks or channels of a canal, or drainage work which is part of the canal system except by means of such bridges, fords and ferries as may have been provided for the purpose.

Any person who, after due warning, commits a breach of this rule may be proceeded against under section 93, clause (9), of the Irrigation Act.

48. The use of any part of the banks or berms of any canal, drainage work which is part of the canal system, or flood embankment which is subject to the provisions of the Irrigation Act, as a place for relieving the calls of nature, is prohibited. Any person who after due warning commits a breach of this rule may be proceeded against under section 93, clause (9), of the Irrigation Act.

49. Should water be required for purposes other than irrigation, it may be supplied, when available, at a rate of one rupee per 10,000 cubic feet of water.

50. No officer employed on the canals, unless especially exempted by the Lieutenant-Governor from the operation of this rule, shall have any interest in the distribution of water from any of the canals or purchase or bid for any Government property sold thereon either in his own name or in the name of another, or jointly, or in shares with others.

Schedule of rates for water supplied from the Midnapore Canal

RESOLUTION.—The General Manager of the Darjeeling-Himalayan Railway Company has applied for the adoption on the Darjeeling-Himalayan railway of the accompanying General Rules, Part I, and of such of the modifications promulgated with Railway Board's circular No. 100 R. T., dated the 16th January 1908, and published under their notification No. 11, dated the 17th January 1908, as are applicable to the line; together with Part II of the General Rules of 1906, for working open lines of railway promulgated under Railway Board's circular No. R. T. $\frac{89 A}{5}$, dated the 8th September 1906, and published under their notification No. 183, dated the 8th September 1906, and the following modifications thereto :—

- (i) the amendments in rule 16, sub-rule (4), Chapter III, promulgated under Railway Board's circular No. R. T. $\frac{281 C}{2}$, dated the 8th April 1907, and published under their notification No. 91, dated the 19th April 1907;
- (ii) the amendment in rule 33, sub-rule (1), Chapter IV, promulgated under Railway Board's circular No. 519 R. T., dated the 27th June 1907, and published under their notification No. 158, dated the 27th June 1907;
- (iii) the revised Appendix B—rules to regulate the transport and importation of explosives—promulgated under Railway Board's circular No. 562 R. T., dated the 5th July 1907, and published under their notification No. 183, dated the 27th July 1907; and
- (iv) the addendum to rule II (2) (c) and the amendments in Rule II, (6) of Appendix A, promulgated under Railway Board's circular No. 683 R. T., dated the 19th July 1907, and published under their notification No. 185, dated the 25th July 1907.

2. In exercise of the powers conferred by the notification of the Government of India in the Department of Commerce and Industry, No. 801, dated the 24th March 1905, read in the preamble above, the Railway Board sanction, under section 47, sub-sections (1), (3) and (4), of the Indian Railways Act, 1890 (IX of 1890), and in supersession of the rules annexed to the Government of India, Public Works Department, resolution No. 91 R. T., dated the 28th January 1897, and of all other rules made in this behalf, the adoption, with effect from the 1st May 1908, on the Darjeeling-Himalayan railway, of the accompanying General Rules, Part I, for working the line; also of the modifications and of Part II of the General Rules of 1906 for working open lines of railway and of the modifications therein, cited in paragraph 1 above.

ORDER.—Ordered that this resolution, with the accompanying General Rules, Part I, be published under a notification in Part I of the *Gazette of India* as required by section 47, sub-section (3), of the Indian Railways Act, 1890 (IX of 1890); also that the same General Rules, together with the modifications and Part II of the General Rules of 1906 and the several modifications therein, cited in paragraph 1 above, which have already been published in the *Gazette of India*, be kept open for inspection at railway stations as directed by sub-section (6) of the same section, and that this resolution and its enclosure be communicated to the Secretary to the Government of Bengal, Railway Department, and the Senior Government Inspector of Railways, Circle No. 2, for information.

DARJEELING HIMALAYAN RAILWAY.

PART I.—RULES FOR THE GUIDANCE OF RAILWAY SERVANTS.

CHAPTER I.

PRELIMINARY.

1. In these rules, unless there is anything repugnant in the subject or context,—

(1) "adequate distance" means the distance sufficient to ensure safety, having regard to the local conditions obtaining;

(2) "approved special instructions" mean special instructions approved of or prescribed by the Government Inspector;

(3) "authorised officer" means the person who is duly empowered by general or special order of the Railway Administration, either by name or by virtue of his office, to issue instructions or do any other thing;

(4) "authority to proceed" means the authority given to the Driver of a train, under the system of working, to leave the station with his train;

(5) "ballast train" means a train intended for the carriage of ballast, stone, material or fuel when picked up or put down either between stations or within station limits;

(6) to "block back" means to despatch a message from a station intimating to the next station on either side on a single line, that the

block-section is obstructed or is to be obstructed;

(7) "block-section" means that portion of the running road between two stations on to which no running train may enter until permission to approach has been received from the station at the other end of the section;

(8) the expression "connections," when used with reference to a running road, means the points and crossings or other appliances used to connect such road with other roads or to cross it;

(9) "day" means from sunrise to sunset;

(10) "Engine Driver" means the person for the time being in charge of a working locomotive engine;

(11) "fixed signal" includes a semaphore arm for use by day and a fixed light for use by night;

(12) "fouling point" means the point at which the infringement of fixed Standard Dimensions occurs, where two tracks cross or join one another;

(13) "Ganger" means the person in charge of a gang of platelayers or other workmen employed on the permanent-way;

(CHAP. I.—PRELIMINARY.—RULE 1.)

(14) "goods train" means a train (other than a ballast train) intended solely or mainly for the carriage of animals or goods;

(15) the expression "Government Inspector," when used with reference to any railway, means an Inspector appointed to exercise any functions under the Indian Railways Act, 1890, in respect of that railway;

(16) "Guard" includes a brakeman or any other railway servant who may for the time being be performing the duties of a Guard;

(17) "Inspector of Permanent-way" means the railway servant performing the duties of an Inspector of Permanent-way, by whatever designation he may be known on any particular railway;

(18) "last Stop signal" means the Starting signal or (if there are two Starting signals) the Advanced Starting signal;

(19) "main line" means the line ordinarily used for running trains through and between stations;

(20) "mixed train" means a train intended for the carriage of passengers and goods or of passengers, animals and goods;

(21) "night" means from sunset to sunrise;

(22) "obstruction" or "obstructing" means a train, vehicle or obstacle on or fouling a line, or any condition which is dangerous to trains;

(23) "ordinary train" means a train, whether passenger, goods or mixed, which is entered in the Working Time-tables;

(24) "passenger train" means a train intended solely or mainly for the carriage of passengers and other coaching traffic and includes a troop train;

(25) "permission to approach" means the permission given from a station to a station in rear for a train to leave the latter and approach the former;

(26) "running road" means the track, which may consist of one or more lines with the cross-over roads connecting them, to be used by a train when entering or leaving a station or when passing through a station or between stations;

(27) "running train" means a train which has started under an authority to proceed and has not completed its journey;

(28) "special instructions" mean instructions issued from time to time by the authorised officer in respect to particular cases or special circumstances;

(29) "special train" means any train which is neither an ordinary train nor a ballast train;

(30) "station" means any place on a line of railway at which traffic is booked and dealt with, or at which an authority to proceed is given under the system of working;

(CHAP. I.—PRELIMINARY.—CHAP. II.—SIGNALS—GENERAL PROVISIONS.—RULES 2-5.)

(31) "station limits" mean the portion of a railway which is under the control of a Station Master and includes all traffic lines and premises within 250 feet, above and below the upper and lower points of any station. At stations at which there are no lower points, the lowest limits will be 250 feet from the centre of the station building;

(32) "Station Master" means the person on duty who is for the time being responsible for the working of the traffic within station limits, and includes any person who is for the time being in independent charge of the working of any signals and responsible for obtaining and sending the permission to approach and for giving the authority to proceed;

(33) "station section" means that section of station limits at a Class B station which is included between the facing points and the lower Scotch Blocks.

(34) "system of working" means the system adopted for the time being for the working of trains on any portion of a railway; and

(35) "train" means an engine, with or without vehicles attached.

2. Stations shall, for the purposes of these rules, be deemed to be divided into the following classes, namely:—

Class B stations—where permission to approach may be given for a train before the line has been cleared for the reception of the train within the station section or within the station limits, as the case may be;

Class C stations—block-huts, at which no trains are booked to stop; and

Class D stations—stopping-places or flag stations, which are situated between two consecutive stations of Class B or Class C, and do not form the boundary of any block-section.

CHAPTER II.
SIGNALS.

A.—GENERAL PROVISIONS.

3. The signals prescribed in these rules shall be used for controlling the movement of trains in all cases in which exceptions are not allowed by approved special instructions.

4. The signals to be used for controlling the movement of trains shall be—

disc or fixed signals,
hand signals, and
detonating signals.

5. The signals prescribed in these rules for use by night shall also be used by day in tunnels and in thick or foggy weather. (a)

(a) Ordinary cloud mist is not meant.

(CHAP. II.—SIGNALS—FIXED SIGNALS
—HAND SIGNALS.—RULES 6-11.)

B.—FIXED SIGNALS.

6. Warning Disc Signal is a fixed green disc to be used when caution is necessary.

7. Danger Disc Signal is a fixed red disc to be used as a stop.

8. A Banner Flag is a temporary fixed danger signal consisting of a red cloth supported at each end on a post and stretched across the line to which it refers.

C.—HAND SIGNALS.

9. A Hand signal shall be made—

by day, by showing a flag or hand,
and, by night, by showing a light.

10. The Stop signal shall be given—

by day,—

(a) by showing a red flag, thus—

or

(b) in the absence of flags, by raising both arms with the hands above the head, thus—

and, by night,—

(i) by showing a red light; or

(ii) in the absence of a red light, by violently waving a white light.

11. The Proceed with caution signal must be used when it is intended that a train should proceed slowly, and shall be given—

(CHAP. II.—SIGNALS—HAND SIGNALS.—
RULE 11.)

by day,—

(a) by waving a green flag vertically, thus—

or

(b) in the absence of flags, by waving one arm in a similar manner, thus—

and,

by night, by similarly waving a green light.

(CHAP. II.—SIGNALS—HAND SIGNALS.—
DETONATING SIGNALS.—RULES 12-15.)

Proceed
signal how
given.

12. The Proceed signal shall be given—
by day,—
(a) by holding a green flag steadily,
thus—

or

- (b) in the absence of flags, by holding out
one arm steadily, thus—

Signals for
shunting.

and, by night, by holding a green light
steadily.

13. In shunting operations, signals shall be
given as follows:—

- (1) to move away from the person signalling, a green flag or green light moved slowly up and down.
- (2) to move towards the person signalling, a green flag or green light moved from side to side across the body.
- (3) to slow down, the above signals to be displayed slower and slower until the Danger signal is given.

D.—DETONATING SIGNALS.

Detonating
signals
defined.

14. "Detonating" signals (otherwise known as "Fog" signals) are appliances placed on the rails so as to explode with a loud report when an engine passes over them, for the purpose of attracting the attention of Engine Drivers.

Stocks of
detonators.

15. (1) All Station Masters, Guards, Engine Drivers, Gangers and Gatemen, and all other railway servants on whom this duty is laid by the Railway Administration, must keep a stock of detonators.

(2) Each Railway Administration shall be responsible for the supply, renewal, periodical testing and safe custody of such detonators, and for ensuring that their use is properly understood.

(CHAP. II.—SIGNALS—DETONATING SIG-
NALS.—CHAP. III.—WORKING OF TRAINS
GENERALLY.—RULES 16-24.)

16. In thick or foggy weather, whenever it is necessary to indicate to the Driver of an approaching train the locality of a signal, two detonators must be placed on the line, by a railway servant appointed by the Station Master in this behalf, about ten yards apart and at least one hundred yards outside the outermost signal of the station.

17. (1) Whenever, in consequence of an obstruction of a line, it is necessary for a railway servant to show hand danger signals at some place short of such obstruction, he shall put on the line one detonator, half-way out to such place, and three detonators, about ten yards apart, at such place.

(2) If the said railway servant is recalled before the obstruction is removed, he must leave down three detonators and must on his way back pick up the intermediate detonator.

18. In all cases where the use of detonators is necessary under these rules, on a mixed gauge, detonators must be placed on one rail of each gauge, or on the rail common to both.

19. Detonators must be placed on the line with the label or brand upwards, and must be secured by bending the clasp round the upper flange of the rail.

20. Every railway servant placing detonators on the line must see that they are, when necessary, renewed immediately after a train has passed over them.

21. All signals must be kept ready for immediate use.

CHAPTER III.

WORKING OF TRAINS GENERALLY.

22. The working of trains between stations shall be regulated by the standard time prescribed by the Governor General in Council, which must be sent daily to all the principal stations on the railway.

23. No passenger train or mixed train shall be despatched from a station before the advertised time.

24. Except in accordance with special instructions, no passenger train shall be stopped for the purpose of taking up or setting down passengers at a station at which it is not advertised to call.

NOTE.—Authorized stopping places for passengers, otherwise than recognised stations.

The following only will be observed as stopping places for passengers when they may have occasion to join or alight from a train, and on timely notice being given to the Station Master of the nearest station or to the Guard in charge of train of their desire to stop at any of the undermentioned places. The duration of stoppage at any point should not exceed one minute. The luggage of passengers cannot be either accepted or delivered at any of these stopping places. Passengers must arrange to book

(CHAP. III.—WORKING OF TRAINS GENERALLY.—RULES 25-31.)

and take delivery of their luggage at the nearest Railway Station:—

- | | |
|-----------------------|----------------------|
| 1. Choonbatty Siding. | 6. Dilaram Road. |
| 2. Giddapahar. | 7. Brewery Siding. |
| 3. Clarendon Hotel. | 8. Rungbool Siding. |
| 4. Goethal's Siding. | 9. Wilk's Hall Road. |
| 5. Wood Cot. | 10. West Point Road. |
| | 11. Rose Bank Road. |

25. No train shall be allowed to run unless previous notice has been given, when practicable, to all stations concerned.

26. Where trains are being run on a single line, no train shall be allowed to leave one station for another, until it has been ascertained that the line between such stations is clear of trains coming from the opposite direction and, except as contemplated in Rule 77, of all other known impediments.

27. Where there is a single line, two trains shall not be allowed to enter a station at the same time, but the train having precedence must be admitted first, and the signals applying to the other train must be kept at "danger" until the first train has been brought to a stand at the station.

28.(1) No person other than the Station Master may ask for or give permission to approach or give authority to proceed.

(2) An authority to proceed given to a running train shall lapse as soon as the last vehicle of the train has passed the Station Section.

29. (1) No engine shall be allowed to push any vehicle, except—

- within station limits, or
- as provided in rule 44(3), or
- in accordance with special instructions.

(2) Trains may be pushed on the Reverses on receiving a caution signal from the pointman in charge. The speed to be limited to six miles an hour. All brakesmen must be on the alert.

30. All trains proceeding up-hill must be drawn by an engine running funnel foremost: all trains proceeding down-hill must be drawn by an engine running cab foremost. This rule may only be disregarded

- At the Reverses, see rule 29(2).
- Under a written order issued by the authorised officer.
- Between Ghoom and Darjeeling.

31. (1) Except under special instructions, no engine with vehicles attached shall be despatched from any station without the full complement of Brakesmen.

(2) Every Guard must, except under special circumstances, ride in his own brake-van or braked vehicle.

(CHAP. III.—WORKING OF TRAINS GENERALLY.—RULES 32-36.)

(3) In all cases, the Jemadar Brakesman must be on the last vehicle running on the train including trollies.

NOTE.—One Jemadar Brakesman and 3 Brakesmen are necessary for each train drawn by an A class Engine; and one Jemadar Brakesman and four Brakesmen for each train drawn by a B class Engine.

32. No passenger train or mixed train shall be despatched from any station unless it be provided with means by which a Guard can communicate with, or get access to, every passenger carriage in the train. Means of communication with passengers.

Explanation.—A goods vehicle in which passengers are carried is not a "passenger carriage" within the meaning of this rule.

33. (1) No wagon or truck shall be so loaded as to exceed the maximum gross load on the axles fixed under section 53, sub-section (3), of the Indian Railways Act, 1890, or such less load (if any) as may have been prescribed by the Railway Administration. See Rule 149 and seq. IX of 1890.

(2) Except under approved special instructions, no vehicles shall be so loaded as to exceed the maximum moving dimensions prescribed from time to time by the Railway Board.

34. No vehicle that is not furnished with screw couplings or with a central buffer coupling of approved pattern shall be attached to a passenger or mixed train. Couplings.

35. (1) No vehicle which has been off the line shall be allowed to run between stations until it has been examined and passed by a competent Carriage and Wagon Examiner. Dangerous vehicles.

Provided that, in case of a derailment between stations, the Engine Driver may, if he considers it safe to do so, take slowly to the next station a vehicle that has been off the line.

(2) If a Guard or Station Master has reason to apprehend danger from the condition of any vehicle on a train before it can be inspected by a Carriage and Wagon Examiner, the Engine Driver shall be consulted, and, if he so requires, the vehicle shall be detached from the train.

(3) "Damaged" or "unfit to run" vehicles, should have the following forms pasted on them when found damaged or unfit to run.

(a) The Green Form No. L. C. W. 13 is to be pasted on vehicles when found to have been damaged.

(b) The Red Form No. L. C. W. 14 is to be pasted on vehicles which may be considered unfit to run.

In each case the Station Master, who discovers the damaged vehicles as per (a) and (b), must report this to all concerned.

36. When the load in a truck projects to an unsafe extent beyond the end of the truck, an additional truck shall be attached, to act as a dummy. Dummy truck.

(CHAP. III.—WORKING OF TRAINS GENERALLY.—RULES 37-42.)

Private engines and vehicles.

37. No engine or other vehicle, the property of a private owner, shall be allowed to enter upon the railway, except in accordance with special instructions.

Train-lights.

38. At night, and in thick or foggy weather, other than ordinary cloud mist—

(1) no train shall be worked outside station-limits unless it has—

- (a) the head-lights prescribed by the Railway Administration, which is the "Wells" or other approved pattern; and
- (b) in the case of an engine with vehicles attached, at least one red tail-light; and
- (c) in the case of the failure of the "Wells" light the ordinary white head light, and in the case of a single engine, a red tail lamp; and
- (d) in the case of a single engine the ordinary "Wells" head light.

(2) no engine shall be employed in shunting within station limits or in a siding unless it has the head-lights and tail-lights prescribed by the Railway Administration; and

(3) when a train has been shunted for a following train to pass, the tail-light and side-lights must be dealt with in accordance with instructions given by the Railway Administration.

Tail-board or tail-lamp.

39. In order to indicate by day to the staff that a train is complete, the last vehicle must be distinguished by affixing to the rear of it either a tail-board, a tail-lamp, a red flag or such other device as may be authorised by special instructions.

Limits of speed generally.

40. Every train must be run on each section of the line within the limits of speed sanctioned for that section by special instructions.

NOTE.—The sectional speed sanctioned shall be shown in the Working Time-table, a copy of which shall be supplied on issue to the Government Inspector.

Limit of speed through facing points.

41. No train shall be run through facing points at a speed exceeding 8 miles an hour, or such lower rate as may be prescribed by special instructions:

Provided that, if the points are interlocked with a fixed signal, or are locked in a manner approved by the Government Inspector, trains may run over them at such speed as may be approved by the Government Inspector.

Protection and working of points.

42. Where there are points in the main line at a place which is not a station, provision for the protection of such points, by signals or

(CHAP. III.—WORKING OF TRAINS GENERALLY.—RULES 43-44.)

otherwise, and for working them, shall be made in order to secure the safe working of trains to the satisfaction of the Government Inspector.

43. When a train is to run, without stopping, through any station that is not interlocked, the Station Master of that station, or some railway servant appointed in this behalf by special instructions, must proceed to the facing points and satisfy himself that all facing points over which the train will pass are properly set and locked.

44. A ballast train may be worked only with the permission of the Station Master on each side and in accordance with special instructions.

(1) A Guard or Jemadar Brakesman must accompany each ballast train running on the line.

(a) No person shall be appointed to be a Guard or Jemadar Brakesman of a ballast train unless he has had the necessary experience as a Train Guard.

(2) The Guard or other person in charge of a ballast train must, before giving the starting signal, require the coolies working with the train and riding in the open trucks to sit down.

(3) A ballast train may, in accordance with special instructions, be pushed by an engine either when running on the line or when being taken back into the station from which it was started:

Provided that the speed shall not exceed nine miles an hour, or such lower rate as may be prescribed by special instructions.

(4) No ballast train shall be stopped between stations to take up or put down material unless—

(a) the permission of the Station Master of the station next before the place of stopping has been obtained before the departure of the train from that station; and

(b) the Guard or other person in charge of the train has, if practicable, arranged with the Station Master of each station as to place and time at which the next train is to be passed.

(5) When granting any permission under clause (a) of this sub-rule, the Station Master must give such instructions to the Guard or other person in charge of the train as he may consider necessary, and must, if necessary, communicate with the Station Master of the other station concerned.

(6) When a ballast train is intended to run through from one station to another, without stopping, it must be treated as a special train.

(CHAP. III.—WORKING OF TRAINS GENERALLY.—RULES 45-49.)

(7) When ballast wagons are left on a siding outside station limits, the Guard or other person in charge of the train must secure a wheel of the wagon nearest to the points of the siding, and must see that the wagons are otherwise properly secured in accordance with such directions as may be issued by the authorised officer, and that scotch blocks, where provided, are fastened.

45. Before a ballast train is moved, the Engine Driver must give two clear whistles at an interval of half a minute, as a warning to the coolies that the train is about to move.

46. Shunting operations shall be controlled by Hand signals, or by verbal directions, as occasion may require.

47. No vehicle shall be moved so as to foul or obstruct any running road unless the previous sanction of the Station Master has been obtained.

48. When any vehicle is being shunted on a steep gradient, the railway servant in charge of the operation must see that a sufficient number of brakes are put on, that sprags or hand-scothes are used when necessary, and that all necessary precautions are taken to prevent the vehicle getting out of control.

49. Whenever any hand shunting has to be done or any vehicles have to be detached at stations, or intermediate sidings, the scotch block at the lower end of the station or siding must be locked across the rail. When the operations are completed the Scotch block must be carefully locked back clear of the line. The responsibility for seeing that the rule is carried out is determined in the following manner:—

(a) At stations when the hand shunting or detaching of vehicles are not in connection with any train to which a Driver is attached, the responsibility rests with the Station Master.

(b) When the hand shunting or detaching of vehicles is in connection with a train to which a Driver is attached both the Station Master and the Driver will be each held personally responsible for the due observance of the rules.

(c) At intermediate sidings the responsibility rests on the Driver alone.

(d) Scotch blocks have been fixed and each block has been supplied with a good padlock (similar to those supplied to Switch-slide-clamps at intermediate sidings, between stations and the key for those Scotch blocks is similar to those supplied for Switch-slide-clamps).

(CHAP. III.—WORKING OF TRAINS GENERALLY.—TRAINS STOPPED BETWEEN STATIONS BY ACCIDENT, FAILURE OR OBSTRUCTION.—RULES 50-53.)

50. Loose shunting of, or against, vehicles containing passengers, explosives or live-stock shunting is prohibited.

51. In case of accident to the line or to any train, or of failure or interruption of electric connections, trains must be worked between stations in accordance with special instructions.

Working in case of accident or failure of electric connections.

(1) When telegraphic communication is interrupted between any two stations, and the usual "Line-clear" message cannot, in consequence, be obtained direct, every effort must be made to obtain it by communicating through the station next beyond or next back, but should the interruption be of such a nature as to render this impossible, the Station Master may allow a train to proceed under a caution order (green form), provided that no train is due in the opposite direction, and that the Station Master has reason to believe that the line in the direction in which the train is proceeding is clear. This caution order to proceed must state fully the reason why "line clear" has not been obtained, and must restrict the speed to 7 miles an hour.

(2) In total interruption of telegraphic communication on any section trains booked out by the District Traffic Superintendent's Office running to the working time table should be adhered to. Any special train advertised should only run as a following train, and this will be noted on the line clear of the preceding train.

(3) Signallers should note that when reporting interruptions, contacts, &c. the advice of such should be signalled to the addresses as follows.

To A. S. Copy G. M.; D. T. S. and I. T. M.

52. The localities where main line Scotch blocks have been fixed, should, at all times, be approached (by trains or trollies) with caution, in case the blocks may have been tampered with by outsiders, &c.

Scotch blocks to be approached with caution.

TRAINS STOPPED BETWEEN STATIONS BY ACCIDENT, FAILURE OR OBSTRUCTION.

53. When a train is stopped between stations, the Guard (or Driver) in charge of the train must, unless the stoppage will only be one for a few minutes, immediately ascertain the cause; and, if the stoppage is other than incidental or authorised, and if he finds that through accident or for any other reason the

Train stopped between stations.

(CHAP. III.—WORKING OF TRAINS GENERALLY—TRAINS STOPPED BETWEEN STATIONS BY ACCIDENT, FAILURE OR OBSTRUCTION.—RULE 53.)

train cannot proceed, the following action shall be taken, namely:—

- (1) the said Guard (or Driver) must immediately either himself go back or send a qualified person back, to protect the train;
- (2) the person so going back to protect the train must plainly show his hand Danger signal to stop any approaching train, and in addition to his hand signals must take detonators (to be used by day as well as by night), and must place them upon the line on which the stoppage has occurred, as follows, namely:—
 - (a) one detonator, 150 feet from his train, to be placed on the way out; and
 - (b) three detonators, ten yards apart, not less than 100 yards from his train, or at such distance as has been fixed by special instructions;
 and must also continue to show his hand Danger signal, to stop any approaching train, until he is recalled;
- (3) when such person is recalled, he must leave down three detonators, and must on his way back pick up the intermediate detonator;
- (4) the Engine Driver must at once show a Danger signal to the front, and must proceed to protect the train in front in the manner prescribed in clauses (2) and (3), either by going himself or by sending his Fireman or some other qualified person;
- (5) When the line is blocked by slips, or any other cause, and it is necessary to return a train,—after ascertaining that the line is clear and when it is not possible to send a qualified person back as prescribed in sub-rules (1), (2) and (3), the Driver must in such a case proceed very cautiously and have his train protected by a brakesman on foot preceding the train by at least 100 yards with a red flag or lamp, and in addition at least 3 detonators. These detonators are to be laid on the line at once if a train is heard approaching. Both trains must stop at once on hearing the report of a detonator.

(CHAP. III.—WORKING OF TRAINS GENERALLY—TRAINS STOPPED BETWEEN STATIONS BY ACCIDENT, FAILURE OR OBSTRUCTION.—RULES 54-57.)

- (6) This rule does not apply to trains stopped within station limits or to incidental stoppages made under instructions from the Station Master of the preceding station.

54. (1) If more than one train should approach a train or a portion of a train stopped or left on the line outside station limits, the Guard in charge of the train which last arrives, or, if there be no Guard, the Driver of such train, must see that the precautions prescribed by rule 53 are taken for the protection of such train in the rear.

(2) When such precautions have been taken, all persons who went out to protect in the rear any train except such last train as aforesaid may return to their own trains.

55. If the engine is for any reason unable to proceed, the Guard in charge of the train shall send advice to the nearest station, stating the nature and cause of the accident, and, if assistance has been asked for, he shall not allow the engine or any portion of his train to be moved until such assistance arrives, provided that if the train is subsequently able to move it may do so at walking pace, but not unless a man has been sent with hand signals and detonators to protect the train, such man keeping at least 100 yards in advance of the train, the other end of the train being protected in a similar manner.

56. If any light engine should, while on the line outside station limits, be unable to proceed, the Engine Driver must see that the precautions prescribed by rule 53 are taken for the protection of the engine, both in front and rear, employing the Fireman or some other competent person to assist him.

57. (1) If any portion of a train should, while in motion, become detached,—

- (a) the Engine Driver must use his judgment to keep the front portion in motion if possible until the rear portion has been brought to a stand, so as to avoid the chance of a collision between the two portions, and
- (b) the Guard or Brakesman in the rear portion must promptly apply their brakes and do all they can to prevent a collision with the front portion, or a run away back.

(2) As soon as the rear portion of the train has been brought to a stand, the Guard in charge of the train must protect that portion, in accordance with rule 53, both in front and rear.

(CHAP. III.—WORKING OF TRAINS GENERALLY.—TRAINS STOPPED BETWEEN STATIONS BY ACCIDENT, FAILURE OR OBSTRUCTION.—RULES 58-59)

58. (1) When a train, stopped between stations, has to be divided in consequence of an accident or the inability of the engine to take the whole train forward, the Guard or Driver in charge of the train must, before uncoupling, put down the brakes, and must, if necessary, otherwise carefully secure the rear portion of the train to ensure its remaining stationary.

The rear vehicle must always be secured by a sprag or wedge independent of the brakes.

(2) If the engine is capable of proceeding either with or without vehicles, the said Guard shall give permission to the Engine Driver to uncouple and proceed to the next station, and may, if he thinks fit, give him written instructions to return on the same line.

(3) When the said Guard or Driver has taken action under sub-rule (2), he must immediately take steps to protect the rear portion of his train in accordance with rule 53.

(4) At night, or in thick or foggy weather as soon as the engine, whether with or without vehicles, is drawn forward, the said Guard must see that a white light is shown on the front vehicle of the rear portion of the train.

(5) When the front portion of the train is taken forward, a brakeman must, if it is practicable and safe to do so, ride upon the last vehicle of the said front portion of the train until it reaches the next station; but no tail-lamp or tail board shall be placed on it.

(6) When, under the written instructions referred to in sub-rule (2), the engine is to be brought back, the Guard or Brakeman in charge of the train must, until the arrival of the engine, continue to take the precautions prescribed in rule 53, for the protection in rear of the portion of the train left on the line, and shall not permit a following train to move any of the vehicles under his charge.

(7) The Engine Driver shall not bring his train back on the same line unless he has received written instructions, under sub-rule (2), from the Guard in charge of the train to do so.

(8) In case of Fire, the first precaution to be taken is to secure the wheels of the last vehicle by a sprag, or wedge, independent of the brakes and then detach the wagon or wagons on fire, spragging them also.

59. Large trollies running unattached to trains are to be treated as "special" trains.

(a) When running the large trollies, every effort should be made to act up to the rules, and 16 miles an hour should be the maximum speed on fairly straight lengths on the hill section. On curves, &c., speed should be reduced to a safe limit.

(CHAP. IV.—SYSTEMS OF WORKING—CLASS B STATIONS—SINGLE LINES—CLASS C STATIONS.—RULES 60-65)

CHAPTER IV.

SYSTEMS OF WORKING.

60. (1) All trains working between stations must be worked on one or other of the following systems, namely:—

- (a) Line Clear and Caution Message;
- (b) Following Trains;
- (c) Train-staff and Ticket;
- (d) Pilot Guard; or
- (e) One engine only.

(2) The Systems sanctioned for use on the Darjeeling-Himalayan railway are "Line Clear and Caution Message" or Combined Line Clear and Pilot Guard System. These must always be used unless circumstances make it necessary to work under "Special Instructions."

CLASS B STATIONS.—SINGLE LINES.

61. The line shall not be considered clear, and permission to approach shall not be given, unless the whole of the last preceding train has arrived at the place at which trains usually come to a stand.

62. Obstructing the line, outside the facing points, in the direction of an approaching train, shall be permitted only under special instructions which take into consideration the speed, weight and brake-power of trains, the gradients, the position of the protective hand signals and the distance from which these signals can be seen by the Driver of an approaching train.

63. If the special instructions referred to in rule 62 are obeyed, and if the necessary signals are kept "on," shunting may be carried on continuously—provided the Scotch Blocks are the proper position.

64. Obstructing the line between the station section and the outer signal shall not be permitted unless a railway servant specially appointed in this behalf by the Station Master is in charge of the operation, and unless—

- (a) the block section into which the shunting is to take place is clear of an approaching train; or
- (b) if an approaching train has arrived outside the station, the Station Master has personally satisfied himself that the train has been brought to a dead stand:

Provided that the line may not be obstructed under clause (b) in thick or foggy weather, or in any case unless authorised by special instructions.

CLASS C STATIONS.

65. The line shall not be considered clear, and permission to approach shall not be given, unless the whole of the last preceding train has passed and is continuing its journey.

(CHAP. IV.—SYSTEMS OF WORKING—THE
SECTION CLEAR SYSTEM—THE LINE
CLEAR AND CAUTION MESSAGE SYSTEM.
—RULES 66-69.)

THE SECTION CLEAR SYSTEM.

Essentials and
application of
the Section
Clear system.

66. (1) Where trains are worked on the Section Clear system,—

- (a) no train shall be allowed to leave a station unless permission to approach has been received from the station ahead, and
- (b) such permission shall not be given unless the line is clear up to the first Stop signal of that station.

(2) The said system is applicable only to Class B stations; and to single lines only, unless otherwise authorised by approved special instructions.

THE LINE CLEAR AND CAUTION MESSAGE SYSTEM.

Essentials of
the Line
Clear and
Caution
Message
system.

67. Where trains are worked on the Line Clear and Caution Message system, no train shall be allowed to leave a station, unless—

- (a) permission to approach has been obtained by telegram from the station ahead, and
- (b) the Engine Driver has been given a written authority to proceed, certifying that the line on which he has to travel is either—
 - (i) absolutely clear of trains; or
 - (ii) occupied only by trains running in the same direction at time intervals.

Conditions
under which
permission to
approach may
be given.

68. Such permission to approach shall not be given unless, either—

- (1) the line on which the train is to travel is absolutely clear of trains and all other known obstructions, and the whole of the preceding train has passed inside the station section or has arrived at the place at which trains usually come to a stand, or
- (2) the line on which the train is to travel is occupied only by a train running in advance in the same direction, at an adequate interval of time, and a line has been prepared in the station for the reception of the train running in advance.

Nature of the
authority to
proceed.

69. (1) In case (1) of rule 68, the authority to proceed referred to in rule 67 shall be a Line Clear Certificate stating that the line is clear.

(2) In case (2) of rule 68, the said authority to proceed shall be a Caution Certificate stating—

- (a) that the line is occupied only by trains

(CHAP. IV.—SYSTEMS OF WORKING—THE
LINE CLEAR AND CAUTION MESSAGE SYS-
TEM.—RULES 70-72.)

running in advance in the same direction at time intervals; and

- (b) the time of the departure of the said train, and the place at which it will next stop.

The line clear certificate referred to in general rule 66 is a copy of the telegraphic message from one station to another, stating that the line between the two stations is or will be (when certain conditions specified in the message have been fulfilled) clear of all trains and of all other known impediments for the passage of a particular train. The telegraphic message must only be despatched as a reply to an enquiry received from the station from which a train is to start.

70. An authority to proceed shall not be granted at any station in case (2) of rule 68— unless the preceding train has been given a clear 5 minutes start.

71. (1) Every authority to proceed shall be delivered by the Station Master, or by some railway servant appointed in this behalf under special instructions,—

- (a) to the Engine Driver, if the train runs through the station without stopping, or
- (b) to the Guard in charge of the train, if the train stops at the station.
- (c) to the Engine Driver, if there be no Guard in charge of the train.

(2) When an authority to proceed is delivered to the Engine Driver under clause (1) (a) of this rule, a duplicate shall be given to the said Guard.

(3) When an authority to proceed is delivered to the said Guard or Driver under clause (1) (b) and (c) of this rule, it must be either—

- (i) handed personally to the Engine Driver, or
- (ii) countersigned by the Guard, and then handed to the Engine Driver either by the Station Master or by some railway servant appointed in this behalf by special instructions.

(4) An authority to proceed shall not be handed to the Engine Driver under sub-rule (3)—

- (i) until the train is nearly ready to start, or
- (ii) if the train is waiting to pass another train—until the whole of the latter train has come in and is clear of the running road for the former train.

72. (1) When an authority to proceed is delivered to the Engine Driver under clause (1) (a) of rule 71, the Station Master must see—

- (a) that it is properly filled up ;

(CHAP. IV.—SYSTEMS OF WORKING—THE
LINE CLEAR AND CAUTION MESSAGE SYS-
TEM—THE FOLLOWING TRAINS SYSTEMS.—
RULES 73-77.)

- (b) that the date and time of the receipt of the line-clear or caution telegram upon which it is based are noted thereon;
 - (c) that it applies to the particular train to which such telegram refers, and
 - (d) that it is signed in full and in ink.
- (2) When an authority to proceed is delivered to the Guard in charge of the train under clause (1) (b) of rule 71, he must, before it is handed to the Engine Driver, satisfy himself on the several points mentioned in sub-rule (1) of this rule.
- (3) Whether the train stops or runs through a station, the Engine Driver must satisfy himself, so far as he may be able to do so, on the several points mentioned in sub-rule (1) of this rule, and if he finds that any of them are not complied with he must not proceed with his train until the mistake or the omission is rectified.

73. Obstructing the line outside the facing points in face of an approaching train followed by another train for which a permission to approach has been given is prohibited.

74. At a station where an approaching train is not being followed by another train, shunting shall not be carried on except where the special instructions referred to in rule 62 are obeyed, and the necessary signals are kept "on," in accordance with rule 64.

THE FOLLOWING TRAINS SYSTEM.

75. Where trains are worked on the Following Trains system, they may be despatched from one station to the next, following each other in succession in the same direction on the same line at intervals of 5 minutes, until it has been mutually arranged by telegraph between the Station Masters at either end of the section that such succession is to cease.

76. Trains shall not be worked on the Following Trains system unless the Station Master of the station ahead has telegraphed his readiness to receive the trains, and has given his assurance that no train will be allowed to leave his station for the station from which the Following Trains are to be despatched until the latter have all arrived at his station and until he has received permission to despatch trains in the opposite direction.

77. When the Following Trains system is adopted, the following conditions must be observed, namely:—

- (a) no train shall be allowed to start until the Engine Driver has been given a written authority to proceed and a written acknowledgment thereof has been obtained from him, the train being stopped for the purpose, if not booked to stop;

(CHAP. IV.—SYSTEMS OF WORKING—THE
FOLLOWING TRAINS SYSTEM—THE TRAIN-
STAFF AND TICKET SYSTEM.—RULES 8-80.)

- (b) the authority to proceed shall state the time of the actual departure of the preceding train, the place at which it is next to stop;
- (c) the Engine Driver of each preceding train must have been informed of the fact that a train will follow, and of the probable period which will elapse before the following train will be allowed to start;
- (d) a train shall not be allowed to follow another from a station unless there has elapsed, since the departure of the previous train, an interval of not less than 5 minutes in daylight or after dusk 15 minutes, or such shorter interval (if any) as may be fixed by special instructions;
- (e) all the trains shall be timed to run at the same speed, and such speed shall not exceed 12 miles on the Hill, and 16 miles on the Terai Section an hour, except under special instructions;
- (f) no shunting shall be carried on while following trains are approaching, and
- (g) the actual time of the departure of each train must at once be intimated by telegraph to the station ahead, and the actual time of arrival of each train must at once be intimated to the station in rear.

78. Rules 71 to 73 shall apply to working on the Following Trains system.

79. When it is intended that no more following trains shall be despatched in the same direction, the Station Master shall intimate such intention by telegraph to the station ahead, after which no more trains in either direction may be despatched between the two stations until the last train has arrived at the station ahead and the line has been cleared between the two stations.

THE TRAIN-STAFF AND TICKET SYSTEM.

80. Where trains are worked between two stations on the Train-staff and Ticket system—

- (a) a single Train-staff must be kept at one of such stations, and
- (b) no train shall be permitted to start from either of such stations to the other unless the said Train-staff is at the station from which the train starts and has either been handed to or shown to the Engine Driver by the Station Master when giving such permission.

Application of certain rules.

Cessation of working on the Following Trains system.

Essentials of the Train-staff and Ticket system.

(CHAP. IV.—SYSTEMS OF WORKING—THE
TRAIN-STAFF AND TICKET SYSTEM.—
RULES 81-85.)

System
where
applicable.

81. Trains may be worked on the Train-staff and Ticket system only when the line is single and only between such stations as have been declared by special instructions to be staff-stations.

General
conditions.

82. Trains shall not be allowed to follow one another in the same direction between staff-stations, unless the Engine Driver has been properly warned of the time of departure of the preceding train and of the place at which it will next stop, and

(1) in the case of a passenger train to follow a goods train, or a goods train to follow a slow passenger train, an interval of 5 minutes by daylight or 15 minutes after dusk has elapsed since the departure of the preceding train, and

(2) in any other case, either—

- (i) it has been ascertained that the preceding train has arrived at the next station in advance, or
- (ii) an interval of 5 minutes has elapsed since the departure of the preceding train.

Engine
Driver
to have staff
or ticket.

83. No train shall be started from a station unless the Engine Driver has in his possession to be carried with him on the journey, either the Train-staff or a Train-staff Ticket, for the section of the line over which the train is about to travel.

Staff or ticket
by whom to
be delivered
to Engine
Driver.

84. The Train-staff or Train-staff Ticket shall be delivered to the Engine Driver by the Station Master or by some railway servant appointed in this behalf by special instructions.

Staff or ticket
when to be
delivered to
Engine
Driver.

85. (1) When no other train is intended to follow before the Train-staff will be required for a train running in the opposite direction, then, subject to the provisions of sub-rule (3), the Train-staff shall be delivered to the Engine Driver.

(2) When other trains are intended to follow before the Train-staff can be returned, then, subject to the provisions of sub-rule (3), a Train-staff Ticket, indicating that the Train-staff is following, shall be delivered to the Driver of each train except the last; and the Train-staff shall be delivered to the Driver of the last train.

(3) When a train is assisted by a second engine in the rear, a Train-staff Ticket shall be delivered to the Driver of the front engine and the Train-staff shall be delivered to the Driver of the rear engine:

Provided that, if both the engines attached to the train are to travel over the entire length of line to which the Train-staff applies, and the train is to be followed by other trains, a Train-

(CHAP. IV.—SYSTEMS OF WORKING—THE
TRAIN-STAFF AND TICKET SYSTEM.—
RULES 86-90.)

staff Ticket shall be delivered to the Driver of each of the engines attached to the first-mentioned train.

(4) When a train is assisted by a second engine in the front, the Train-staff or a Train-staff Ticket, as the case may be, must be delivered to the Driver of the leading engine.

(5) When a ballast train has to stop between stations, the Train-staff shall be delivered to the Engine Driver.

(6) The Train-staff or a Train-staff Ticket shall not be delivered to the Driver of any train until the train is ready to start.

(7) The Engine Driver shall not accept a Train-staff Ticket unless he sees the Train-staff at the same time in the possession of the person who delivers the Ticket to him.

86. When the Train-staff is delivered to the Driver of a train, he shall place it in a conspicuous place provided for the purpose on the engine.

87. When the Train-staff has been taken away from a station by the Driver of a train, no other train shall be started from that station to follow the first-mentioned train until the Staff has been returned to the station.

88. (1) Upon the arrival of a train at the station to which the Train-staff or a Train-staff Ticket extends, the Engine Driver must immediately give the Staff or Ticket to the Station Master, or to some railway servant appointed by special instructions to receive it.

(2) The person to whom any such ticket is so delivered must immediately cancel the same.

89. (1) If an engine which carries the Train-staff breaks down between two stations, the Fireman must take the Staff to the staff-station in the direction whence assistance can best be obtained, in order that the Staff may be available at the station for delivery to the Driver of the assisting engine.

(2) If an engine which carries a Train-staff Ticket breaks down between two stations, assistance must ordinarily be obtained only from the station at which the Train-staff has been left. But if assistance can more readily be obtained from another station in the opposite direction, immediate steps must be taken to have the Staff transferred to the other end of the section.

(3) Whenever an engine has broken down between two stations, the Fireman must accompany the assisting engine to the spot.

90. Train-staff Tickets must be kept in a ticket-box provided for the purpose and fastened by an inside spring, the key to open the box being the Staff to which the tickets apply.

(CHAP. IV.—SYSTEMS OF WORKING—THE
TRAIN-STAFF AND TICKET SYSTEM—
THE PILOT GUARD SYSTEM.—RULES 91-95.)

91. The Train-staff, when at a station, shall not be left in the box, but must be kept by the Station Master in safe custody.

(1) Each Train-staff must have shown upon it the name of the staff-station at each end of the portion of line to which it applies.

(2) The Train-staffs and Train-staff Tickets and boxes for the different portions of the line must be distinguished by different colours.

(3) "Up" and "down" Train-staff Tickets must also have distinguishing marks.

93. Every Train-staff Ticket shall be in the following form:—

Ticket No. _____ Railway.	
TRAIN-STAFF TICKET.	
Down (or Up).	
Train No. _____	_____
_____ h _____ m.	From _____ to _____
To ENGINE DRIVER AND GUARD.	
You are authorised to proceed from _____	
to _____	
and the Train-staff will follow.	
Train No. _____	_____ in front left _____ h _____ m
Signed _____	
Station Master at _____	
Date _____	

(Back of ticket.)

The Engine Driver shall not accept this ticket unless he sees the Train-staff for the portion of line which he is about to enter.

This ticket is to be given up by the Engine Driver immediately on arrival to the Station Master or other person authorised to receive it, and such person must immediately cancel it.

94. The Station Master must keep a record in a book of each Train-staff Ticket issued, showing the number of each ticket and the particular train for which it was issued.

THE PILOT GUARD SYSTEM.

95. Where trains are worked on the Pilot Guard system,—

(a) a railway servant (hereinafter called a Pilot Guard) must be specially deputed to pilot trains, and

(b) no train shall be allowed to leave a station except under the personal authority of the Pilot Guard.

(CHAP. IV.—SYSTEMS OF WORKING—
WORKING OF TRAINS ON THE COMBINED
"LINE-CLEAR AND PILOT GUARD" SYSTEM.—
RULES 96-100.)

WORKING OF TRAINS ON THE COMBINED "LINE-CLEAR AND PILOT GUARD" SYSTEM.

96. This system will only be used when trains are booked to cross at intermediate stations where there is no telegraph office. Application of system.

97. Trains may follow one another in the same direction between stations subject to the conditions prescribed in this Chapter, in addition to those prescribed in rules 67 and 68. Following trains.

98. The Pilot Guard must be distinguished by a red badge. Pilot Guard's dress or badge.

(a) No train shall be started from a station unless the Driver has, in his possession, a line clear certificate or caution certificate, and unless the Driver sees that the train is accompanied by, or that the signal for starting is given personally by the Pilot Guard wearing the badge prescribed by rule 98.

(b) Every train must come to a dead stop where a Pilot Guard has to be picked up or let down.

99. Except as herein provided, the Pilot Guard must accompany every train, and must in all cases ride on the engine. Trains to be accompanied or personally started by Pilot Guard.

Provided that, when it is necessary to start two trains from a station following one another under rule 77, the Pilot Guard shall accompany the last train and shall personally give the signal for starting the prior train.

100. (1) When the Pilot Guard does not accompany any train, he shall, before giving the signal for starting, deliver to the Guard in charge (or, if there be no Guard in charge, to the Driver) a Pilot Guard's ticket (on a printed form) properly filled up and signed. Pilot Guard's ticket.

(2) Every such ticket shall apply only to the single journey to the station named on it.

(3) If the train is in charge of a Guard, he shall, before the train is started, deliver the ticket to the Driver.

(4) All the "Line-clear and caution message" given under these rules will have printed upon them the word "Pilot" in large red letters on the white form and black letters on the red form.

(5) All Pilot Guard's tickets will be sent in by the Drivers attached to his journal.

EXAMPLES—

(a) If Mahanudy asks Kurseong, "line clear" for the Up Mail, and Kurseong, to avoid detention to a Down

(CHAP. IV.—SYSTEMS OF WORKING—
WORKING OF TRAINS ON THE COMBINED
“LINE-CLEAR AND PILOT GUARD” SYSTEM
—RULE 101.)

train, gives “line-clear” to Giddapahar Siding only, the Pilot Guard at Mahanudy, under the instructions of the Station Master, must start and accompany the Up Mail, having in his possession a written order on “line-clear” (Form T5) for the train coming from the opposite direction, which should be worded thus:—

“On arrival of No. 1 Up Mail at Giddapahar Siding, line will be clear for No. 4 Down Goods” and so on.

- (b) If Teendaria wishes to send forward a train with extra wagons to Choonbatty to be followed by the Down Mail which attaches these wagons at that station, and Rungtong at the same time wishes to despatch an Up train as far as Loop No. 2, the procedure will be as follows:—

Teendaria would ask Rungtong for return line-clear to Choonbatty, and on arrival of Down Mail at Choonbatty the engine would return to Teendaria. The Pilot with caution line-clear for Up train proceeds to Loop No. 2, by Down Mail, and returns to Teendaria by that train from No. 2 Loop.

For two Up trains and one Down train—

- (c) The Pilot Guard leaving Teendaria proceeds by the 24 Down train with two line-clear messages, and on arrival at Choonbatty he hands the one for No. 1 Up to the Driver and then goes on to Loop No. 2 and hands the line-clear to Driver of No. 3 Up and returns to Teendaria with that train.

- (d) Rungtong gives No. 1 Up line-clear to Choonbatty only, and No. 3 Up to Loop No. 2 only, one Pilot Guard accompanies the first train with line clear for No. 24 Down from Choonbatty to Loop No. 2; the latter train with the 2nd Pilot with line-clear from Loop No. 2 to Rungtong.

In the “line-clear” given by Teendaria to No. 3 Up from Loop No. 2, the Driver is informed to follow No. 1 Up cautiously.

The same procedure is adopted for two Down trains and one Up train.

THE ONE ENGINE ONLY SYSTEM.

101. Where trains are worked on the One engine only system, only one engine in steam, or two or more engines coupled together, shall be allowed on the line at one and the same time.

Essentials of
the One
engine only
system.

(CHAP. IV.—SYSTEMS OF WORKING—THE
ONE ENGINE ONLY SYSTEM.—

(CHAP. V.—USE OF ELECTRICAL INSTRUMENTS ON SINGLE LINES—GENERAL PROVISIONS—RULES 102-106.)

102. Trains may be worked on the One engine only system, only on short branch railways having a single line of rails.

103. (1) If a train becomes disabled and requires assistance, or if an accident occurs which renders it impossible for the engine (or, if two or more engines are coupled together, for either or both of such engines) to proceed, the Guard in charge of the train must instruct the Engine Driver to keep the engine stationary until his return, and must then proceed to the station from which assistance can best be obtained, and must inform the Station Master thereof of the circumstances.

(2) Such Station Master may then allow another engine to enter the line.

(3) Such other engine must be accompanied by the Guard in charge of the disabled train, who must explain to the Engine Driver where, and under what circumstances, the disabled train is situated.

(4) Such Guard shall be responsible for the safe and proper working of the line until each engine has left it and it is again clear.

(5) If there be no Guard in charge of the disabled train, the Fireman, or, if necessary, the Engine Driver, must perform the duties imposed by this rule on the Guard.

CHAPTER V.

USE OF ELECTRICAL INSTRUMENTS ON SINGLE LINES.

GENERAL PROVISIONS.

104. This Chapter applies only to working on any of the following systems, namely:—

- (a) Absolute Block,
- (b) Section Clear,
- (c) Line Clear and Caution Message,
- (d) Following Trains.

105. Trains can only be worked by means of electric block instruments, except under exceptional circumstances which will be arranged for by “Special Instructions.”

106. Electric speaking or block instruments must be provided at every station except class D stations. These instruments must be of a type approved by the Government Inspector.

(CHAP. V.—USE OF ELECTRICAL INSTRUMENTS ON SINGLE LINES.—GENERAL PROVISIONS.)

SINGLE LINE TOKEN OR BLOCK INSTRUMENTS.

Bell Signals.—The following Code of Signals is to be used, and each signal must be given slowly and distinctly:—

(CHAP. V.—USE OF ELECTRICAL INSTRUMENTS ON SINGLE LINES.—GENERAL PROVISIONS.—RULES 107-108.)

107. (1) Each signal received must be acknowledged by the sending of its authorised acknowledgment.

(2) No signal shall be acknowledged until it is clearly understood.

(3) A signal shall not be considered to be complete until it is acknowledged.

(4) Should the station to which a signal is sent not reply, the signal must be repeated at intervals of not less than twenty seconds until the reply is received.

108. In order to ascertain whether the station in advance is in a position to give a permission to approach to the station in rear, and

(CHAP. V.—USE OF ELECTRICAL INSTRUMENTS ON SINGLE LINES.—GENERAL PROVISIONS.—RULE 109.)

in order to describe the train, the Is Line Clear signal must be sent to the station in advance.

109. (1) All messages despatched in connection with the working of trains, and all written authorities to proceed, shall be written on forms specially provided for the purpose by the Railway Administration.

(2) Such forms shall be bound up in books and kept at each station by the Station Master or by some railway servant appointed in this behalf by special instructions.

(3) Each of such books in use at a station shall contain a certificate, signed by the person by whom the book is kept, showing the number of pages contained therein.

Forms for messages and authorities to proceed and who to despatch.

(CHAP. V.—USE OF ELECTRICAL INSTRUMENTS ON SINGLE LINES—GENERAL PROVISIONS.—RULE 109.)

(4) The pages of each such book shall be progressively numbered in print; and when any telegram, certificate or permission written on any page is cancelled, the whole page, together with the counterfoil, must be marked as cancelled, and the page must be carefully preserved by doubling it on the counterfoil.

(5) Besides the progressive number and the serial number for the day every sent line clear or caution message must be allotted a private number by the Station Master or Signaller-in-charge on duty who signs the entry in the train message book.

(6) The private number will form part of the body of the line clear or caution message, and will be signalled as the last word in it. It must be duly recorded in the train message book of the station to which the line clear or caution message is signalled.

(7) Private numbers will not be given to any train messages other than line clear or caution messages.

(8) A private number allotted to a line clear or caution message subsequently cancelled, must not be reallocated: a fresh number must be given to each despatched line clear or caution message, whether cancelled or not.

(9) The object of the private number is to prevent the record, at a station despatching a train of a line clear or caution message as received, which has not been actually signalled.

(10) No line clear or caution message must be signalled, and no line clear or caution message must be received as valid without a private number, as the last word in the body of the message.

(11) The private number sheets are supplied by the District Traffic Superintendent, and are used in the following manner:—

One sheet only must be in use at a time. Numbers must be allotted to the successive despatched line clear or caution message in the order in which the numbers are printed in the sheet in use; and each number, as allotted, must be marked off with a line diagonally through it.

The numbers are printed in groups of five, and any numbers of a group of five, which have not been allotted up to 24 hours must be cut through vertically. The next day's date must then be written at the head of the next group of five, and each number be scored off diagonally, as used, during the next 24 hours: and so on till the sheet is exhausted.

(CHAP. V.—USE OF ELECTRICAL INSTRUMENTS ON SINGLE LINES—GENERAL PROVISIONS.—RULES 110-111.)

The numbers will be used in their consecutive order irrespective of the direction in which the trains are running.

(12) The number sheets must be kept in the Station Master's or signaller-in-charge's possession under lock and key, when not actually in use; no other person being allowed to see or have access to it. Each sheet as exhausted must be sent in sealed envelope to the District Traffic Superintendent, when it will be replaced by another.

(13) The sheets will be issued by the District Traffic Superintendent. A supply sufficient for one month (each sheet containing 200 figures) will be given to each Station Master and the sheets issued to each station will be numbered by the District Traffic Superintendent in the order in which he intends them to be used.

(14) When a sheet is being taken into use, the date must be entered above the left hand column, subsequent dates being entered in the space between the groups of five, as laid down in paragraph (11).

(15) The District Traffic Superintendent when visiting stations will be careful to see that the sheets are duly used; that numbers are scored off in proper order as allotted: and that the date is entered before the first number for the day.

(16) Private numbers should be written out as words, not as numerals and should be signalled as words.

(17) When asking and giving line clear for a pilot or light engine the number of the engine must always be given in the message.

110. (1) Every message despatched in connection with the working of a train must distinctly describe the train to which it relates.

(2) For every train a separate inquiry and reply must be sent.

(3) Enquiry for line clear should be despatched on receipt of the out report from the station in rear. In no case must a line clear enquiry be despatched from a station prior to receipt of the out report except at terminal stations or under special working instructions.

111. (1) All messages despatched in connection with the working of trains, and all written authorities to proceed, shall be written up in ink or with some other indelible substance, and shall be signed by the person authorised to despatch or issue the same.

(2) No message or authority to proceed shall be written out, either in full or in part, or signed, until necessary.

(CHAP. V.—USE OF ELECTRICAL INSTRUMENTS ON SINGLE LINES—GENERAL PROVISIONS.—RULES 112-121.)

(3) No message shall be despatched, and no certificate or written permission shall be issued, except by the Station Master or by some railway servant appointed in this behalf by the authorised officer.

112. No part of any message shall be despatched or acted upon until the whole message has been written out, except in view to the prevention of an accident or in some other case of emergency.

113. Messages and authorities to proceed shall be destroyed at such time after issue as may be prescribed by special instructions:

Provided that no message or authority to proceed shall be destroyed in less than a fortnight after issue.

114. When a permission to approach has been cancelled, no train shall be allowed to leave in the opposite direction until a message has been received acknowledging such cancellation and stating that the train for which the permission to approach has been given is and will be detained.

115. The Engine Driver shall not take his train from a station unless he has in his possession, as his authority to proceed, a Line Clear ticket or Caution ticket duly signed by the Station Master.

116. An authority to proceed shall not be delivered to the Engine Driver until the procedure prescribed in the foregoing rules in this Chapter, so far as it is applicable, with such modifications (if any) as may be prescribed under rule 109, has been followed.

117. Except under special instructions, the Line Clear ticket referred to in rule 115 shall be in the form prescribed in rule 109.

118. Whenever, in consequence of the line being under repair, or for any other reason, special precautions are necessary, the Engine Driver must have, instead of a Line Clear ticket, a Caution ticket detailing the reasons for taking such precautions.

119. The Station Master must see that the authority to proceed delivered to an Engine Driver is accurate, and that, when it is in writing, it is complete and is signed in full and in ink.

120. If the train stops at the station, and is waiting to pass another train, the authority to proceed shall not be delivered to the Engine Driver until the whole of the latter train has come in, and is clear of the running road for the former train.

121. An authority to proceed shall not be delivered to the Engine Driver except by the Station Master or by some railway servant appointed in this behalf by special instructions.

(CHAP. V.—USE OF ELECTRICAL INSTRUMENTS ON SINGLE LINES—GENERAL PROVISIONS.—CHAP. VI.—RAILWAY SERVANTS GENERALLY.—RULES 122-128.)

122. If two engines are coupled together, or if one engine is in front and another in rear of the train, the authority to proceed shall be delivered to the Driver of the leading engine.

123. (1) The Engine Driver must see that the authority to proceed is accurate and applies to the section which he is about to enter, and, if the said authority is a ticket, that it is complete and is signed in full and in ink.

(2) If the conditions mentioned in sub-rule (1) are not complied with, the Engine Driver shall not take his train past or from the station until the mistake or the omission is rectified.

CHAPTER VI.

RAILWAY SERVANTS GENERALLY.

124. (1) The authorised officer shall supply to each station, and to each Locomotive Running Shed, a copy in English of the rules for the time being in force on the railway concerned under section 47 of the Indian Railways Act, 1890; and

(b) to each railway servant on whom any definite responsibility is placed by the said rules, and who understands English, a copy of the said rules, or a copy of such portions thereof as relate to his duties.

(2) The authorised officer may, at his discretion, supply to any railway servant who does not understand English a translation, in a language which he understands, of the said rules, or of such portions thereof as relate to his duties.

125. Every railway servant who has been supplied under rule 124 with a copy or translation of rules must produce the same on the demand of any of his superior officers.

126. If any such copy or translation supplied to any railway servant should be lost or defaced, he must apply to his immediate superior for a new one.

127. Every railway servant, whether supplied or not with a copy or translation of the rules relating to his duties, must make himself acquainted with such rules; and the Railway Administration must see that he does so.

128. Every railway servant must assist, whenever necessary, in carrying out the rules for the time being in force under section 47 of the Indian Railways Act, 1890, and must report forthwith to his superior any breach thereof which may come to his notice.

IX of 1890.

(CHAP. VI.—RAILWAY SERVANTS GENERALLY.—RULE 135.)

the specific instructions hereinafter given regarding the details to be supplied in cases of accidents of the various kinds.

4. Every railway servant informing a Station Master of an accident or obstruction should, in the first instance, sign the telegram to "All concerned" as a voucher for its correctness; but it is not necessary that the message when signalled should bear the name or designation of any sender besides the Station Master.

5. Guards, Permanent-way Inspectors and Drivers, should not as a rule, telegraph to "All concerned," but they may send separate messages to the officers of their own Branches, if they consider it necessary to do so.

6. Telegraphic reports of accidents.

Class A.

1. Persons killed, or grievously injured* travelling by train or intending to do so, whether passengers or railway servants.

2. Servants of the railway or of contractors killed or grievously injured while working or walking within railway limits. But slight abrasions or bruises, which are incidental to man's ordinary duties do not come under this head.

3. Trespassers or others within railway limits killed or grievously injured.

4. Collisions between engines, trains, vehicles or trollies.

5. Collisions between trains, one of which carries passengers.

6. Any accident of a description usually attended with loss of human life, with grievous hurt, or with serious injury to property.

7. Damage to the line of such a nature as to render it unsafe for the passage of trains, or to probably cause delay to trains.

8. Serious damage to railway stock, or to public or private property.

9. Derailment of any trains carrying passengers, or any part of such trains. (Engines or vehicles not carrying passengers, which are detached from the body of a train carrying passengers, and are derailed while so detached, should not be classed under this head, but under D. 3.)

10. Averted collisions.

11. Any other unusual occurrence, affecting or likely to affect the safety of persons, or causing or likely to cause serious delay to traffic or mails or damage to the line, works, or railway stock.

On the occurrence of an accident under any of the above heads, the following persons are to be advised by telegraph:—

G. M.

L. O.
D. T. S.

Nearest P. W. I.

Accidents under heads 1, 2, 3, 5, 6 and 9 must be reported by telegraph to the District, Civil, and Police

*The following kinds of hurt only are designated as grievous:—

- (1) Emasculation.
- (2) Permanent privation of the sight of either eye.
- (3) Permanent privation of the hearing of either ear.
- (4) Privation of any member or joint.
- (5) Destruction or permanent impairing of the powers of any member or joint.
- (6) Permanent disfiguration of the head or face.
- (7) Fracture or dislocation of a bone or tooth.
- (8) Any hurt which endangers life, or which causes the sufferer to be during the space of twenty days, in severe bodily pain, or unable to follow his ordinary pursuits.

(CHAP. VI.—RAILWAY SERVANTS GENERALLY.—RULE 135.)

Authorities, and to the nearest Police officer, and accidents under heads 1, 2 and 3 to the nearest medical officer.

All accidents under clause 4, in which passengers or other persons are injured, should also be reported immediately by wire to the medical officer, Tindharia.

All accidents under this head must be reported by the Station Master, in writing, to the senior policeman at his station; where there are no Police, the senior policeman of the nearest place should be advised.

The information which is required to be given, when reporting by telegraph accidents under class A, is as follows, and should be given in the order detailed:—

Mileage at which the accident occurred and the station nearest the spot.

Time and date of accident, and number and description of train or trains.

Nature of accident, and number of people killed or injured as far as known.

Cause of accident.

Probable detention to traffic.

Class B.

1. Running into or over cattle level-crossing gates, or obstruction of any kind.

On the occurrence of an accident under the above head, if damage is done to the line or rolling-stock, the same officer should be advised as in the case of an accident under class A; if no damage is done, the following officers alone should be advised by telegraph:—

G. M.

L. O.
D. T. S.

Nearest P. W. I.

Information to be given when reporting by telegraph accidents under Class B—

Mileage where the accident occurred.

Date of accident and number of train.

Whether the obstruction was removed, or thrown off the line. Nature of the obstruction.

Class C.

1. Passengers, intending passengers, railway servants, or others dying from natural causes, or causes unconnected with the railways in trains on the line at stations, or within railway limits.

2. Dead bodies found on the line.

On the occurrence of a casualty of the above nature, the following officers should be advised by telegraph:—

G. M.

L. O.
D. T. S.

Nearest P. W. I.

Also in cases of death in trains, to the Medical Assistant attached to the railway.

N. B.—The term "Cattle" used here, does not include sheep, goats, pigs, dogs, etc.

Information to be given when reporting by telegraph accident under class C—

Nature of the casualty.

Mileage, if known, at which death occurred.

In cholera cases amongst emigration coolies, the following additional information should also be supplied:—

The place from which the coolie came.

The place to which the coolie was going.

The name of the forwarding agent.

Class D.

1. Vehicles blown away from stations.

2. Trains put on a wrong line.

3. Derailments (within or outside station limits) of engines, vehicles or trains not carrying passengers.

4. Trains parting.

(CHAP. VI.—RAILWAY SERVANTS GENERALLY.—RULE 135.)

5. Fires in trains, or in railway limits, but when there is serious loss of property, this accident comes under class A, 8.

On the occurrence of an accident under any of the above heads the following officers should be advised by telegraph:—

G. M. | L. O.
D. T. S.
Nearest P. W. I.

Information to be given when reporting by telegraph accidents under class D.

3. In the case of derailments—

- Mileage where the accident occurred.
- Cause of derailment.
- Whether or not traffic can be worked through.
- Damage to rolling-stock and Permanent-way.
- How long the line is likely to be blocked.
- Assistance required.

5. In the case of Fires—

- The nature of accident.
- The amount of damage done.
- The nature of the assistance required, if any.

1, 3 and 4.—In these cases—

- The nature of the accident.

Class E.

1. Engine failures—

Engine failures, which do not cause an accident coming under any of the preceding clauses of this paragraph, should be reported by telegraph to—

G. M. | L. O.
D. T. S.
Nearest P. W. I.

Information to be given when reporting by telegraph accidents under class E.

- The nature of the accident.
- The cause which produced it.
- Whether or not assistance is required.

7. Written reports of accidents.—

The railway servant who reports an accident to a Station Master must, without delay, submit a written report giving full details to the officer under whom he is directly serving for transmission to the head of the Branch. The written report should give the fullest particulars regarding the accident on form M. G. 14, and the following details must also be invariably supplied when accidents of the nature to which they refer take place:—

In case of accidents.—Locomotive Superintendent, Tindharis, should be furnished with a copy of telegraphic reports of the accidents class A, 4, 5, 7, 9 and D 3; and E. 1.

In case of death.—Personal description, caste, age and sex; cause of death, if known; number of train travelling by and date; number and class of ticket; and station to and from; number of passengers in the carriage and compartments; property how disposed of; whether body of deceased handed over to the police or buried. If not made over to Police, whether sent to Civil Surgeon or not.

In case of great destruction to public or private property.—The extent and nature of such loss should be stated as far as known.

In case of trains parting.—The cause of the train parting should be given; the position of the vehicle or vehicles of which the couplings gave way; and the extent of damage to stock, if any. In describing the position of any vehicle its place in relation to the engine should be given, thus:—"fourth from the Engine," "Sixth from the Engine," and so on. The total number of carriages in the train should also be stated.

In case of fires in trains.—The position of the vehicle in relation to the engine should be given; the extent of damage, if any, to the vehicle or its contents.

(CHAP. VI.—RAILWAY SERVANTS GENERALLY.—RULE 135.)

In the case of obstruction, placed on the line. The names and descriptions of the persons who are supposed to have put them there, and the measures taken with regard to the latter.

8. In case of a person being run over and killed, the body may be moved clear of the line, provided the position of the corpse is carefully noted before this is done. The body, however, must not be removed from the place where the accident occurred until examined by the police.

9. In all cases of dead bodies found on the line, unless it is known for certain that death was caused by the person being run over, a post-mortem examination will be held by the nearest Civil Surgeon.

10. In case of any serious injury to passengers or employees medical aid must at once be afforded to the sufferers. They must be properly and carefully attended to until removed to hospital, or until handed over to their relatives or friends. A local medical officer should be communicated with if he is nearer than any railway officer.

11. Every facility must be afforded to the Civil Police and Medical officers, to enable them to proceed to the scene of a serious accident.

12. Permanent-way men are responsible that each Station Master is informed of the dwelling of the gangmen living between his station and that on either side.

13. When the assistance of an engine is required between stations, either to convey workmen to the site of an accident or to bring in a train engine which is disabled the Driver and Guard of the disabled train must jointly sign a memorandum to the effect that another engine is required, and on receipt of this memorandum the Station Master will immediately telegraph for the assistance required. After such a memorandum has been signed by the Guard and Driver the engine of the disabled train must, on no account, be moved; and it must be protected according to rules.

14. The assistance of a second engine is on no account to be asked for by any Station Master, unless he has in his possession a memorandum signed by the Guard and Driver, stating that such assistance is required; and no

engine is on any account to be sent to the assistance of a disabled train, between stations, except on the requisition of the Station Master responsible for reporting the accident.

(2) Every railway servant who observes—

- (i) that any signal is defective, or
- (ii) any obstruction, failure or threatened failure of any part of the way or works, or
- (iii) anything wrong with a train, or
- (iv) any defect in the permanent-way, works, or telegraph, or
- (v) that a collision or other accident is imminent, whether on the main line or elsewhere, which may be averted by the timely exhibition of a danger signal, to exhibit the such signal, if it is within his power and means to do so.
- (vi) any unusual circumstance likely to interfere with the safe running of trains or the safety of the public,

must take immediate steps, such as the circumstances of the case may demand, to prevent accident; and, where necessary, must advise the nearest Station Master by the quickest possible means.

(CHAP. VI.—RAILWAY SERVANTS GENERALLY.—RULES 136-45)

136. No railway servant shall interfere with any signal or its fittings or connections for the purpose of effecting repairs or for any other purpose, except with the previous consent of the Station Master or other railway servant in charge of the working of the signal.

137. Every railway servant employed on or connected with shunting operations of any nature, or the movement of trains, must—

- (a) have a correct knowledge of hand signals, and
- (b) have the requisite hand signals with him while on duty.

138. Every railway servant in charge of signals must see that the greatest care is taken in the cleaning, trimming and lighting of signal lamps.

139. No railway servant shall leave any vehicle in a siding outside station limits, unless the vehicle is clear of all running roads and, except under special instructions, unless the wheels thereof are properly secured, or the Scotch Block, if provided, properly locked.

140. No railway servant shall commence any loading, shunting or other operation by which any running road may be fouled or obstructed, without obtaining the previous sanction of the Station Master, or of some railway servant appointed in this behalf by special instructions, who must see that all necessary steps are taken for the protection of traffic while such operation is being carried on.

141. The staff must always be prepared, without previous notice, for the running of trains.

142. Any railway servant who finds on the railway or in any vehicle any article (whether belonging to the Railway Administration or to a private owner) which appears to have fallen from a train or to have been lost, must immediately deliver or send such article to the nearest Station Master, to be dealt with in accordance with special instructions.

143. Every railway servant shall, before leaving the service, give the Railway Administration the notice specified in his agreement (if any), or, if no notice is so specified, then one month's notice in writing.

144. When a railway servant leaves the service he must deliver up to the Railway Administration, or to a person appointed by the Railway Administration in this behalf, any property in his custody which belongs to the Railway Administration.

145. (1) No payment will be made by the Paymaster from the train excepting to the train staff on duty. The rest of the staff will

(CHAP. VII.—STATION MASTERS.—RULE 146.)

only be paid when the Paymaster's trollies run through, in the regular course.

(2) No deduction is to be made from the pay of the staff by the Paymaster, unless the slip or paysheet bears the initial of the General Manager. Any of the staff, obstructing the Paymaster, in reference to payment of such debits, will be severely dealt with. They can however, if they wish, submit, after payment, an appeal, against such deductions, through the Heads of their Branches, and this will have the attention of the General Manager in due course.

CHAPTER VII.

STATION MASTERS.

146. (1) The Station Master shall be responsible for the efficient discharge of the duties devolving upon the several members of the staff employed, either permanently or temporarily under his orders at the station or within station limits; and such staff shall be subject to his authority and directions in the working of the station.

(2) The Station Master shall also be responsible that the general working of the station is carried out in strict accordance with the rules for the time being in force.

(3) The Station Master is personally responsible for the proper keeping of the cash books, and that they contain entries of all moneys received on whatever account: he must sign the books every day, certify the correctness of the entries, and see that the cash has been duly remitted to the cash office.

NOTE TO RULE 146 :—

Rates and Conditions.

For all Fares Rates and Conditions references should be made to the Current Joint Coaching and Goods Tariff published by the E. B. S. Railway, a copy of which should be with every Station Master.

Alterations to Appendices A & B of the General Rules.

References concerning alterations to the Appendices A and B of the General Rules of the Darjeeling Himalayan Railway published in 1908—will be found in the Joint Goods Tariff under the heading "Rules for the Conveyance of Dangerous Goods."

Instructions regarding Transmission of Station Earnings to Darjeeling.

All cash bags with station earnings must be deposited in the travelling cash safe fitted in the Guard's van of the up mail train. The Guard will sign a certificate in the attached form (No. S. N. 62). Each Station Master will be furnished with a book containing these forms. The signature of the Guard must invariably be obtained in ink. Cashier will also grant a certificate to the Station Master, Darjeeling, in the accompanying form (No. S. N. 62 A). This latter form will also be countersigned by the traffic cash witness.

2. The cash will arrive at Darjeeling Station in the travelling cash safe every day by the up mail train. The

(CHAP. VII.—STATION MASTERS.—RULE 146.)

Traffic branch will be responsible for the money until taken over by the Cashier.

3. After the arrival of the mail train, every day, the Station Master of Darjeeling will see that the safe is removed from the Guard's van to the Cash Office, where it will be opened by the Cashier in the presence of a cash witness to be furnished by the Traffic Branch.

4. If any cash bag be found missing in the cash safe, the Cashier and the cash witness will immediately wire jointly to the Station Master who has not sent the bag, forwarding a copy of the Message to the General Manager and also to the Deputy Manager and Assistant Traffic Superintendent.

5. Should any of the bags be found torn or the locks or seals damaged, the Cashier and the traffic cash witness will have the bag examined carefully and note the circumstances and open such bag first, and if after opening, the contents do not agree with the remittance note, a joint telegram from the Cashier and the traffic cash witness should be sent to the forwarding Station Master. In cases of serious discrepancies, copies of such messages should be given to the General Manager and to the Assistant Traffic Superintendent for necessary action.

6. After the cash of one station is taken by the Cashier, the remittance note and the receipt will be initialled by the traffic cash witness. All corrections will also have to be initialled by the latter.

Instructions regarding "Railway or owner's risk."

I.—Staff concerned are required to note that the remark "at Railway Risk" or "at Owner's Risk" must be stamped on all invoices.

In case of failure to enter the remark "at Railway Risk" or "at Owner's Risk" on invoices, the receiving stations shall wire to the forwarding station enquiring whether the consignment is booked "at Owner's Risk" or "at Railway Risk," and the receiving station will be held responsible for the collection of the correct charges.

Instructions regarding irrecoverable under-charges.

II.—When undercharges are irrecoverable, in the absence of special agreement the following rules shall apply:—

In the case of goods invoiced "To pay," the forwarding station shall be responsible that the correct charges are entered on the invoice for the proportion due to the forwarding railway; the receiving station shall be responsible for the proportion due to the receiving railway.

For the charges due to any intermediate railway or railways, if incorrect charges have been entered on the invoice and the error remains undetected before delivery, both the forwarding railway and the railway which effects the delivery shall be responsible for the charge due to intermediate railways in equal division; in all other cases the railway which effects the delivery and collects the charges shall be responsible.

No shortage certificates to be issued when consignments are covered by risk notes.

All Station Masters, goods and booking clerks should note that no shortage certificates for consignments, which are covered by Risk Note should be issued and if any one is found to do so, he will do it solely at his own risk as the Company will not admit liability for such shortage or damage.

Filling in of Risk Note Forms.

Care should be taken to see that the blank space and other particulars provided in the Risk Note forms should be properly filled in by consignors of goods before they are accepted by the staff concerned, and as incomplete documents will not help this and the connected Railways in a court of law, the staff concerned are therefore instructed that under no circumstances must they accept incomplete Risk Note forms from the senders of goods and parcels. The Station Master or Clerks neglecting the above will be held responsible for any loss entailed upon the railway.

(CHAP. VII.—STATION MASTERS.—RULE 146.)

Filling in of Receipt Notes.

Station Masters, Goods Clerks and other staff concerned are instructed that in issuing Receipt Notes to senders or consignors of goods, both in local and through booking, they must invariably fill in the column which is provided in the same. In the case of through consignments proportions due to each line must be shown separately in the Receipt Notes.

Quoting of Rates to the public.

All endeavours must be made by the staff to quote correct rates to the public. Any infringement of this order will be seriously taken up.

Charges for telegrams for rebooking parcels or goods.

Station Masters, Goods and Booking Clerks and others concerned should note that whenever it is necessary to make use of the wire for rebooking a consignment or parcel, at the request of the consignor or consignee (as the case may be) to the forwarding or to some other station, or for tracing parcels or goods, etc., which have been lost or missing, but not booked in the usual way, they must realise beforehand the cost of the telegrams required to be sent in his behalf, and send them, as paid private messages and not on Railway service.

The attention of the staff concerned is also drawn to the following rules which are at present in force:—

"When telegrams are required to be sent enquiring for, or giving directions regarding luggage or property which has been left in any of the railways' waiting-rooms or trains, the cost of forwarding the message must be borne by the owner of the property."

Survey of Tea chest before accepting for carriage.

Consignees of Tea chests demand a survey of the contents of every chest of tea forming a consignment in cases where some of them only bear signs of wet or damage.

Station Masters and Goods Clerks of forwarding stations should carefully examine each consignment before granting a receipt and should note both on the receipt and invoice the numbers of chests on which there is any outward trace of damage so that the responsibility of this and connected railways may thus be minimized.

Carriage of birds and small animals in Crates.

1. On the Darjeeling Himalayan Railway no consignments of birds, small animals, etc., in cages or baskets will be accepted for despatch unless due provision is made by the sender for their food and water and all consignments in which birds, etc., are overcrowded will be refused.

2. Baskets measuring 4 ft. by 2 ft. by 1 ft. must not contain more than 20 fowls or 15 ducks. Consignments for distances of 200 miles and over will not be received unless they are accompanied by an attendant who will feed and water the birds during the journey.

(Note.—All baskets or crates containing birds, etc., should be made sufficiently strong so as to be stacked one above the other without damaging the lower crates.)

Instructions regarding submission of Coaching Returns and Collected Tickets and Pass Returns.

All Station Masters, Guards, Booking Clerks, Ticket Checkers and other staff concerned should note that statements of Coaching traffic and of Collected Tickets and Passes (in forms Nos. S. N. 8 and S. N. 28 respectively) will have to be prepared and submitted separately, viz., former by the Station Masters and Booking Clerks, on the day following the sale of the tickets, and the latter by the Ticket Checkers. The statement of collected Tickets, etc., for the up mail Train will have to be submitted on the date of collection and that of the down mail Train on the day following the collection to the office of the General Manager.

As regards passengers travelling by up and down mixed Trains, the Ticket Checkers will have to prepare and submit separate statements of collected tickets, etc., same as

(CHAP. VII.—STATION MASTERS.—RULE
146.)

in the case of mail Trains. The Station Masters and Booking Clerks will also have to submit separate statements for sale of tickets by these and other Goods Trains.

Goods Trains which have no Ticket Checkers, the Station Masters of the several stations to which passengers are booked, have to collect tickets and submit separate statements of collected tickets on the day following the collection in form No. S. N. 28.

Any irregularity or delay in the submission of the statements by the staff concerned will be taken up in due course.

A supply of forms Nos. S. N. 8 and S. N. 28 will be sent to each Station Master and Ticket Checker, respectively, and all requisitions for future supply should be sent to the office of the General Manager.

Notice to be sent to sending station within six hours of the receipt of damage, deficiency, or loss of goods.

The staff concerned are hereby informed that any damage, deficiency or loss, to consignment of goods, parcels, or luggage, etc., must be notified to the sending and transshipment stations by telegram within six hours of the time at which the wagon containing the goods, etc., has arrived.

Instructions regarding Counterfeit coin.

All Station Masters, Booking and Goods Clerks and other staff concerned are warned that they should be careful to reject counterfeit coin or coin that have been fraudulently altered or have unduly lost weight otherwise than by fair wear and tear, it is open to objection that the coinage of any particular year should be singled out for special scrutiny.

Care should also be taken to scrutinise every Currency Note, and a record should be kept of the numbers. Notes of Rs. 50 and over should when possible, be signed by the tenderers.

Outstandings at Stations.

1. The attention of Station Masters, Goods and Booking Clerks, Signallers in charge is drawn to the following orders:—

2. Every debit, whether arising from error, in charging short remittance of cash, base coin or other cause, is payable by the person through whose fault it has been incurred. It is therefore the duty of Station Masters or other responsible Station Officers, on receiving a schedule of errors, undercharge memo, error sheet, or other advice of debit to ascertain by whom the amount is payable, and see that the following rules are strictly observed.

3. Immediately on receipt of undercharge memo., error sheet, schedule of short remittance, or base coin, or other advice of debit, it should be checked, and the debit, whether admitted or not, must be taken to account in the next Balance Sheet to be submitted to the General Manager's Office.

4. The debit, if admitted, should be paid in, within seven days; if objected to, the grounds of objection, with other necessary details, must be at once reported to the General Manager.

5. Debits on account of base coin, etc., returned by Cashier, and short remittances of cash must be made good at once, and no objection whatever will be entertained for debits of this nature.

6. When debits are due by a subordinate, who has been removed to another station, or who has left the service, the General Manager's office should be advised immediately with a view to realization.

7. Neglect to deal with the undercharge memo., error sheet, and cashier's advices of short remittances, and base coin in the manner stated above will render the person at fault liable to punishment by fine, as well as to having the debit realized from his pay without further reference.

8. The Station Masters must see that all admitted debits are realized and remitted to the Cashier, within seven days, as required by para. 4 but if this is not done, the Station Master should submit the accompanying list (Form

(CHAP. VII.—STATION MASTERS.—RULE
147—148.)

No. 233) not later than 5th of every month, giving the name and designation of the person responsible, otherwise the Station Master, Goods Clerks or Head Booking Clerk will be held responsible for the same and recoveries made accordingly from their pay.

9. A list in Form (No. 232) must be submitted to the Head Office not later than 5th of every month both for goods and coaching debits showing the objected items of all Audit debits and the grounds of objection must be stated fully, brief explanation as "under reference" or "See letter No. " will not be accepted.

10. A list (Form No. T/231) which should contain all goods and coaching outstandings, due to error in accounts, i. e., where two invoices or way bills are issued or received. Invoices issued to wrong destination. Invoices issued "Paid" instead of "To Pay." Invoices issued for goods, etc., withdrawn, should be submitted along with the above returns (Forms No. 233 & 232). The circumstances relative to each case must be reported in full in the list, and the action taken, towards clearance of the items.

11. Goods and parcels lying undelivered over four weeks. —The attached list (Form No. 230) will include goods and parcels both "Paid" and "To Pay" not delivered. Only items over four weeks old should be entered, with full details as to cause of non-delivery. The action taken by the Station Master and Goods or Parcel Clerk towards their clearance should also be stated, viz., if the goods or parcels are on hand, consignee or consignor should be written to, and if no satisfactory replies are received, the General Manager should be referred to, regarding transferring the consignment to the Lost Property Office. If the goods or parcels have not arrived, the forwarding and junction station should be asked for particulars of despatch, etc., and the result reported to the General Manager. Full particulars, with number and date of each letter written, or goods or luggage and parcels return number, etc., must be stated in the list.

12. All the four lists must be compiled from the last Balance Sheet and submitted to the General Manager correctly and punctually every month. If there are no items to be entered in any list, a nil form must be submitted.

147. The Station Master shall see that all signals, all points, all Scotch Blocks, and the whole working machinery of his station are in proper working order, and shall immediately report all defects therein to the proper authority.

(1) All weighing machines belonging to the various stations and goods sheds should be oiled and cleaned and adjusted at least once a month.

(2) All weighing machines should be kept on perfectly level platform as uneven ground interferes with correct weighment.

(3) All application for cleaning and adjusting weighing machines or the weigh-bridge at Siliguri should be made to the District Traffic Superintendent who will arrange with the Loco. Branch.

148. The Station Master must take steps to ensure—

(a) that the switches of all traps, slip-sidings and catch-sidings, when it is not necessary that they should be open, are set against the line which they are intended to protect;

(b) that all points are correctly set, in accordance with special instructions, for the passage of trains or vehicles,

150. An inspection note book must be kept at each station for the remarks and instructions of inspecting officials. This book must be kept in the personal custody of the Station Master, and produced by him on each occasion when any member of the inspecting staff visits his station. The Traffic Officers and Inspectors of Accounts will examine and initial these books each time they visit a station.

151. The Station Master must see that his station is adequately supplied with all necessary equipment for hand-signalling.

152. The Station Master shall daily inspect the station, and see that all rooms, offices, platforms, latrines and other appurtenances are kept neat and clean.

*(This is subject to alteration by the Loco Superintendent.)

(CHAP. VII.—STATION MASTERS.—RULES
153—159.)

153. The Station Master of a station shall be responsible for the security and protection of the property of the Railway Administration at the station.

154. The Station Master must see before he gives the Guard or Driver permission to start a train, that all is right for the train to proceed.

155. Station Masters, and the officer-in-charge of Large Trolleys running under "line clears," are responsible to see that no person other than one of the officials of the railway, travels on such trolleys without first signing the Indemnity Form provided for such persons.

156. When a train is examined by a Carriage and Wagon Examiner at a station, the Station Master shall not give permission to start the train until he has received a report from such Examiner to the effect that the train is fit to proceed.

157. (1) The Station Master must see that every train passing through the station is provided with a tail-board or tail-lamp on the last vehicle.

NOTE.—If a tail-board or tail-lamp be not available, a red flag or other device may be used in accordance with special instructions.

(2) If by day the tail-board or tail-lamp be missing or if by night the tail-lamp be out or be missing the Station Master must immediately advise the station ahead to stop the train, to see that the defect is remedied and to reply saying whether the train is complete or not.

158. The Station Master must see—

- (a) that every railway servant subordinate to him who should be supplied with a copy or translation of these rules under rule 124 duly receives the same;
- (b) that the Working Time-table in force together with all corrigenda and with the appendix thereto (if any), working instructions, and other notices having reference to the working of the line, are properly distributed or exhibited as may be required;
- (c) that both the English and Vernacular sheet time-tables and fare-lists are correctly exhibited at all stations where traffic is booked; and
- (d) that the Indian Railways Act, 1890, and Goods and Coaching Tariffs are available for inspection by the public.

159. The Station Master shall see that all orders and instructions are duly conveyed to the staff concerned and are properly carried out, and that all books and returns are regularly written up and neatly kept.

(CHAP. VIII.—STATION MASTERS.—RULES
160—166.)

(a) Station Masters shall receive their orders from, and report to, such Traffic Officers as may be placed over them by the authorised officer.

160. The Station Master must see that all railway servants at his station behave respectfully and civilly to the public and to passengers of every class. Behaviour of railway servants.

161. (1) The Station Master must see that each member of the platform staff is acquainted with the times of arrival and departure of all passenger trains, so as to render information to the public when required. Assistance to passengers.

(2) Upon the arrival at a station of a train carrying passengers, the Station Master must see that the station servants pay immediate attention to any indication shown by passengers of their desire to receive assistance.

162. The Station Master shall report, without delay, to his immediate superior, all neglect of duty on the part of any railway servant who is under his orders. Report of neglect of duty.

163. All railway servants employed, whether temporarily or permanently, at a station or within station limits, shall, in carrying on their duties connected with the working of the line or station, be subject to the authority of the Station Master. Subordination of Railway servants to Station Master; his general responsibility.

164. The Station Master must see that the shunting of trains or vehicles is carried on only at such times and in such manner as will not involve danger. Shunting.

(1) The Station Master must see that vehicles standing at the station in sidings are properly secured in accordance with special instructions, and that scotch blocks, where provided, are fastened,—

- (a) All vehicles detached from running trains and left in siding are to be secured so as to prevent them from being blown out in a storm or escaping in any other way, by passing a chain under the rail and round one or more of the wheels of the vehicles nearest to the points of the siding in which the vehicles are standing, and then, after fastening the chain by a padlock, coupling up the other vehicles to the vehicle so secured.

165. The Station Master shall be responsible that the doors and windows of all empty compartments are closed when the carriages are standing on a siding, and that all purdas are fastened down. Closing of windows of empty compartments on siding.

166. If any vehicle escapes from a station, the Station Master must take immediate steps to warn the other stations concerned, and, as far as practicable, to prevent accident. Vehicles escaping from station.

167. The Station Master shall be responsible that each train after finishing its journey, and all vehicles shunted off at the station as "empties," are carefully searched.

Accident or
obstruction.

168. (1) When a report of any accident or obstruction is received by the Station Master, he must see that all necessary precautions are taken, by the most expeditious means possible, for the protection of traffic.

(2) If an accident happens to a train, the Station Master must arrange for all necessary assistance to be sent to the train.

(3) The Station Master shall as soon as practicable report each accident in accordance with special instructions.

CHAPTER VIII.

GUARDS.

Time of
attendance of
Guard at
station.

169. Every Guard must be in attendance at the station from which his train is to start, half an hour before the time appointed for the departure of the train, or at such earlier time as may be ordered by the authorised officer.

Drivers and
Guards from
whom to re-
ceive orders.

170. Drivers and Guards shall receive their orders from the Station Master, or from some other railway servant appointed in this behalf by the authorised officer, and must apply to such Station Master or other railway servant for the time tables, equipment and stores referred to in rule 173.

Guard to be
in charge of
train.

171. After an engine has been attached to a train, and during the journey, the Guard or (if there be more than one Guard) the head Guard shall be in charge of the train in all matters affecting the starting, stopping or movement of the train for traffic purposes.

(a) All Guards, Ticket Checkers or others acting as Guards (or Drivers in the case of goods trains) will be held responsible for any theft or loss that may occur to goods, luggage or parcels made over to them, unless they can show that it was occasioned by circumstances beyond their control.

(b) Guards are strictly prohibited from accepting Parcels, etc., which are not entered in their guidances: every breach of this rule should be brought to the notice of the District Traffic Superintendent.

(c) Guards should obtain a receipt for every item delivered by them during a journey and at the termination of a journey; any omission to do so will be taken as presumptive evidence of non-delivery.

(CHAP. VIII.—GUARDS.—RULES 172-176.)

172. When a train is within station limits, the Guards shall be under the orders of the Station Master.

173. (1) Every Guard must have with him, while on duty with his train,—

- (a) a copy of the rules for the time being in force on the railway concerned under section 47 of the Indian Railways Act, 1890, or such portions of them as have been supplied to him under rule 124,
- (b) a copy of the working Time-table in force on the lines over which the train is to run,
- (c) a watch,
- (d) a hand signal lamp,
- (e) a whistle,
- (f) a red flag and a green flag, and
- (g) such other articles, including a sufficient supply of detonators, as may be prescribed by the Railway Administration in this behalf.

(2) If any Guard is not in possession of any article mentioned or referred to in sub-rule (1), he must report the fact to the Station Master of his head-quarters station whose duty it shall be to make good any deficiency.

174. (1) The Guard in charge of a train shall not give the signal for starting the train from a station at which it has stopped until he has received permission from the Station Master.

(2) The Guard in charge of a train with passenger vehicles attached shall not give the signal for starting until he has satisfied himself that no passenger is getting into or out of the train, that no person is riding outside a carriage, and that, except in accordance with special instructions, no person is travelling in any compartment or vehicle not intended for the carriage of passengers.

175. Every Guard, before starting with his train, must examine the notices issued for his guidance, and ascertain therefrom whether there is anything requiring his special attention on the parts of the line over which he has to work.

176. The Guard or Driver when taking over charge of a train must satisfy himself, before the train is despatched,—

- (a) that each vehicle of a train is properly coupled, loaded, and marshalled,
- (b) that the train is provided with the prescribed brake-power, and that all the brakes are in working order,
- (c) that the doors of all carriages and wagons are properly closed,

(CHAP. VIII.—GUARDS.—RULES 177-180.)

- (d) that the train carries all necessary tail-boards and brakevan lamps, and that such lamps are lighted and kept burning brightly when required.
- (e) that the cord or other appliance for communication between the Guard, brakesman and the Engine Driver is in proper working order,
- (f) that all lashings, sheetings, if any, and chains are secure,
- (g) that the doors, windows, and purdahs of empty compartments are properly closed,
- (h) if the train be an exceptionally heavy one, that as many additional brakesmen as required are provided,
- (i) that as far as possible, all passenger Trolleys are to be turned so that on leaving Siliguri the foot outside brakes are all on the side nearest the platform. Drivers, Carriage Examiners, and Guards will bring to the notice of the Station Masters concerned, any departure from this order and rectify it before trains leave Siliguri or Darjeeling and check any vehicles that may be attached at intermediate stations and see that the brakes on them are in accordance with above.
- (j) generally, that, as far as he can ascertain, the train is in a state of efficiency for travelling.

177. The Guard or Driver in charge of a train must, unless this duty is, by special instructions, imposed on some other railway servant, carefully examine the loading of any wagon or truck which may be attached to the train at a station or siding; and should any wagon or truck become unsafe from the shifting or derangement of the load, he must, on the arrival of the train at the next station, at once have the load readjusted or the wagon or truck removed from the train.

178. Before a train starts from a terminal or engine-changing station, the Guard in charge must set his watch by the station clock and communicate the time to the Engine Driver.

179. Every Guard shall give his best assistance to passengers entraining and detraining.

180. Every Guard must see—

- (a) that no person rides outside a carriage, and
- (b) that, except in accordance with special instructions, no person travels in any compartment or vehicle not intended for the carriage of passengers.

(CHAP. VIII.—GUARDS.—RULE 180.)

- (c) that no railway servant shall travel in a train unless he is provided with a proper ticket or free pass.
- (d) that no railway servant or person shall, otherwise than in the execution of his duty, ride in a brakevan or in any vehicle in which luggage goods or parcels is or are being carried.

NOTE TO (c)—

(6) Holders of periodical card passes (second class) are only for the persons named therein and with 1½ maunds of luggage and no servants.

(7) Holders of third class passes can only use them for themselves and are not transferable, unless otherwise noted on the pass. Fifteen seers of luggage only is allowed free.

(8) Unless otherwise stated in the pass, only the prescribed amount of luggage is allowed to be taken free, and any excess is to be paid for.

(9) Only the General Manager and the Agents of the Railway are authorized to issue 1st, 2nd and 3rd class passes.

Third class passes only can also be issued by the Superintendent of Way and Works, the Locomotive Superintendent, and the Traffic Officer.

(10) The officers authorized to issue passes must submit a return of all passes issued by them monthly.

(11) The transfer of all passes, unless otherwise provided for on the pass or in the foregoing rules, is strictly prohibited, and persons using such or travelling with an irregular pass not signed, unless they can prove no fraud were meant, are liable to be prosecuted under Section 112 of the Indian Railways Act, 1890 (IX of 1890).

(CHAP. VIII.—GUARDS.—RULES 181-183.)

(12) Exchange of passes with other Railways is not allowed with the exception of the Eastern Bengal State railway and the following scale is to be observed, both in asking for and granting passes.

- I. Rs. 15 to Rs. 100 3rd Class.
- II. Rs. 101 to Rs. 300 2nd Class.
- III. Rs. 301 and upwards for superior establishment 1st Class.

NOTE.—Employees of the Subordinate establishment, if drawing salaries more than Rs. 300 will not be entitled to first class privilege passes. Menial staff are not entitled to privilege passes.

(13) The following is the scale to be observed for the issue of privilege and family free passes to the Company's servants.

- Rs. 7 to Rs. 90 3rd Class Pass with luggage 15 seers.
- Rs. 91 to Rs. 200 2nd Class Pass with luggage 1½ maunds.
- Rs. 201 to Rs. 300 and upwards, 1st Class Pass with luggage 3 maunds.

(14) A list of the persons authorised to use metal passes will be issued from time to time as a Staff notice.

181. The Guard or Jemadar Brakesman in charge of a train must exchange signals with the Engine Driver at such times and in such manner as may be prescribed by special instructions.

- (a) As soon as the train has passed out of station limits,
- (b) Whenever a train runs through a station without stopping.
- (c) When starting any train after it has stopped outside station limits.
- (d) After passing all siding points.

Exchange of signals between Guard and Engine Driver.

Guard to keep a good look-out.

182. Every Guard must keep a good look-out while the train is in motion and must satisfy himself from time to time that the tail-board or tail-lamp is in position, that all brakevan lamps, if required, are burning brightly, that the train is complete in every respect and is proceeding in a safe and proper manner.

Attracting attention of Engine Driver.

183. (1) If any Guard sees reason to apprehend danger, or considers it necessary for any reason to stop the train, he must use his best endeavours to attract the attention of the Engine Driver.

(2) In the absence of other means of communication with the engine, a Guard desiring to attract the Engine Driver's attention must apply his hand brake sharply and must as suddenly release it.

(3) When the attention of the Engine Driver has been attracted the necessary Danger signal must be shown.

(4) If the train is fitted with a continuous brake, the Guard may, in case of emergency, apply such brake to stop the train.

(CHAP. VIII.—GUARDS.—CHAP. IX.—BRAKESMEN.—RULES 184-189.)

184. (1) When the Engine Driver sounds three or more short, sharp whistles, or the brake whistle, the Guards must immediately apply their hand brakes.

(2) When a train is travelling down a steep incline, the Guards must, if necessary to steady the train, assist the Engine Driver with their brakes.

(3) Before any train starts down-hill, the Driver will see that the Jemadar Brakesman releases the levers of all brakes, and, if necessary, pins them down so as to put on the pressure required to hold the vehicles forming the train to a speed of 10 miles an hour.

185. When a train comes to a stand at a station the Guard must see that whenever possible the last vehicle of his train has cleared of the fouling points of all points and crossings.

186. Whenever a train has been brought to a stand, and it is necessary for the engine to be detached from the train for the purpose of attaching or detaching vehicles, the Driver must, before the engine is uncoupled, satisfy himself that the brakes of all vehicles uncoupled from his engine are secured, and that wooden wedges are placed under the wheels of heavy vehicles. The Jemadar Brakesman must be left in charge of such vehicles until they are again coupled on to the engine.

187. Guards or Brakesmen in charge of ballast trains must, before giving the signal to start, see that all the coolies are on the train, and must warn them to sit down.

188. No Guard in charge of a train shall leave it until it has been properly handed over in accordance with special instructions.

CHAPTER IX.
BRAKESMEN.

189. All the Brakesmen are under the orders of the Driver whilst running and are to obey any orders given to apply brakes immediately the signal is given from the engine. The signal for brakes is to be 3 short whistles for emergency and 2 for gradual application. (See Rule 184).

(1) Every Jemadar Brakesman must have the prescribed hand signals.

(2) The Jemadar and Brakesmen must on no account ride on the roofs of coaching vehicles, but must be within reach of the brake levers ready to apply them immediately both on the up and down hill journeys when necessary.

(3) The coupling and uncoupling of vehicles must be done by the Jemadar Brakesman only, under the orders of the Driver. No vehicle in a train is to be uncoupled without such orders.

(CHAP. X.—ENGINE DRIVERS AND FIREMEN.—RULES 190—195.)

(4) The Jamadar and Brakesmen must see that no unauthorised persons ride in or on any vehicle containing luggage goods or parcels.

(5) The Jamadar Brakesman shall in all cases ride on the last vehicle of the train and shall exchange signals with the driver as laid down in Rules 181 and 183.

(6) Where there is no Guard to a train the Jamadar Brakesman must carry out, under the Driver's orders such rules as are applicable.

NOTE.—Brakesmen must also understand Rules 31 and Note 38, 44, 45, 46, 47, 48, 49, 50, 53 (c), 55, 57, 58 (1) (4), (5), (6), (8), 125, 126, 127, 128, 129, 130, 131, 132, 133, 134, 135 (a), (b), (c), 137, 138, 139, 140, 142, 143, 144, 163, 171, 176, 177, 180, 181, 182, 183, 184, 185, 186, 187, 188, 212, 213.

CHAPTER X.

ENGINE DRIVERS AND FIREMEN.

ENGINE DRIVER AND FIREMAN.

190. The Engine Driver and Fireman must be with their engine at such time previous to the starting of the train as may be ordered by the authorised officer.

- (a) The Driver must afford such assistance with his engine as may be required for the formation, arrangement and despatch of the train.
- (b) The Driver must place his engine in front of the train not less than five minutes before the time of starting, unless otherwise ordered by an officer or Station Master in authority.

191. Except when otherwise provided by special instructions, no engine shall be allowed to be in motion on any running road unless both the Engine Driver and the Fireman are upon it.

(a) In case a Driver becomes incapacitated on the journey, the Fireman is to take charge of the engine to the next station, and will be held responsible for observing all rules applicable to Drivers, whilst he is in charge.

192. Except in accordance with special instructions, no person other than the Engine Driver and the Fireman shall ride on the engine or tender.

193. The Fireman must obey the orders of the Engine Driver in all particulars.

194. Every Engine Driver must keep a good look-out while the train is in motion, and every Fireman must also do so when he is not necessarily otherwise engaged.

195. The Engine Driver and the Fireman must frequently during the journey look back to see whether the train is following in a safe and proper manner.

(CHAP. X.—ENGINE DRIVERS AND FIREMEN.—RULES 196—204.)

196. An Engine Driver or Fireman shall not throw out water, fire or cinders when passing through a station yard or tunnel, or when on a bridge. Also should not open, or have open, the pit cocks of their feed pumps when passing persons, pointsmen, gangmen, carts or animals. Throwing out water, fire or cinders.

ENGINE DRIVER.

197. Every Engine Driver must have with him, while on duty with his train,— Engine Driver's equipment.

- (a) a copy of the rules for the time being in force on the railway concerned under section 47 of the Indian Railways Act, 1890, or of such portions of them as have been supplied to him under rule 124;
- (b) a copy of the Working Time-table in force with all corrigenda and with the appendix thereto (if any) on the lines over which the train is to run; and
- (c) the equipment and stores prescribed by the Railway Administration in this behalf.

198. The Engine Driver must, before starting, satisfy himself that his engine is in proper working order. Engine Driver to examine engine before starting.

199. The Engine Driver must satisfy himself that all couplings are in good order before leaving a terminal station, or a station where vehicles have been attached. Couplings.

200. The Engine Driver must, before starting, see that the proper Engine Lamps are shown, and must see that the lamps are kept burning brightly at night and in thick or foggy weather. Duties of Engine Driver as regards Engine Lamp.

201. The Engine Driver must, before starting, set his watch to the correct time, as given to him by the Guard in charge of the train. Setting watch.

202. Every Engine Driver must, before starting, examine the notices issued for his guidance, and ascertain therefrom whether there is anything requiring his special attention on the parts of the line over which he has to work. Engine Driver to examine notices before starting.

203. If an Engine Driver is not acquainted with any portion of the line over which he has to work, he must obtain the services of a qualified railway servant who is acquainted with it, to assist him. Duty of Engine Driver unacquainted with line.

204. No Engine Driver shall take his engine on or across any running road until he has obtained the permission of the Station Master and has satisfied himself that the correct signals have been shown. Permission and signals before entering on or crossing running road.

(CHAP. X.—ENGINE DRIVERS AND FIRE-MEN.—RULES 205-210.)

Engine Driver not to start without Guard's signal.

205. The Engine Driver shall not start from a station an engine with vehicles attached until the Guard in charge of the train has given the signal to start or in the case of there being no Guard, until he has satisfied himself that the train is properly equipped as in rules 31 and 176 and that the Jemadar Brakesman has given the prescribed signal for starting.

Moving of train carrying passengers, after it has been stopped at station.

206. When a train carrying passengers has been brought to a stand at a station, whether alongside, beyond or short of the platform, the Engine Driver shall not move it, except under orders of the Guard in charge of the train or to avert an accident.

Engine Driver to satisfy himself that correct signals are shown and line is clear.

207. (1) The Engine Driver must, before starting his train, satisfy himself that the correct signals are shown and that the line before him is clear.

(2) In the case of the first train of the day run up or down over any length of the line, the Driver will proceed with special caution and be prepared to pull up sharp at any moment in case of an obstruction.

Sounding the engine whistle.

208. Except under special instructions, the Engine Driver must always sound the engine whistle—

- (a) before putting an engine in motion;
- (b) when approaching curves, where riders or carts are likely to be met with;
- (c) when approaching bazaars;
- (d) when approaching stations where shunting is likely to be performed;
- (e) for brakes to be put on;
- (f) when approaching another train standing in a siding or another line partially, or totally obscured by steam or smoke;
- (g) at such other times as may be prescribed.

Engine Driver to obey certain orders.

209. After an engine has been attached to a train, and during the journey, the Engine Driver must obey—

- (a) the orders of the Guard in charge of the train, in all matters affecting the starting, stopping or movement of the train for traffic purposes; and
- (b) all orders given to him by the Station Master or any railway servant acting under special instructions, so far as the safe and proper working of his engine will admit.

Regulation of speed.

210. The Engine Driver must regulate and control the running of his train as accurately as possible, according to the Working Time-table, so as to avoid either excessive speed or loss of time; and he shall not make up between any two stations more time than is allowed in this behalf by special instructions.

(CHAP. X.—ENGINE DRIVERS AND FIRE-MEN.—RULE 210.)

(1) In no case above the 8th mile-post is the maximum speed to exceed 12 miles an hour up-hill or 10 miles an hour down-hill. Below the 8th mile it is not to exceed 16 miles an hour. Through bazaars and facing-points the speed is to be limited to 5 miles an hour in the former and 8 miles an hour over the latter, and 6 miles an hour on reversing stations.

(2) The maximum speed for night-running is 7 miles an hour down-hill and 9 miles an hour up-hill for goods trains.

(3) Working trains between Ghoom and Darjeeling stations and the bazaar goods shed, and also through other bazaars on the line.

Working trains through bazaars.

(a) A man with a red flag* is to immediately precede the train, at a distance of about 100 feet at a walking pace, when passing to and from the bazaar goods shed and Darjeeling station, also when passing through the bazaars at Mahanuddy, Sonada, Kurseong and Jorebunglow, so as to warn pedestrians and riders, and signal the driver to stop. In all cases when Drivers notice riders whose ponies or led ponies are frightened by the train they should halt till the ponies are clear of the train.

(b) All trains will be worked under caution order from Darjeeling station to the bazaar goods shed and back.

(c) The speed of trains must not, under any circumstance, exceed 4 miles an hour, (i.e., an ordinary walking pace) when passing through "Judge's" and other bazaars along the line as per paragraph 1, and drivers must not increase the speed until they have satisfied themselves that the flagman has safely rejoined the train: speed must also be considerably reduced on nearing Darjeeling, specially on rounding the Tonga Road Road near Khagjhora (where the mail engine gives two whistles), and opposite huts at Moss Bank the greatest caution must be observed in running trains.

(d) Under no circumstance must rolling stock be pushed by engines to and from the Darjeeling bazaar goods shed. The engine in all cases is to be at the front end of the train and a smart look-out is to be kept and all brakesmen are to be ready for

* Drivers to depute one of the oilers from their engine to carry the flag.

(CHAP. X.—ENGINE DRIVERS AND FIRE- 117
MEN.—RULES 211-218.)

an emergency, and to prevent people jumping on the trucks. No stranger or staff unconnected with the working of the train should be allowed to ride on the engine or train.

211. (a) The Engine Driver must start and stop his train carefully and without jerk.

(b) The Engine Driver must slacken speed when passing restive horses, ponies, &c., on the cart road. He must, if necessary, stop to allow the animals to pass.

212. The Engine Driver must exchange signals with the Guard (or if there be no Guard, the Jemadar Brakesman in charge of the train), at such times and in such manner as may be prescribed by special instructions. See rules 181 and 183.

NOTE.—If signals are not exchanged as provided for in Rule 181 the Driver must stop his train.

213. When the Engine Driver requires the assistance of the brakes he must give two short sharp whistles. To stop dead in an emergency, three short sharp whistles.

214. When a train comes to a stand at a station, the Engine Driver must see that whenever possible his engine is clear of the fouling points of all points and crossings.

215. In stopping a train, the Engine Driver must determine where to shut off steam by paying particular attention to the gradient, the state of the weather, the condition of the rails, and the length and weight of the train.

216. When a train not fitted with the continuous brake has been brought to a stand outside station limits or on a grade, the Engine Driver shall not detach his engine from the train without the permission of the Guard in charge of the train or if there be no Guard, the Driver must see that the precautions noted in rules 48, 49 and 186 are carried out.

217. After taking water from a tank or water column, the Engine Driver must see that the hose or water-crane is left clear of the line and, when it is provided with fastenings, that it is properly secured.

218. No Engine Driver shall leave his engine when on duty, whether at a station or on the running road, except in case of absolute necessity and after a competent man has been placed in charge of it.

(a) Engines when in steam must never be left on the main line or in a siding without being in charge of a person capable of taking care of them. Engines, either in steam or dead, must, in all cases, have their regulators properly closed, cylinder cocks open, reversing lever out of gear, and brakes screwed on.

(CHAP. X.—ENGINE DRIVERS AND FIRE- 119
MEN.—RULES 219-224.)*Attention to Signals.*

219. (1) The Engine Driver must pay immediate attention to and obey every signal, whether the cause of the signal being shown is known to him or not.

(2) He shall not, however, trust entirely to signals, but must always be vigilant and cautious.

(3) The absence of a signal from a place where a signal is ordinarily shown, or the imperfect showing of a signal, must be regarded as a "danger" signal.

220. When two or more engines are attached to a train, the Driver of the leading engine shall be responsible for observing signals, and the Driver of the other engine or engines shall watch for and take signals from the Driver of the leading engine.

221. (1) When the "danger" signal is shown to a train in any of the methods prescribed by chapter II and in every case mentioned in rule 219(3), the Driver must stop the train as quickly as possible.

222. If a Driver is, from some unforeseen cause obliged to allow a following train to approach inside the usual limit, he shall sound his whistle and show a danger signal. In case the following train is too close for the leading train to stop without danger of collision, the Driver of the leading train must drop a man with a danger signal, and not pull up till the following train has stopped.

223. (1) When the All right signal is shown to a train, the Engine Driver may proceed at such speed as may be prescribed by special instructions.

(2) When the Proceed with Caution signal is shown to a train by gangers or other workmen employed on the permanent-way, the speed of the train over the portion of the running road protected by such signal shall not exceed 5 miles an hour, or such lower rate as may be prescribed in this behalf by special instructions.

(3) When the Proceed with Caution signal is shown to a train by any railway servant not referred to in sub-rule (2), the Engine Driver must reduce speed.

224. (1) When an engine explodes or detonator, the Engine Driver must immediately reduce speed and be guided by the signals that he may receive.

(2) If no hand or other signals are at once visible to the Engine Driver, he must immediately bring his train to a stand, and may then—

(a) if it is day, and he has a clear view of the road—proceed very cautiously at such reduced speed as will enable him to stop short of any Danger signal or obstruction; or

Engine Driver to obey signals, and to be vigilant and cautious.

Duties of Engine Drivers as to signals when two or more engines are attached to train.

Signal at "danger."

Infringement of the distance limit between trains.

Duties of Engine Driver when the All right or Proceed with Caution signal is shown.

Duties of Engine Driver when engine explodes or detonator.

(CHAP. X.—ENGINE DRIVERS AND FIRE- 121
MEN.—RULES 225-231.)

- (b) if it is day, and he has not a clear view of the road, or if it is night, or if the weather is thick or foggy—proceed very cautiously on hand signals given by the Guard in charge of the train (or the Fireman, if there is no Guard), who must walk ahead of the engine for this purpose; and
- (c) if, within a distance of half a mile from the point where the explosion occurred, he meets no further detonators and sees no signals—resume ordinary speed.

Duties of
Engine
Driver in
case of
accident,
failure, or
obstruction.

225. If any of the circumstances mentioned or referred to in rule 53 and observed by the Driver or any Guard involve danger to the traffic, then—

- (a) if it is necessary for the safety of the traffic to do so, the Driver must stop the train as soon as practicable, and protect his train as noted in rule 53.

Precautions
when view of
signal is ob-
structed.

226. If, in consequence of a fog or storm or for any other reason, the view of signals is obstructed, the Engine Driver must take every possible precaution, especially when approaching a station or junction so as to have the train well under control.

CHAPTER XI.

POINTSMEN AND SIGNALMEN.

Points to be
kept clean
and clear.

227. Every Pointsman must keep the points, levers, etc., under his charge clean, oiled, and clear of stones or other obstacles, and see generally there are no defects.

Duties of
pointsman
observing
anything
wrong with
train.

228. If any Pointsman or Signaller should observe anything wrong or unusual in a passing train, he must report the circumstance to his superior officer; and, if the occurrence is of such a nature as to involve danger to the train or to the public, he must show a "danger" signal to the Guard and Driver.

Pointsmen
to be duly
certified.

229. Except as maintained in rule 232 only certified men examined by the Permanent-way Inspector of the section and the District Traffic Superintendent shall be allowed to work points. These certificates should be filed with the men's personal cases in the General Manager's Office.

Pointsmen
to have flags
and lamps.

230. Every Pointsman and Signaller must, while on duty, have with him flags and lamps for hand signals.

Duties of
pointsman
in case of
obstruction.

231. Should there be any obstruction on the line within the sight or knowledge of any Pointsman or Signaller, he must show a "danger" signal, and must continue to show such signal to any trains approaching in the

(CHAP. XI.—POINTSMEN AND SIGNALMEN. 123

—CHAP. XII.—RAILWAY SERVANTS
EMPLOYED ON THE PERMANENT-WAY OR
WORKS.—RULES 232-238.)

direction of the obstruction until the obstruction has been removed and the line made clear and safe.

232. At the Reverses at least two selected pointsmen will be placed in charge of the points. These men will be employed under the direct orders of the mistress of the length to assist in keeping their points and crossings and the permanent-way within 250 feet of their points in order, but unless engaged on such work, they must always be at their points.

233. Whenever points, crossings, or guard-rails are damaged, the Pointsman in charge must protect them and immediately arrange to report the circumstances to his immediate superior.

234. A Pointsman or Signaller shall not, while on duty, leave the points or signals which are under his charge.

CHAPTER XII.

RAILWAY SERVANTS EMPLOYED ON
THE PERMANENT-WAY OR WORKS.

235. Each Inspector of Permanent-way shall be responsible for the condition of the permanent-way and works in his district.

236. Each Inspector of Permanent-way must—

- (a) see that his length of line is efficiently maintained, and
- (b) promptly report to the Engineer in charge all accidents to or defects in the way or works which he may consider likely to interfere with the safe running of trains.

237. (1) Each Inspector of Permanent-way must see to the security of all rails, chairs, sleepers and other permanent-way material in his district, and that such of the said articles as are not actually in use are kept clear of the line and properly stacked.

(2) Each Inspector of Permanent-way or authorised officer must see that all broken or defective rails, chairs, sleepers, or other permanent-way materials on the length of line under his charge are removed from the road with the least possible delay, and that sound materials are substituted for them.

238. (1) Every portion of the permanent-way must be inspected daily on foot by some railway servant appointed in this behalf by special instructions.

(CHAP. XII.—RAILWAY SERVANTS EMPLOYED ON THE PERMANENT-WAY OR WORKS.—RULES 239-242.)

(2) All bridges and works in charge of the Engineering Department, including scotch blocks, points and crossings, must regularly be inspected in accordance with special instructions.

(3) The Permanent-way Inspectors will be responsible to maintain all scotch blocks in their respective lengths in proper working order, painted in red and free from any mud or other obstruction.

239. Each Inspector and Sub-Inspector of Permanent-way shall be supplied with and be responsible for obtaining—

- (a) a copy of the Working Time-table for the time being in force, with all corrigenda and with the appendix thereto (if any); and
- (b) a copy of the schedule of Standard Dimensions for the time being in force under the orders of the Railway Board.

240. Each Inspector of Permanent-way must see that in every gang employed in his length of line there is a competent Ganger.

241. Each Inspector of Permanent-way must see—

- (a) that every Ganger employed under him has a correct knowledge of hand signals and detonating signals; and
- (b) that every gang employed in his length of line is supplied with a permanent-way gauge, two sets of flag signals, two hand signal lamps and twelve detonators, in addition to such other tools or implements as may be prescribed by special instructions.
- (c) to the due observance of such of these rules as affect the Platelayers or other workmen employed on the permanent-way in his section.

242. (1) Each Inspector of Permanent-way must at least once in every month inspect the permanent-way gauges, flags, signal lamps, detonators, tools and implements supplied to the gangs under rule 241, clause (b), and ascertain whether the said gauges are correct, whether the said flags, signal lamps, detonators, tools and implements are in good order, and whether any of the said articles have been lost.

(2) He shall also see that any defective or missing articles are replaced.

(CHAP. XII.—RAILWAY SERVANTS EMPLOYED ON THE PERMANENT-WAY OR WORKS.—RULES 243-246.)

(3) Each Inspector of Permanent-way must keep a register of the names and places of residence of all Gangers employed on his section to enable him to call upon them to summon their gangs whenever their services may be required.

243. Each Ganger must see—

- (a) that the signals supplied to him under rule 241, clause (b), are kept constantly in proper order and ready for use;
- (b) that the men in his gang each have a correct knowledge of hand signals and detonating signals;
- (c) that his length of line is kept safe for the passage of trains;
- (d) that all rails, chairs, sleepers, pieces of iron or wood and other permanent-way materials, and all tools and implements, under his charge are carefully placed so as to be quite clear of the line and at least five feet away from the rails; and
- (e) that cattle, and persons walking on the line are kept off as much as possible.
- (f) Each Ganger must immediately collect the men of his gang whenever their services may be required.

Responsibility of Ganger as to signals and safety of line.

244. If, owing to heavy rain, a flood occurs Flood. on the railway, each Ganger must carefully examine the action of the water through the culverts and bridges on his length of line; and should he see any cause to apprehend danger to the works, must immediately show the proper signals for trains to proceed with caution or to stop, as necessity may require, and inform the Inspector of Permanent-way of the circumstances; and until the said Inspector arrives, must take precautionary measures for securing the safety and stability of the line.

245. If a fire occur on any railway premises Fire. at or near any portion of the railway where gangmen are employed, they must endeavour to extinguish it to prevent it from spreading.

246. A gang shall not commence or carry Work invol- on any work which will involve danger to ing danger trains or to traffic without the previous sanc- to trains or tion of the Inspector of Permanent-way, or of some competent railway servant appointed in this behalf by special instructions; and the railway servant who gives such sanction must himself be present to superintend such work, and shall see that the provisions of rules 250, 251, 254 and 255 are observed; and if necessary ask Station Masters of the station on either side of the work to caution Drivers:.

(CHAP. XII.—RAILWAY SERVANTS EMPLOYED ON THE PERMANENT-WAY OR WORKS.—RULES 247-253.)

Provided that, in cases of emergency, when it may be necessary for safety to commence any such work before the said railway servant can arrive, the Ganger may commence work at once and must himself see that the provisions of rule 255 are observed.

Work in thick or foggy weather.

247. In thick or foggy weather, no rail shall be displaced, and no other work which is likely to cause obstruction to the passage of trains shall be performed, except in cases of absolute necessity.

Blasting.

248. No railway servant employed on the way or on any works shall carry on any blasting operations on or near the railway except as permitted by special instructions.

Putting in or removing points or crossings.

249. Except in cases of emergency, no railway servant shall put in or remove any points or crossings otherwise than as permitted by special instructions.

Presence and responsibility of Ganger.

250. When repairing, lifting or lowering the line outside station limits, or when performing any other operation outside station limits which will make it necessary for a train to proceed cautiously, the Ganger must himself be present at the spot and shall be responsible that the caution signals prescribed in rule 255 are shown.

Lifting permanent-way.

251. In lifting the permanent-way,—

- (a) no lift shall be made of more than 1½ inches at once,
- (b) every lift must be made so as not to occasion any sudden change of gradient;
- (c) both rails must be raised equally and at the same time.

Ballast.

252. (1) Ballast shall not be thrown up between the rails higher than rail level, and must be thrown as much as possible on the outside of each line or between the two roads.

(2) The rails must be kept clear of ballast, gravel and other material.

Duties of Ganger when apprehending danger.

253. If a Ganger considers that the line is likely to be rendered unsafe, or that any train is likely to be endangered, in consequence of any defect in the way or works or of abnormal rain or floods or any other occurrence, he must take immediate steps for securing the stability of the line and the safety of trains, by using the prescribed signals for trains to "Proceed with Caution" or to "Stop," as necessity may require; and shall as soon as possible report the circumstances to the nearest Station Master, the Inspector of Permanent-way and the Sub-Inspector (if any).

(CHAP. XII.—RAILWAY SERVANTS EMPLOYED ON THE PERMANENT-WAY OR WORKS.—RULES 254-257.)

254. No person employed on the way or works shall commence any operation, such as changing or turning a rail, which would obstruct the line and necessitate the showing of Danger signals,—

- (a) until such signals have been shown, and,
- (b) if within station limits, until he has also obtained the permission of the Station Master and all necessary signals have been placed at Danger, and kept so till the Station Master has been informed by the authorized officer that the line is clear and safe for traffic.

255. (1) When "Proceed with Caution" hand signals have to be shown, a man shall be sent, in each direction, at least 100 yards and as much further as the circumstances of the case may render necessary, to show these signals in such a manner as to be plainly visible to the Driver of an approaching train.

(2) Another such signal shall also be shown at the spot where cautious driving is required, and a "Proceed" signal shall be shown to the Engine Driver as soon as the train has cleared the portion of the line over which cautious driving was necessary.

(3) When Danger signals have to be shown under this chapter, they must be shown at an adequate distance (not less than 300 feet) in both directions from the place of obstruction.

(4) Danger signals must also be shown near and short of the point of danger.

(5) Danger signals must be supplemented by detonators in the manner prescribed in rules 16 to 20.

256. Every railway servant employed on the way or works shall, on the requisition of the Guard in charge of a train or the Driver thereof, render assistance under rule 53 for the protection of the train.

257. (1) Each Ganger must report to the Inspector of Permanent-way whenever any telegraph post on his length of line appears to be in an unsafe state, or whenever any of the telegraph or signal wires on his length of line are broken, slack or entangled, or touch each other or any building.

(2) Where the maintenance of the telegraph is under the control of the Government Telegraph Department, the said Inspector shall forward to that Department every such report relating to the telegraph posts or wires.

(CHAP. XIII.—LORRIES AND TROLLIES—
LORRIES—RULES 258—259.)

(3) Each Ganger must see that all grass, creepers, boughs of trees and rubbish are removed from the signal wires, and (where the maintenance of the telegraph is not under the control of the Telegraph Department) from the telegraph wires on his length of line.

CHAPTER XIII.

LORRIES AND TROLLIES.

258. (1) For the purpose of the following rules in this chapter, a vehicle which can be lifted bodily from the line, or pulled off the road easily, by one or two men shall be deemed a trolley, and any similar but heavier vehicle shall be deemed a lorry.

(2) A trolley shall not, except in cases of emergency, be used for the carriage of permanent-way or other heavy material, and when so loaded, it shall be deemed, for the purposes of these rules, to be a lorry.

(3) Large passenger or motor trollies will work under the same rules and conditions as a train and the responsibility of the officer in charge is the same as that laid down for Guards and Drivers of trains.

Lorries.

259. (1) No Lorry may be placed on the line except by a railway servant appointed to do so by special instructions.

(2) Such railway servant shall accompany the lorry, and shall be responsible for its proper protection and for its being used in accordance with the following regulations:—

(a) A lorry shall ordinarily be run only by day and when the weather is sufficiently clear for a signal to be seen, and shall show a red flag.

(b) Before a lorry is placed on the line, whether loaded or empty, the line shall be blocked between the stations it is proposed to work,—provided it is possible to do so without interfering with the working of trains. In every case where a trolley is working at night, the line must be blocked, and hand lamps showing red instead of flags used.

(c) When the line has not been so blocked and a lorry whether loaded or empty is placed on the line, intimation must be given to the nearest Station Master in writing, stating what work will be done on the line, and at what mile and nearest bridge the lorry is likely to be met with. The

(CHAP. XIII.—LORRIES AND TROLLIES—
SMALL LORRIES—RULE 260.)

Station Master must either before the lorry leaves his station, or immediately on receipt of the message that the lorry is to work, caution the next station on the section where the lorry is to work, and give permission to the railway servant in charge to work, in writing. The Station Master must endorse on the line clears of all trains that such a lorry is working near such a mile or bridge.

(d) It is the duty of the railway servant in charge to remove it ten minutes before the known arrival of any train.

(e) A lorry so working shall be preceded and followed at a distance of not less than 300 feet with men holding danger flags walking inside the track, and the men so preceding and following the lorry must also be provided with detonators, which shall be used when the weather is misty immediately a train is heard approaching.

(f) When the lorry is stopped for loading or unloading between stations, 2 detonators shall be placed on the line at a distance of 10 yards apart by the men preceding and following.

(g) The above precautions must be taken till the lorry is removed from the line, and a message from the railway servant in charge has been received by the men following or preceding that it has so been removed and not till then can the danger signals be removed.

(3) A lorry when not in use must be placed 5 feet clear of the line, and the wheels must be secured with a chain and padlock.

(4) No lorry can be attached to any train.

Small trollies.

260. (1) No trolley may be placed on the line except by a railway servant, or official who has permission from the General Manager. Conditions under which a small trolley can be run.

(a) Such railway servant or official must always have in charge of the trolley, whilst it is on the line, a well trained trolley man, who shall thoroughly understand the duties required of him.

(b) The railway servant or official to whom the trolley has been entrusted is responsible that his trolley man knows his duties, and understands all the rules relating to trollies.

(CHAP. XIII.—LORRIES AND TROLRIES—
SMALL TROLRIES.—RULE 260.)

(2) No trolley whatsoever is allowed to work on the line between Darjeeling and Sookna without the person in charge of the same handing a message or a telegram to the nearest Station Master, stating he is leaving that station at — hour — minutes and proceeding to —.

(a) It will be sufficient if the Station Master initials the original message or a copy of the telegram handed in and returns it to the person in charge of the trolley as an authority to proceed and that he has warned the next station or all the stations the trolley is likely to run through.

(3) It is the Station Master's duty to warn the next station that the trolley is on the line and in his turn to telegraph ahead to the destination given in the telegram.

(4) The Station Masters should endorse on the Line Clears of all up trains likely to meet the trolley that such trolley is on the road.

(5) It is the duty of the person in charge of the trolley to ascertain the movements of all trains coming from the direction in which he intends running.

(a) When there is any prospect of meeting an engine or train from the opposite direction, a trolley must invariably be preceded at a distance of 100 yards by a man with a red flag, and the speed must be limited to 6 miles an hour.

(6) No one, excepting an employé of the Company, shall be allowed to travel by trolley without special authority. It is the duty of Station Masters to report any infringement of this rule.

(7) Trolleys must be returned to their destination, as far as possible, by goods trains, when the load allows.

(8) When a trolley is being hauled up-hill, the trolley man in charge must precede it 100 yards with a red flag.

(9) Every effort must be made to avoid attaching trolleys to passenger or other trains over the length of line upon which there are reversing stations, viz., between the 16th mile and the 24th mile, so that cutting off and running back the trolleys up the reverses immediately in front of the passenger train may be avoided.

(10) The attaching of any trolley to a special passenger train is strictly prohibited.

(11) All trolleys must be removed some 10 feet clear of the line and their wheels secured with chains and padlocks when not in use.

(12) No trolleys shall run at night, except when absolutely unavoidable, in this case they

(CHAP. XIV.—GATEMAN, LINE, AND
BRIDGE CHOWKIDARS.—CHAP. XV.—PEN-
ALTIES—RULES 261-267.

must show a red tail light and a conspicuous head light.

(13) The speed, on no account, should exceed 15 miles an hour and less, on sharp curves, as a maximum for small trolleys.

CHAPTER XIV.

GATEMAN, LINE AND BRIDGE
CHOWKIDARS.

261. No person shall be appointed a gateman, Bridge, or line chowkidar, unless he has a knowledge of signals.

262. Every gateman, line or bridge chowkidar must be supplied with day and night hand signals and keep such signals in proper order and ready for use.

263. The Gateman, Line or Bridge chowkidar on duty must see that the channel for the flange of the wheels is always clear before the passage of a train at the level crossings.

264. Every Gateman, Bridge or Line chowkidar on noticing any obstruction on the line, must at once remove it, or, if unable to do so, must show Danger signals and do his best to stop approaching trains.

265. If a Gateman, Bridge or line chowkidar notices that a train has parted, he shall not show a danger signal to the Engine Driver but must endeavour to attract the attention of the Engine Driver and Guard by shouting and gesticulating.

266. Every Gateman, Bridge or line chowkidar must, as far as possible, prevent any trespassing by persons or cattle.

G. THIBAUT,
Registrar.

ENGINEER DEPARTMENT.

CIVIL ENGINEERING COLLEGE, SIBPUR.

SESSION 1908-09.

CANDIDATES for admission to the Engineering Department should apply to the Principal in the prescribed form, stating University Registration number, on or before the 15th May 1908. Each application must be accompanied by a registration fee of Rs. 1, which will in no case be returned.

The session begins on Monday, the 1st June 1908.

Candidates must furnish proof that they have passed one of the following tests:—

- (1) The B.Sc. or B.A. examination in the B Course in Physics and Chemistry of the Calcutta University. The candidate's age must be under 23 years.
- (2) The F.A. examination of the Calcutta and Madras Universities.
- (3) The Intermediate examination of the Allahabad and Punjab Universities.
- (4) The Intermediate examination for the degrees of B.A. of the Bombay University.

The candidate's age in (2), (3) and (4) must be under 21 years.

In selecting candidates who have passed the F.A. (all other things being equal), preference will be given to those who have passed in Sanitary Science in addition to the ordinary subjects of the F.A. examination.

The maximum number to be admitted is limited to 40. The position in the University examination and the age of the candidate will be taken into consideration when selection is made, and such selection will be made by the Principal.

The tuition fee for students of the Engineer class is Rs. 10 a month for each month of the year, vacation included.

One junior scholarship of Rs. 20 a month, one of Rs. 15 a month and six of Rs. 10 a month tenable for two years will be given to students who have been admitted to the college and who do not hold University scholarships.

The selection will be made in the following order:—

- (a) B.Sc.'s
- (b) B.A.s, who have taken up B Course, and
- (c) F.A. candidates (except those who have passed in the third division).

There will be in addition one scholarship of Rs. 20 a month and one of Rs. 10 a month for Europeans or Eurasians who have been admitted to the College, tenable for two years.

Every applicant, before admission to the college, will be examined by the College Surgeon as to his physical strength, fitness for manual labour and eyesight.

Forms of application for admission, and any further particulars will be supplied on application to the Principal.

Revised Rules for the Engineer Department are under the consideration of Government. If they are sanctioned before the actual commencement of the session, they will be held to bind candidates admitted this year.

SIBPUR,
The 6th April 1908.

B. HEATON,
Principal, C. E. College.

APPRENTICE DEPARTMENT.

CIVIL ENGINEERING COLLEGE, SIBPUR.

SESSION 1908-09.

Admissions will be made—

- (1) To the 3rd year class, of candidates who pass the Sub-Overseer Examination provided their ages are between 17 and 19.
- (2) To the 2nd year class, of candidates who pass the B Final Examination provided their ages are between 15 and 18.
- (3) To the 1st year class, of candidates who have passed the Matriculation Examination of the Calcutta University, for Indians, or Standard VII or Middle School Examination of the Code of European Schools for Europeans; ages must be between 15 and 17.

The selection of candidates for admissions is in the hands of the Principal. Preference will be given in the following order—(a) to the 3rd year class, (b) to the 2nd year class, (c) to the 1st year class, and the total number of candidates admitted to all three classes shall not exceed 60. Thirty per cent of the vacancies will, as far as possible, be reserved for candidates domiciled in Eastern Bengal and Assam.

Applications for admission to the Apprentice Department must reach the Principal's office not later than the following dates—

To the 3rd year class	} April 30th
To the 2nd year class	
To the 1st year class	

May 6th.

The session of the 2nd and 3rd year classes will commence on May 4th; of the 1st year class on June 1st.

Twelve vacancies will be reserved for Europeans and Eurasians.

There will be the following minimum number of vacancies on the Reduced Fee List—

For Indians 9,

For Europeans 8 and on the Free List one.

Election to these vacancies, which will occur on or about June 1st, will be made by the Board of Visitors at special meetings for European candidates in the month of May, for Indian candidates in the month of June.

Forms of application for admission to the Reduced Fee Lists may be had from the Principal's office. All applications from European candidates must reach the Principal's office before May 6th.

The tuition fee of students of the Apprentice Department is Rs. 3 monthly for each month of the year, vacation included, except for students of the Free and Reduced Fee List.

Every applicant before admission to the College will be examined by the College Surgeon as to his physical strength, fitness for manual labour and eyesight.

Before an applicant is admitted to the College his parent or guardian must sign an agreement in the prescribed form.

Candidates who fail to secure admission to the 1st year class of the Apprentice Department are informed that they are eligible for admission to the Sub-Overseer classes at—

The 27th April 1908.

No. 50 Marine.—The following draft of a rule which, in exercise of the powers conferred on him by section 36 of the Indian Steam-ships Act, 1884, the Lieutenant-Governor proposes to make in substitution of rule 32 of the rules to regulate the granting of Certificates of Competency to Engineers of sea-going steam-ships, sanctioned in Notification No. 46 Marine, dated the 7th April 1905, is, as required by section 42 of the said Act, published for the information of persons likely to be affected thereby.

The draft will be taken into consideration after the expiry of a month from the date of its publication in the *Calcutta Gazette*, and the Lieutenant-Governor will be pleased to consider any suggestions or observations which may be made by any person with respect to the draft rule within that period.

Draft rule.

Service in Pilot
boats

32. Service performed in sea-going pilot vessels when on their station, or when going to or returning from the same, may be accepted under the following conditions:—

Two months of such service is only equivalent to one month's qualifying service. Candidates for second class certificates may perform all their sea service in sea-going steam pilot vessels, but they must have been on regular watch on the main engines of a vessel of not less than 66 nominal horse-power. Candidates for first class certificates must prove, in addition to service on regular watch as senior Engineer in charge of the main engines of a steam pilot vessel of not less than 99 nominal horse-power, at least six months qualifying service at sea in a foreign-going vessel.

W. A. INGLIS,
Secy. to the Govt. of Bengal.

The 27th April 1908

No. 51 Marine.—The following draft of an amendment, which, in exercise of the powers conferred upon him by sections 51 and 51A of the Indian Steam-vessels Act, 1884 (VI of 1884), as amended by the Indian Steam-ships Law Amendment Act, 1890 (III of 1890), the Lieutenant-Governor proposes to make in the rules for the protection of passengers in river steamers against the spread of plague and other dangerous epidemic disease by persons travelling in such steamers, as issued under the Notification of this Government, No. 16-Marine, dated the 5th March 1907, is, as required by section 69 (1) of the said Act, published for the information of persons likely to be affected thereby.

The draft will be taken into consideration after the expiry of a month from the date of its publication in the *Gazette*, and the Lieutenant-Governor will be glad to consider any objections or suggestions with respect to the draft that may be made by any person within that period.

Draft Amendment.

Rule 1 (1) (a).—To this rule, the following sentence shall be added:—

"In the case of plague, steps should be taken immediately to get rid of any fleas that may be present in the clothing, bedding, and, if considered necessary, in the baggage of the patient by the complete immersions in boiling water of all articles capable of affording a lodgment for fleas."

Rule 6 (1).—The words “wrapped in a cloth soaked in a strong solution of cyllin and” shall be inserted between the words “shall be” and “made over” in line 1.

Rule 6 (2).—The clause “if they have not already been disinfected as directed in rule 1 (a)” shall be introduced in the beginning of the rule.

W. A. INGLIS,
Secy. to the Govt. of Bengal.

REVENUE DEPARTMENT.

NOTIFICATIONS

No. 313 T.R.—The 1st May 1908.—The Lieutenant-Governor, with the previous sanction of the Governor-General in Council, is hereby pleased to declare, under the provisions of section 26 of the Indian Forest Act (VII of 1878), that the areas specified below which, in Notification No. 5036, dated the 2nd December 1874, of the Central Provinces Administration, were declared to be reserved forest under section 34 of that Act, shall cease to be reserved forest with effect from this date:—

Specification of lands disforested.

Name of reserve or portion of reserve disforested.	District.	Pargana.	Mauza.	Area in acres.
(1) A portion of Lamdongri ...	Sambalpur ...	Sambalpur	27
(2) A portion of Baighara Forest in Jharghatti block.	Ditto ...	Ditto	4

Boundaries.

- (1) North—Bengal-Nagpur Railway lands and lands belonging to mauza Majhipali.

PUBLIC WORKS DEPARTMENT.

ESTABLISHMENT.

The 1st May 1908.

No. 72.—The following notification issued by the Government of India in the Public Works Department is republished for information:—

The 24th April 1908.

No. 83.—The following is published for general information:—

ESTABLISHMENTS.

Nos. 675-694E., dated the 24th April 1908.

RESOLUTION—By the Government of India, Public Works Department.

The Government of India have for some time had under their consideration the question of improving the pay of the Engineer Establishment of the Public Works Department. They have recognised that in the altered circumstances of the country the existing rates of pay are insufficient to ensure the recruitment of engineers with the requisite qualifications either in England or in India, or to maintain that standard of efficiency which is requisite to the proper maintenance and control of the great system of Public Works on which the advancement and prosperity of the country so largely depend. The question of re-organising the pay of the service is complicated by the inclusion in one list of Imperial engineers recruited in England and Provincial engineers recruited in India, the latter drawing a lower rate of pay. The Provincial Service was constituted in 1892, but up to the present time its officers, though on a lower scale of pay and under different rules in regard to leave and pension, are borne on the same list as the engineers of the Imperial Service—a practice not in accordance with that followed in any other Department. It has been decided that the opportunity afforded by the alteration of the rates of pay should be

taken to give full effect to the recommendations of the Public Service Commission and to separate the cadres of the Imperial and Provincial Services. The Governor-General in Council, with the approval of His Majesty's Secretary of State for India, is, therefore, pleased to sanction the following changes in organisation with effect from the 8th March of 1908, the date on which the Secretary of State's despatch on the subject was received in India.

IMPERIAL ENGINEERS.

2. *Assistant and Executive classes.*—In place of the existing graded system of promotion in the executive and assistant engineer classes, as laid down in Resolution No. 2523G., dated the 28th September 1893, it has been decided, with the object of equalising the rate of promotion of officers in these classes throughout India, to introduce a fixed time-scale of promotion. The scale sanctioned is as follows:—

			Maximum pay.	
			Rs.	
Assistant Engineer,	1st year of service	380
"	2nd " " "	420
"	3rd " " "	460
"	4th " " "	500
"	5th " " "	540
"	6th " " "	580
"	7th " " "	620
"	8th " " "	660
Executive Engineer,	9th " " "	700
"	10th " " "	750
"	11th " " "	800
"	12th " " "	850
"	13th " " "	900
"	14th " " "	950
"	15th " " "	1,000
"	16th " " "	1,050
"	17th " " "	1,100
"	18th " " "	1,150
"	19th " " "	1,200
"	20th " " "	1,250

The two periodical increments of Rs. 50, now admissible to Executive Engineers, 1st grade, under paragraph 12 of Volume I of the Public Works Code, are abolished and, in accordance with the procedure which is usually adopted when the pay of a service is reorganised on an improved basis, exchange compensation allowance will cease to be drawn with effect from the date on which the new scale comes into force.

The increments will be given for approved service only; but after the first increment has been admitted by the Local Government or Administration under which the officer is serving subsequent increments may be drawn in each class on the date on which they are due, and may be admitted in audit without sanction of higher authority, provided that the Local Government or Administration concerned has not issued an order withholding the increment in any particular case. In the 9th year of service an officer will ordinarily pass into the executive class, the minimum pay of which is Rs. 700, but no officer will be permitted to enter that class until he is reported fully qualified for the charge of a division. Further, no officer in the executive class may draw more than Rs. 800 a month except as a purely temporary arrangement, unless he holds a divisional charge, or a charge which, in the opinion of the Local Government or Administration, is of equal importance. An officer of the assistant class placed in charge of a division will, in addition to his substantive pay, draw the ordinary officiating allowance admissible under article 120, Civil Service Regulations, subject to a maximum of Rs. 700, which is the minimum pay of an Executive Engineer; but the period during which an Assistant officiates in the executive class will not count as service for increments in that class. Temporary promotion to the rank of Executive Engineer is abolished.

3. *Administrative classes.*—No change is made in the pay of officers of administrative rank, as sanctioned in Resolution No. 1101E., dated the 25th August 1905, but exchange compensation allowance will not be admissible on promotion to that rank to officers who on the 8th March 1908 were below the rank of Executive Engineer, 1st grade. An exception is made in the case of Executive Engineers, 1st grade, since the enjoyment of the higher rate of pay up to the date of promotion to the rank of Superintending Engineer might not compensate them for the loss of exchange compensation allowance, admissible to administrative officers under present rules. Exchange compensation allowance in the administrative classes has already been withdrawn by the orders in Resolution No. 471E., dated the 30th April 1906, from all officers appointed to the Department in and after the year 1907, and the present orders will ultimately lead to the complete abolition of the allowance throughout all ranks of the Department.

PROVINCIAL ENGINEERS.

4. *Assistant and Executive classes.*—In the case of these officers the following improved time-scale for the assistant and executive classes is introduced in place of the system of grade promotion, laid down in Resolution No. 2523G., dated the 28th September 1893, under

which an officer of the Provincial Service cannot, as an Executive Engineer, rise above as maximum pay of Rs. 650:—

				Maximum pay.
				Rs.
Assistant Engineer,	1st year of service	250
"	2nd "	250
"	3rd "	300
"	4th "	300
"	5th "	350
"	6th "	350
"	7th "	400
"	8th "	400
"	9th "	450
"	10th "	450
"	11th "	500
"	12th "	500
"	13th "	550
"	14th "	550
"	15th "	550
Executive Engineer,	16th "	650
"	17th "	650
"	18th "	700
"	19th "	700
"	20th "	750
"	21st "	750
"	22nd "	800
"	23rd "	800
"	24th "	850
"	25th "	850
"	26th "	900

No promotion to the executive class will be made until the completion of 15 years' service, and promotion at that stage will be dependent on—

- (1) possession of the necessary qualifications for the charge of a division,
- (2) existence of a vacancy in the divisional charges reserved for provincial engineers (paragraph 11 below).

An assistant appointed to the charge of a division will receive the ordinary officiating allowance admissible under article 120, Civil Service Regulations, subject to a maximum salary of Rs. 650, the minimum pay of the executive class; but the period during which an Assistant officiates in the executive class will not count as service for increments in that class. Temporary promotion from the assistant to the executive class is, as in the case of the Imperial Service, abolished.

The increments will be given for approved service only, and may be drawn when due subject to the same restrictions as are laid down in the case of the Imperial Service.

5. *Administrative classes.*—In supersession of the rates of pay fixed in Resolution No. 2112G, dated 19th July 1892, the following revised rates are sanctioned for the three classes of Superintending Engineers:—

						Rs.
Class I	1,600
" II	1,400
" III	1,200

The rates of pay for officers of the Provincial Service who may rise to the rank of Chief Engineer will be the rates sanctioned for Imperial engineers.

6. All Provincial engineers now in the Department are given the option of electing or these new conditions of service. If election is made within two months from the date of this resolution, it will take effect from the date from which the new scale is sanctioned, otherwise with effect from the date of election. A reasonable extension of time, at the discretion of Local Governments and Administrations, may be permitted in the case of officers on leave or on foreign service out of India.

7. In the case of both Imperial and Provincial engineers all time spent on leave with allowances, on foreign service and on deputation on special duty, will count as service for increments on the time-scale in the absence of orders in any particular case to the contrary. In regard to the date on which increments become due the rule in Civil Service Regulations, article 151, will apply. This will not, however, in any way affect the question of relative seniority which, as at present, will be regulated by the date or order of appointment, as the case may be.

8. The initial salary which each officer now in the service is to draw under the new scales of pay will be determined by their Local Governments, except in the case of officers on the minor Administrations List, whose promotion has hitherto been regulated by the Government of India. The initial salary to be drawn by these officers will be communicated in due course to the Government of Eastern Bengal and Assam and to the Local

Administrations concerned. In determining the initial pay under the new scales it should be understood that, though Local Governments are accorded full power to fix the pay of any officer within the maximum admissible for his length of service, no officer whose promotion has been retarded in the past is, by reason of length of service, entitled to claim a higher rate of pay under the new scales than that admitted to the officer immediately above him in the seniority list. Indian College officers on the Imperial rates of pay will count service, for the purpose of the new incremental scale, from the date on which they attained the pay Rs. 350.

9. The new scale will be introduced so as not to cause any reduction in the emoluments (substantive pay *plus* exchange compensation allowance) actually drawn at present by any officer, Imperial or Provincial, under the existing scale. In any case in which under the new scale the pay admissible is less, the difference between such pay and the old scale of pay, *plus* exchange compensation allowance, will be allowed as a personal allowance to be reduced or absorbed as the recipient's pay, or salary, is increased under the new scale. Further, no officer shall be called upon to refund any excess of pay, which he may have actually drawn, under competent authority, between the date on which the new scales of pay take effect, viz., the 8th March 1908, and the actual date of the orders of the Local Government or Administration regulating the position of the officer on the incremental scale; and any officer, whether Imperial or Provincial, permanently promoted to the rank of Executive Engineer on or before the date of this Resolution, may be permitted to retain that rank irrespective of his position on the new incremental scales of pay.

10. The pay to be drawn by Royal Engineers in the administrative classes is determined by Resolution No. 1140E., dated 15th October 1906, and separate orders will issue in due course in regard to the pay to be drawn by these officers in the executive and assistant classes consequent on the revision of the civil rates of pay now sanctioned.

11. It will now be necessary to fix a separate cadre for Imperial and for Provincial engineers for each province or branch of the service, and this matter, which is not one of urgency, will be taken up in due course in communication with the various Local Governments and Administrations. The strength of the Provincial Service has, with the sanction of the Secretary of State, been fixed for the present at 280 officers, and separate cadres will therefore be laid down for each Provincial branch of the service working up to this total, the balance of requirements being provided for in the cadres for Imperial engineers. It may be explained that, in order to secure, as provided in the scale of pay laid down, the promotion of each qualified Provincial engineer to the executive class, after three years' service on his maximum pay as an Assistant Engineer, in other words in his 16th year of service, it is estimated that it will be necessary to reserve a minimum of 75 divisional charges for this service. This number will accordingly be eventually reserved and distributed over the various Provincial cadres. The Provincial service which was introduced by Resolution No. 2112G., dated 19th July 1892, is still in its infancy, the total strength at present being 145 officers, and no officer of that service has consequently yet reached the stage in his career when his fitness for administrative rank would ordinarily require consideration. All administrative charges must therefore be filled for the time being by Imperial engineers, and the cadres for Provincial engineers will, for the present, be confined to the executive and assistant classes. The Governor-General in Council, however, fully recognizes the necessity of increasing the strength of the Provincial Service, as soon as this is found to be practicable, in order to provide a larger field of employment for persons who have been trained in this country. The scheme now sanctioned for the Provincial Service must not therefore be regarded as finally determining the position of that service in the Public Works Department, but rather as providing the framework of a scheme, to be subsequently enlarged, in the direction of giving the Indian element in the department a larger share in the administration of the public works of their country as they prove their fitness for the higher posts. The Governor-General in Council, therefore, directs that a careful reconsideration of the strength and constitution of the Provincial Service shall be undertaken at periodical intervals of five years.

ORDERED that this Resolution be forwarded to Local Governments, Administrations

DECLARATION.

No. 1892J.—The 8th May 1908.—Whereas certain land was acquired by the Bengal Government under the provisions of Act I of 1894 and Act XVIII of 1885 for a public purpose, viz., for the Sijua siding of the East Indian Railway, which siding leaves the Dhanbaid-Katras Branch at mile 174, furlong 3, feet 284, and whereas coal mines are situate under the said land, and whereas the Reliance Coal Company, Limited, have given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that the said Company intend to work the said mines, and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said Reliance Coal Company, Limited, have agreed not to work and get minerals underlying the land acquired for their siding, or underlying the land acquired for the branch or other lines with which the siding is connected or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working:

Now, therefore, the Lieutenant-Governor of Bengal is pleased to declare, under section 5, sub-section (2), clause (b) of the abovementioned Act, XVIII of 1885, that the working shall be carried on by the said Reliance Coal Company, Limited, in the manner and subject to the restrictions below specified, viz.—

Galleries not exceeding 12 feet in width and 9 feet 6 inches in height may be driven in the approximate direction of the red arrows A, B, C, D, E, F and G. H. on the plan.

L. A. M. A. No. 84 (b).

These restrictions shall apply only to the seam known as the bottom section of No. 15 seam, and to the area edged with pink on the plan, and the Reliance Coal Company, Limited, shall give notice, under section 4 of the Land Acquisition (Mines) Act, 1885, of their intention to work any other seam under such area, or to work coal under any other area of acquired land, and that in all the above cases no further excavation shall be made in any of the galleries which already have been driven, the actual heights and widths of which have been carefully recorded on the plan marked L. A. M. A. No. 84 (b) signed by the Chief Inspector of Mines.

The plan referred to may be seen in the office of the Chief Inspector of Mines in India by the parties concerned.

NOTICE.

The 15th May 1908.

TO MEDICAL PRACTITIONERS, DRUGGISTS AND CHEMISTS.

THE following revised rules have been prescribed for controlling the exportation of morphia to Burmah, and special attention is hereby drawn to them:—

- (a) Morphia manufactured in India may not be imported into Burmah.
- (b) Morphia produced out of India may not be imported into Burmah except by Medical Practitioners and by specially licensed Pharmacists. A Medical Practitioner is a person who has been registered under an English Medical Act, or who has received a medical diploma from an Indian University and who practises medicine according to European methods. A Pharmacist is a person who deals in European medicines and drugs as a means of livelihood and who holds a license for the retail vend of morphia. A Pharmacist may not import morphia unless he has been granted a special importer's license which authorizes both the import and the vend of morphia.

CALCUTTA CUSTOM HOUSE, the 26th May 1908.

CALCUTTA COLLECTORATE.

NOTICE.

The 15th May 1908.

TO MEDICAL PRACTITIONERS, DRUGGISTS AND CHEMISTS.

The following revised rules have been prescribed for controlling the exportation of morphia to Burmah, and special attention is hereby drawn to them:—

- Morphia manufactured in India may not be imported into Burmah.
- Morphia produced out of India may not be imported into Burmah except by Medical Practitioners and by specially licensed Pharmacists. A Medical Practitioner is a person who has been registered under an English Medical Act, or who has received a medical diploma from an Indian University and who practises medicine according to European methods. A Pharmacist is a person who deals in European medicines and drugs as a means of livelihood and who holds a license for the retail vend of morphia. A Pharmacist may not import morphia unless he has been granted a special importer's license which authorizes both the import and the vend of morphia.

RAILWAY DEPARTMENT.

The 2nd June 1908.

Notification.—No. 10R.—Whereas it appears to the Lieutenant-Governor of Bengal that land in the districts of Manbhum and Hazaribagh is likely to be needed for a public purpose, namely, for a line of Railway on the 5' 6" gauge from Mohuda Station on the Bengal-Nagpur Railway to the Ramgarh Coal Field, a distance of 54 miles, and passing by the villages of Mohuda and Kunji in the Manbhum district and villages of Doogda, Rangemutee, Toreeo Pichree, Dhodee, Phosro, Bukaro, Tureedeh, Jurungdeeh, Bandhdeeh

Sarum, Hosir, Koosinatand, Gungudeen, Hurodeeh, Suttebera, Koosumdeeh Kooehara, Jorakabl, Burwakoocha, Titureedeh, Chathar, Koondroo Kulam, Goburdahi, and Ramgar, in the Hazaribagh district:

Notice is hereby given to all whom it may concern that in exercise of the powers conferred by section 4 of the Land Acquisition Act, I of 1894, the Lieutenant-Governor has authorized the Engineers of the Bengal-Nagpur Railway Company for the time being engaged on this undertaking to enter upon and survey land and do all other acts required for the proper execution of their work as provided for or specified in that section.

W. A. INGLIS,

Secy. to the Govt. of Bengal.

MARINE DEPARTMENT.

The 2nd June 1908.

No. 61 Marine.—In exercise of the powers conferred upon him by section 10 of the Indian Merchant Shipping Act of 1859, the Lieutenant-Governor is pleased, with the previous sanction of the Governor-General in Council, to make the following rule respecting the examination in signalling of candidates for certificates as Master and Mate:—

On and after the 1st July 1908, candidates for the Extra Master's Certificate will, in addition to the ordinary examination in the method of signalling dealt with in the International Code and British Signal Manual, be required to show practical proficiency in both the Morse and Movable Semaphore methods of signalling, i.e., the ability to make and take in signals by both these methods with reasonable speed and accuracy.

This examination will also be open to officers holding, or candidates for, certificates of competency as Master or Mate, as a voluntary examination and, should the candidate pass this examination, the fact with the date and place of passing will be recorded on his certificate of competency. The fee for this voluntary examination will be Rs. 15.

Attention is drawn to the fact that the Pyrotechnic Morse Code at present given in the British Signal Manual will, in the new edition, now in preparation by the Admiralty, be omitted.

It has therefore been decided that this Code shall not form a subject of this examination

W. A. INGLIS,

Secy. to the Govt. of Bengal.

The 2nd June 1908.

HIGH COURT NOTICE.

NOTIFICATION.

THE following Rule made by the High Court of Judicature at Fort William in Bengal is published for general information.

By order of the High Court,

A. P. MUDDIMAN,

Registrar.

IN THE HIGH COURT OF JUDICATURE AT FORT WILLIAM IN BENGAL.

(CIVIL APPELLATE JURISDICTION.)

It is ordered that the following proviso be added to Rule I, Part II, Chapter X, page 67 of "The Rules of the High Court, Calcutta, Appellate Side," published in Part I, pages 1523 to 1583 of the *Calcutta Gazette* of the 19th November 1902:—

Provided that in every appeal from an interlocutory order made in the course of a suit and coming under clause (24), section 588 of the Code of Civil Procedure, the Deputy Registrar shall only call for from the Lower Court copies of the plaint, of the written statements, if any, of the order-sheet, and of the papers directly relating to the interlocutory proceeding under appeal. The parties to the appeal will, however, be at liberty to apply to the Court for a special order for the transmission of any other papers or copies thereof.

The 22nd May 1908.

Sheriff's Office, the 3rd June 1908.

Notice is hereby given that the third Criminal Sessions of the year 1908 of the High Court of Judicature at Fort William in Bengal, for the Town of Calcutta and Factory of Fort William, and the places subordinate thereto, will be held at the Court-house, in the Town of Calcutta, on Wednesday, the first day of July next, at 11 o'clock in the forenoon, and thenceforward from day to day until the said Sessions be over. NOTIFICATION.

No. 733T.G.—The 4th June 1908.—The following revised rules for the appointment of Sub-Registrars in the Registration Department are published for general information, in supersession of Rule 2 in Chapter V, pages 81 82 of the Registration Manual.

H. C. STREATFIELD,
Offg. Secy. to the Govt. of Bengal.

RULES FOR APPOINTMENT IN THE REGISTRATION DEPARTMENT.

1. Appointments to the Registration Department will in future ordinarily be made on the nomination of Commissioners of Divisions.
2. For the purposes of such nominations, the Divisions will be grouped as follows:—

- (A) The Presidency and Burdwan Divisions.
- (B) The Patna and Bhagalpur Divisions.
- (C) The Chota Nagpur Division.
- (D) The Orissa Division.

3. On the occurrence of a vacancy in one of these groups, the Commissioner of the Division, or where there are two Divisions in a group, the Commissioner of one of the Divisions in such rotation as may be fixed by Government will be called on by Government to nominate three candidates for the vacancy.

4. Ordinarily one of these three nominees will be selected for the appointment: but the Lieutenant-Governor reserves to himself the right of appointing any other person.

5. Candidates must be under 25 years of age and must ordinarily have passed the F.A. Examination of the Calcutta University, or have qualifications declared by Government to be equivalent to that examination. This rule does not preclude Commissioners from nominating persons who have not these qualifications, but who have sufficient knowledge of English for the proper performance of the duties of Sub-Registrar, and whose claims appear for particular reasons to deserve special consideration.

6. No list of candidates will in future be kept either in the office of the Inspector-General of Registration or in the Bengal Secretariat, and no notice will be taken of applications for appointment as Sub-Registrar addressed to those offices.

DECLARATION.

No. 1905 J.—The 6th June 1908.—Whereas certain land was acquired by the Bengal Government under the provisions of Act I of 1894 and Act XVIII of 1885 for a public purpose, viz., for such portion of the Bhaga Branch of the Bengal-Nagpur Railway as lies between mile 202·7 furlongs 170 feet and mile 203·2 furlongs 282 feet and for the Simlabahal siding which takes off the Bhaga Branch at or about mile 203·2 furlongs 222 feet, and whereas coal mines are situate under the said land, and whereas the Bhalgora Coal Company, Limited, have given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that the said Company intend to work the seam known as No. 15 seam, and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said Bhalgora Coal Company, Limited, have agreed not to work and get minerals underlying the land acquired for their siding, or underlying the land acquired for the branch or other lines with which the siding is connected or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working:

Now, therefore, the Lieutenant-Governor of Bengal is pleased to declare, under section 5, sub-section (2), clause (b) of the abovementioned Act, XVIII of 1885, that the working shall be carried on by the said Bhalgora Coal Company, Limited, in the manner and subject to the restrictions below specified, viz.—

- (a) No coal shall be extracted from the areas cross-shaded in yellow on the plan.
- (b) Under land acquired for the Simlabahal siding—

- (1) Where the distance from the surface to the top of the gallery, if driven, is from 50 feet to 150 feet, galleries shall be driven with 40 feet centres.
- (2) Where the distance from the surface to the top of the gallery, if driven, is 150 feet to 200 feet, galleries shall be driven with 50 feet centres.
- (3) Where the distance from the surface to the top of the gallery, if driven, is more than 200 feet, galleries shall be driven with 60 feet centres.

- (c) Under land acquired for the Bhaga Branch, galleries shall be driven with 70 feet centres.
- (d) No galleries shall exceed 12 feet in width by 12 feet in height, except that all main pit level galleries driven out from shafts shall not exceed 14 feet in width by 10 feet in height.
- (e) These restrictions shall apply to No. 15 seam only, and to the area edged with pink on the plan, L. A. M. A. No. 95, and the Bhalgora Coal Company, Limited, shall give notice, under section 4 of the Land Acquisition (Mines) Act, 1885, of their intention to work any other seam under this area, or to work coal under any other area of acquired land, and that in all the above cases no further excavation shall be made in any of the galleries which already have been driven, the actual heights and widths of which have been carefully recorded on the plan marked L. A. M. A. No. 95 signed by the Chief Inspector of Mines.

The plan referred to may be seen in the office of the Chief Inspector of Mines in India by the parties concerned.

WATER-RATE RULES FOR THE TEUR (MADHUBAN) CANAL.

The 6th June 1908.

No. 7.—Notification.—In exercise of the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, His Honour the Lieutenant-Governor of Bengal proposes to make the following water-rate rules and to fix the undermentioned rates to be charged for water supplied from the Teur (Madhuban) Canal, in supersession of those now in force.

W. A. INGLIS,

Secy. to the Govt. of Bengal.

GENERAL CONDITIONS.

1. The revenue administration of the Teur (Madhuban) Canal is vested in the Superintending Engineer of the Gandak Circle. The Divisional Canal Officer is responsible for maintaining the Canal in an efficient condition, for the distribution of water to the lessees, and for the closing of the outlets in rotation when required; he is further responsible for the assessment of water-rates.

2. The Collector of the district is responsible for the collection of water-rates.

3. Except as provided in the Act and in these rules, no appeal shall lie from an order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

4. In appeals to the Collector under section 91 of the Act other than those especially provided for in rule 16, the Collector may require the Superintending Engineer to state his opinion in writing, which opinion shall form part of the record of the proceedings of the case.

ON APPLICATIONS.

5. Any person who requires a lease for water may apply to—

- (a) the Sectional Officer, or
- (b) the Subdivisional Canal Officer.

These preliminary applications must be made in writing and may be on plain paper. The person receiving them shall enter on the back any further data required.

ON LEASES AND PERMITS.

6. Leases for a term of 8 years may be granted under the following conditions:—

- (i) The lands to be irrigated must constitute a block with defined boundaries and be so situated that adjoining lands will not ordinarily or probably be irrigated with water supplied.
- (ii) All the irrigable lands within the limits of the block must be included.
- (iii) Sufficient distributing channels must be provided to enable the irrigation to be carried on without waste of water.
- (iv) No lease will be granted when the water must cross unleased lands unless there is a channel which will, in the opinion of the Subdivisional Canal Officer, convey the water across the intervening land without waste.

Applications for leases for a term of years will be received up to 1st May in each year. It shall be within the discretion of the Divisional Canal Officer to accept or decline applications for such leases if presented at a later date.

7. The Divisional Canal Officer shall issue permits for leases for a term of years to the lessee through the Subdivisional Canal Officer.

8. When water is required, pending the completion of a lease for a term of years, the Subdivisional Canal Officer may, on application, grant a season lease which will be cancelled if the lease for a term of years is subsequently concluded.

9. Season leases for the supply of water for any crop may be granted, on application, by the Subdivisional Canal Officer.

10. When a lease is granted, an agreement shall be taken in forms given in Appendices I, III, IVA, IVB, VII and IX and a "permit" shall be given to the lessee or lessees in forms given in Appendices II, IV, IVC, X and XI.

11. Water for filling tanks may be supplied when available for cash paid in advance; the water taken into the tanks may be used for irrigation or any other purpose (forms of application and permit are given in Appendices V and VI).

ON WATER-RATES.

12. The following rates will be charged for water supplied, whether taken by lift or flow:—

	Rs. A.
I.—Leases for a term of 8 years, 16th June to end of February in each year	1 0 per acre.
II.—Season leases, 16th June to 31st October	2 0 " "
III.—Season leases, 1st November to end of February	1 0 " "
IV.—Season leases, 1st March to 15th June	2 0 " "
V.—For one or more waterings supplied between 1st March and 15th June	0 12 for each watering
VI.—Water supplied to tanks	1 0 per 10,000 c. ft.

ON DEMAND STATEMENTS.

13. The statement of the amounts due for the water-rates leviable under these rules shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall, from time to time, be sanctioned by the Lieutenant-Governor. A *parcha* showing the area and amount assessed against each cultivator shall be sent to him through the cultivator's representative when or before the demand statement is sent to the Collector for realization. Persons charged under rule 33 shall be served as soon as the charge is made, by post or otherwise, with a statement showing the amounts charged.

14. The rates for water supplied on a lease for a term of years between the 16th June and the end of February shall be payable in two equal instalments, falling due respectively on the 1st January and 1st February following, but all sums of Rs. 10 and under shall become due on the 1st January and be payable in one instalment.

The rates of water supplied on season leases between the 16th June and 31st October shall be payable in two equal instalments falling due respectively on the 1st January and 1st February following, but all sums of Rs. 10 and under shall become due on the 1st January and be payable in one instalment.

The rates for water supplied on season leases between 1st November to end of February shall fall due on the 1st April following.

The rates for water supplied on season leases between 1st March and 15th June shall fall due on the 1st July following.

The rates for water to be supplied to tanks shall be payable before water is supplied.

15. Water-rates imposed under rule 33 shall fall due as soon as the assessment is made and shall be realized at once.

ON REMISSIONS.

16. Remission of water-rates, either in whole or in part, shall be granted as follows:—

(i) By the Divisional Canal Officer for errors in assessment or rates.

(ii) By the Divisional Canal Officer for injury to a crop on a leased area caused by a deficiency in the supply of water.

In the latter case a written application must be made at least 20 days before the crop is cut.

17. Remissions on other grounds than the above require the sanction of Government.

18. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realisable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

ON CULTIVATORS' REPRESENTATIVES.

19. In all applications and permits other than those relating to sale of water by volume, the names of one or more persons shall be entered as *lambardars* who will be responsible for discharging the duties mentioned below:—

I.—Obtaining signatures to applications and certifying to the correctness of the same.

II.—Attending and giving assistance in measuring land irrigated, or proposed to be irrigated.

III.—Giving timely information to the Canal Officer or subordinate of any insufficiency in the supply of water and promptly reporting when the irrigation of the leased area, on any channel, is complete.

- IV.—Supervising the distribution of the water supplied through an outlet amongst the persons entitled thereto and reporting any misuse of the same.
- V.—Being present when complaints are investigated by a Canal Officer, or subordinate, and giving information required in connection with the same.
- VI.—Receiving *parahas* from the Canal Officer and distributing the same amongst the persons named therein.
- VII.—Reporting before the 15th of October all cases in which crops have been injured by deficiency or irregularity of supply in the *kharrif* season so that these cases may be investigated before water rates are demanded.
- VIII.—Reporting to the Collector or to such officer as he may appoint, mutations in holdings in the case of leases for a term of years.
- IX.—Assisting the Collector by pointing out the residences of the persons assessed and identifying them.

20. In the case of season leases the remuneration for performing the duties mentioned in the rule immediately preceding shall be two per cent. on the assessment (excluding fractions of a rupee) which shall be paid by the Canal Officer. The amount paid shall be calculated in rupees and annas only, pias being omitted.

21. In the case of leases for a term of years other than those entered into jointly with contractors the remuneration to be paid to the *lambardar* for performing the duties mentioned in rule 19 shall be three per cent. yearly on the assessment of the year (excluding fractions of a rupee) which shall be paid by the Canal Officer. The amount paid shall be calculated in rupees and annas only, pias being excluded.

22. The *lambardar* will be appointed by the Subdivisional Officer in consultation with the applicants for the lease and must be a substantial person having a beneficial interest in part of the land to be irrigated. There is no objection to different *lambardars* being appointed to represent sections of the applicants or two or more persons being jointly appointed as *lambardar* on behalf of the whole of the applicants. In case the Subdivisional Canal Officer cannot agree with the applicants in the appointment of *lambardar*, he shall nominate a *lambardar* for approval by the Divisional Canal Officer.

In those cases where an application is made by a contractor and cultivators jointly for a lease for a term of years the *lambardar* shall be nominated by the contractor.

23. The Divisional Canal Officer may, for reasons which appear to him to be sufficient and which must be recorded, remove a *lambardar* from his appointment, and in that case a new *lambardar* shall be appointed in the manner prescribed in the rule immediately preceding.

24. The fees to be paid to *lambardars* will only be disbursed if the duties specified have been satisfactorily performed. The Divisional Canal Officer may retrench the whole or any part of the fees payable for reasons to be recorded in writing. In calculating the fees payable, fractions of one anna will be excluded.

Intermediary agency.

25. Leases for a term of years will be entered into with associations of cultivators as specified in these rules; and also on the joint application of the cultivators and of some person hereinafter called the contractor who shall collect and pay to Government all sums due under the agreement on account of water-rates. The joint agreement shall be in the form given in Appendix VII to these rules. The contractor must have a beneficial interest in some part of the land included in the application extending for the full term of the lease.

26. Contractors are authorised to collect water-rates from the cultivators who have signed the application and from their successors in interest in the land included in the block at the rates fixed by the Lieutenant-Governor.

27. A contractor (or in case there be more than one, each contractor severally) shall use due diligence in the collection of the water-rates specified in the agreement from the cultivators who have applied for the water supply. In the case of his failure after due diligence to collect, he shall within thirty days of the rates becoming due submit to the Collector a list showing the names of the defaulters with the sums due from each, and the Collector shall thereupon proceed to realize the amount due from the said defaulters according to law.

28. A contractor (or in case there be more than one, each contractor severally) shall be responsible for all sums payable on the agreement except such sums as he may satisfy the Collector that he has been unable to collect after using due diligence and shall be entitled to a commission of 5 per cent. on all sums collected by himself.

29. In the case of a lease entered into under an application in the form given as Appendix I, a contractor may subsequently be appointed by the Collector with the written approval of the Divisional Canal Officer. Such contractor must for the whole term of the lease have a beneficial interest in some part of the land included in the application and must sign an application in the form given as Appendix VIII. The appointment shall not be made unless the *lambardars* and leading cultivators give their assent in writing thereto and the Collector is satisfied that the appointment of a contractor is acceptable to the signatories to the lease.

30. The contractor appointed under rules 25 and 29 may, but shall not necessarily be *lambardar*. The *lambardar* will in all cases be appointed by the Canal Officer under the provision of rule 23 and shall be remunerated at the rate specified in rule 21 subject to the conditions mentioned in rule 24.

31. No steps shall be taken to prepare a joint application by cultivators and a contractor until the written assent of the Collector to the proposed contractor has been received, nor shall the Collector take any steps towards the appointment of a contractor under rule 29 until the written assent of the Divisional Canal Officer has been received. The Collector may, before approving of a contractor under this rule, require him to give security for the due performance of the contract.

32. A contractor may resign his interest in the lease by giving notice to the Divisional Canal Officer three months at least before the 16th June next following, in which case his connection with the lease shall cease from that date and the Subdivisional Canal Officer shall proceed to appoint a *lambardar* under rule 22 and the Collector to realize water-rate due directly from the lessees.

The Divisional Canal Officer may, at the instance of the Collector, remove any contractor who fails to use due diligence in making collections. In such cases three months' notice at the least before the 16th June next following shall be given and the removal shall take effect from that date. The Collector may, under the conditions and procedure specified in rule 29, appoint a new contractor in place of a contractor who has resigned or who has been removed.

ON UNAUTHORISED IRRIGATION.

33. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged; this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

34. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorized manner, he shall hold a local investigation, and, if he considers that the land deriving benefit is liable to assessment, he shall serve a notice on the persons concerned, fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal.

35. The Divisional Canal Officer after hearing any objection that may be raised shall if he is of opinion that the land should be assessed, fix the rates allowed under rule 33 and return the record to the Subdivisional Canal Officer who shall then complete the assessment. Water-rates shall not be charged where the unauthorized irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate. It is not an unauthorized use of water during the *khari* season to receive or to lead water on to unleased lands which may have been supplied to lands under lease in excess of requirements.

36. Applications for leases may be subsequently received from villages in which unauthorized irrigation has occurred, and these villages may be granted leases; in such cases the persons assessed under rule 33 shall also pay the water-rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 33. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 33.

ON PENALTIES AND CANCELLING OF LEASES.

37. Should it be proved, after due enquiry, that the supply of water given to any area leased for a term of years is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

38. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to—

- (I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also, if specially so ordered, until half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.
- (II) Cancel any lease for a term of years, if on the 1st June water-rates to the extent of half the demand for one year are in arrears.
- (III) Cancel any lease the lands covered by which cannot be irrigated from the canal except by passing water over an unleased area.

MISCELLANEOUS.

39. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels, or banks of a canal or drainage work after he has been desired to desist therefrom except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose. Any person who after due warning breaks this rule may be proceeded against under section 93, clause (9) of the Bengal Irrigation Act, III of 1876.

40. Unless specially exempted by the Lieutenant-Governor from the operations of these rules no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

HIGH COURT NOTICES.

NOTIFICATION.

THE following Rule having been framed by the High Court of Judicature at Fort William in Bengal, in the exercise of the powers vested in it by the Statute 24 and 25 Vic., Chapter 104, section 15, and sanctioned by the Governor-General in Council, is published for general information.

HIGH COURT,
ENGLISH DEPARTMENT
(CRIMINAL),
The 3rd June 1908.

By order of the High Court,

A. P. MUDDIMAN,

Registrar.

Rule No. of 1908.

After Rule 28, Chapter III, page 88 of the High Court's General Rules and Circular Orders, Criminal, insert the following:—

Documents not admitted as evidence.

28A. Documents which have not been admitted as evidence should not be made part of the record, but should at once be returned to the party by whom they have been produced.

General Letter No. 5, dated Calcutta, the 19th May 1908.

From—A. P. MUDDIMAN, Esq., Registrar of the High Court of Judicature at Fort William in Bengal,

To—The District Judge of

I AM directed to forward, for your information and guidance, and for communication to the Subordinate Civil Courts of your district copies of the rules which have been framed by this Court regarding pleaders' clerks.

2. The attention of the Court has recently been drawn to the unsatisfactory condition of affairs which has resulted in certain instances from an excessive number of persons attending the local Courts under the pretext that they are pleaders' clerks. It has also been brought to the notice of the Court that the powers of District Judges in regard to the control of this nuisance are not as clearly defined as is desirable. The Court trust that the rules now issued will be sufficient to meet the evil.

3. I am to request that you will be so good as to state in your next Annual report the way in which the rules have worked during the period they have been in force in your district.

Rules regarding Pleaders' Clerks.

1. The District Judge at head-quarter stations, and such Court at out-stations as the District Judge may direct, shall maintain a register of all clerks employed by the pleaders practising in the Civil Courts at those places, showing their names, residences and the date on which they were registered as clerks of the pleader by whom they are employed.

2. On or before the date on which these rules come into force, all pleaders practising in the Civil Courts shall file a statement of the names and addresses of the clerks employed by them, and shall report any changes as they occur. The certificates required by rule 5 shall be furnished in regard to the persons whose names are reported for registration under this rule.

3. No person whose name has not been duly registered shall be recognized as the clerk of a pleader; and no person who is not a party, or a pleader, or a clerk duly registered under these rules, shall be admitted to the offices of the Courts on any pretext.

4. No pleader shall employ more than two clerks at one and the same time, without the express permission of the District Judge.

5. A pleader, desiring to employ as a clerk, any person not in his employ at the date these rules come into force, shall state in his application that such person is a fit and proper person to be so employed, and that he will be employed *bond fide*, in his own service, for the purposes of his legal business.

6. These rules shall come into force on the 1st of July 1908.

General Letter No. 6, dated Calcutta, the 26th May 1908.

From—A. P. MUDDIMAN, Esq., Registrar of the High Court of Judicature at Fort William in Bengal,
To—The District Judge of

In continuation of the Court's General Letter No. 15, dated the 14th December 1907, I am directed to inform you that the 26th June 1908 having been fixed by the Government of India as the date for the celebration of His Majesty the King-Emperor's Birthday, that day shall be observed as a close holiday in the Civil Courts subordinate to the High Court.

Sheriff's Office, the 3rd June 1908

NOTICE is hereby given that the third Criminal Sessions of the year 1908 of the High Court of Judicature at Fort William in Bengal, for the Town of Calcutta and Factory of Fort William, and the places subordinate thereto, will be held at the Court-house, in the Town of Calcutta, on Wednesday, the first day of July next, at 11 o'clock in the forenoon, and thenceforward from day to day until the said Sessions be over. And it is hereby proclaimed that all persons who are to prosecute any of the prisoners to be brought up for trial at the said Sessions be present then and there to prosecute.

DECLARATION.

No. 1023 J.D.—The 15th June 1908.—Whereas certain land was acquired by the Bengal Government under the provisions of Act I of 1894 and Act XVIII of 1885 for a public purpose, viz., for the siding of the Kuardi colliery between Raniganj and Kalipahari stations taking off at mile 126 and 4.910 feet of the East Indian Railway, and whereas coal mines are situate under the said land, and whereas the Kuardi Coal Company, Limited, have given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that the said Company intend to work the mines under the siding, and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said Kuardi Coal Company, Limited, have agreed not to work and get minerals underlying the land acquired for their siding, or underlying the land acquired for the branch or other lines with which the siding is connected or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working:

Now, therefore, the Lieutenant-Governor of Bengal is pleased to declare, under section 5, sub-section (2), clause (b) of the abovementioned Act, XVIII of 1885, that the working shall be carried on by the said Kuardi Coal Company, Limited, in the manner and subject to the restrictions below specified, viz.—

- (a) that the distances between the centres of the galleries be not less than 50 feet;
- (b) that the dimensions of the galleries be not more than 8 feet wide by 7 feet high, the galleries to be driven in the bottom portion of the coal seam;
- (c) manholes 6 feet high, 3 feet wide by 4 feet deep may be constructed when required by any rule under the Indian Mines Act, 1901;
- (d) the above restrictions apply to the Ghusic seam only and to the area edged with pink upon the plan referred to below, and the Kuardi Coal Company, Limited, shall give notice of their intention to work any other seam under the above area or to work coal under any other area of acquired land.

A plan marked L. A. M. A. No. 75 signed by the Chief Inspector of Mines may be seen in his office by the parties concerned.

BUKHTIARPUR-BIHAR TRAMWAY EXTENSION.

No. 11R.—Notification.—It is hereby notified that an application has been duly made to the Local Government of Bengal by Messrs. Martin & Co., of Calcutta, for and on behalf of a company called The Bukhtiarpur-Bihar Light Railway Company, Limited, for sanction to the construction of an extension of the existing Bukhtiarpur-Bihar Light Railway, from Bihar to Bilao within the district of Patna and whereas it appears to the Local Government expedient and proper that the said application should be granted, the Local Government, in pursuance of section 5 of the Bengal Tramways Act, III of 1883, makes the following Order:—

W. A. INGLIS,

Secy. to the Govt. of Bengal.

PRELIMINARY.

1. This order may be cited as the Bukhtiarpur-Bihar Extension Order.

Short title.

2. The several words and expressions to which meanings are assigned by the Bengal Tramways Act, III of 1883, have in this Order the same respective meanings:

Provided that in this Order the expression "the tramway" or "the undertaking" shall mean the tramway and works and undertaking by this Order authorized, except where the context may require a different meaning, and the words "the Act" shall mean the said Bengal Tramways Act, III of 1883.

3. (1) The tramway authorized by this Order shall be constructed, maintained, and worked, subject to the provisions of the Act, of the rules, from time to time, in force under the Act, and of this Order, and of any other order or orders, rules or regulations, from time to time, laid down or authorized in connection with the working of the Bukhtiarpur-Bihar Tramway, now called the Bukhtiarpur-Bihar Light Railway.

(2) No powers or rights shall be deemed to have been conferred on the Promoters or to have been relinquished by Government except as in this Order expressly provided.

4. The Bukhtiarpur-Bihar Light Railway Company, Limited, shall be the Promoters for the purposes of this Order, and are in this order referred to as "the Promoters."

Promoters and Company.

CONSTRUCTION OF TRAMWAY.

5. The Promoters shall construct and maintain, subject to the provisions specified in this order, and to the agreement made between the Promoters and the Local Authority, which is set forth in the First Schedule attached to this Order, and in accordance, also, with plans and sections deposited by the Promoters with the Local Government, the tramway hereinafter described, with all proper establishments, rails, bearings, stations, offices, works, rolling-stock, and conveniences connected with the tramway or required for the purposes thereof.

Authority to Promoters to construct tramway.

6. (1) Subject to any extension of time that the Local Government may see fit to grant, the Promoters shall substantially commence the construction of the said tramway within nine calendar months from the date of this order, and shall complete and equip the same in every respect for opening and working for traffic to the satisfaction of the Local Government within two years from the date of this Order.

(2) In the event of the said Promoters failing to commence the construction, and to complete and equip the tramway as provided in the first paragraph of this clause, then and in any such case the Local Government shall be at liberty to revoke this order, and the Local Government shall thereafter be at liberty to enter into any arrangements with any other person or persons for the construction of the said extension; and in the event of this Order being revoked by reason of the said Promoters failing to complete and equip, and open for traffic, the said tramway within the period of two years from the date of this order, the Local Government shall have the option of taking over all the permanent-way and rolling-stock of the tramway at a reasonable valuation to be determined by the Local Government; and in the event of the Local Government exercising this option, all the other works and buildings of the tramway may be dealt with under the provisions of the Act relating to the discontinuance of tramways as a tramway whereof the discontinuance has been proved to the satisfaction of the Local Government.

If, however, the Local Government do not desire to exercise the option of taking over the permanent-way and rolling stock of the tramway as herein provided, then and in such case the tramway, including the permanent-way, the rolling-stock, and all the buildings and works of every kind connected therewith may be dealt with under the provisions of the Act relating to the discontinuance of tramways as a tramway whereof the discontinuance has been proved to the satisfaction of the Local Government.

7. The tramway authorized by this order is a single line, with necessary passing places within the district of Patna. Starting from Bihar station on the Bukhtiarpur-Bihar Light Railway the line proceeds in a Southern direction along the Giria Road for about one mile, then leaving this road it continues in a South-Westerly direction along the Rajgir Road

Description of the tramway authorized.

to the village of Deep Nagar, $3\frac{1}{2}$ miles from Bihar. A station has been provided here in a diversion at the back of the village. The line then proceeds in the same direction to Silao, in the 10th mile, where the terminal station is provided in a diversion to the South of the village; the site having been chosen, so that the line can be conveniently extended to Rajgir, should this be decided upon hereafter.

8. The Promoters may use for the construction of the tramway, but not for the purposes of any building or erection connected therewith, one side of the road over which the tramway is to run 8 feet in width.

In cases where there are no buildings on that side of the road on which the tramway is laid, the said width of 8 feet shall be measured from the gutter on that side of the road, or where the road is in embankment, from the edge of such embankment; and in cases where there are buildings on that side of the road, the said width shall be measured from such point on that side as in the opinion of the Government Engineer in charge of the road is safe and proper; but for the purpose of crossing bridges where desired, the tramway may approach the centre of the road as far as shall in each case, be deemed unavoidable by the said Engineer.

Provided always that—

- (1) there shall nowhere be a less width of road clear of the inner rail of the tramway than 14 feet;
- (2) if any addition to the existing width of the metalled surface of the road is rendered necessary in order to comply with the terms of this Order, or if any addition to or alteration of any bridge is, in the opinion of the Government Engineer in charge of the road, rendered necessary by the tramway, the same shall be carried out by and at the cost of the Promoters to the satisfaction of the said Engineer;
- (3) at no point on the metalled road shall there be more than one line of rails; any loop lines, turn-outs, or sidings that may be required must therefore be placed elsewhere than on the metalled portion of the road;
- (4) the metalling of the roadway shall not be interfered with more than is absolutely necessary for the proper construction of the tramway; and in all cases where such metalling has been so interfered with, it shall be repaired and made good with all reasonable promptitude by and at the cost of the Promoters to the satisfaction of the Government Engineer in charge of the road.

9. In all cases where, in the opinion of the Government Engineer in charge of the road, the existing road bridges are not sufficiently strong to carry the tramway, the Promoters shall make at their own cost such additions to or alterations of any such bridges as may be required by the said Engineer, and the work shall be carried out and completed to his satisfaction:

Provided that the Promoters may, at their option, construct at their own cost, for the purposes of the tramway, separate bridges of such design and in such manner as shall first be approved by an Engineer or other officer duly appointed in this behalf by the Local Government, and shall complete the same to the satisfaction of the said officer.

10. (1) Such additional land (over and above that which the Local Authorities have agreed to grant free to the Promoters, in terms of the first schedule hereunto annexed) as may be required by the Promoters and sanctioned by the Local Government as necessary for the purposes of the tramway shall be acquired by the Local Government on behalf of the Promoters under the Land Acquisition Act, I of 1894, and the cost of acquiring such land shall be met by the Promoters.

(2) The Promoters may, from time to time with the approval of the Local Government, but not otherwise, sell or otherwise dispose of any land acquired by the Local Government on their behalf which may no longer be required for the purposes of the undertaking.

11. The tramway shall be constructed on a gauge of 2'-6". In villages and at all level crossings of district or village roads double rails shall be used, and at all such places the metal of the road shall be maintained flush with the level of the top of the rails. At all such places the rails shall be kept properly secured to each other by distance pieces placed at regular intervals to the satisfaction of the Government Engineer in charge of the road.

12. Without prejudice to the powers conferred on the Local Authorities by section 14 of the Act, as regards the type of cars and carriages to be used on the tramway and the brakes and other appliances with which they are to be furnished, the standard weights and dimensions of rails, sleepers, rolling-stock and other equipment of the tramway are to be as set forth and described in the Government of India List of Standard Dimensions or as previously adopted under due sanction on the Bukhtiarpur-Bihar Railway. The Local Government, however, reserves to itself the right to revise the said standard weights and dimensions, and the special sanction of the Local Government must be obtained before the materials, etc., required for the tramway are ordered.

13. The Local Government shall have the power of determining, from time to time, the situation and dimensions of all stations, station yards, offices, warehouses, houses for employes, conveniences and works to be constructed in connection with or as part of the tramway.

14. The Promoters shall, within three calendar months of being called upon by the Local Government to do so, be bound to provide at their own expense fencing on both sides of the tramway, either along the whole or any part of its length and shall carry out and complete the work in such manner and in such time as the Local Government may direct.

15. (1) The Promoters bind themselves to provide at their own cost, and to the satisfaction of the Local Government suitable level crossings wherever the tramway crosses district and village roads, and at such other places as the Local Government or any officer appointed by the Local Government in this behalf may, from time to time, direct.

(2) The Promoters shall, at their own cost, provide gates with gate-keepers' lodges and shall maintain at their own cost, gate-keepers at such level crossings or bridges crossed by the tramway as the Local Government may, from time to time, direct.

16. Subject to the previous sanction of the Local Government in each case, the Promoters may hereafter from time to time make, at their own cost, such crossings, passing-places, junctions, and other works as may be required, in addition to those specified in their application for this Order or authorized by this Order, and all such works shall, when sanctioned by the Local Government, be completed to the satisfaction of the Local Government.

17. The Promoters shall, at their own cost, construct and maintain all such stations, passing-places, sidings, junctions, and all other works, in addition to those specified in or authorized by this Order, and shall also employ and maintain all such establishments, in addition to those specified in or authorized by this Order, as the Local Government may, from time to time, consider to be expedient for the safe and efficient working of the tramway, or for the convenience and safety of the public and of the traffic of the roadway. All such additional works shall be completed to the satisfaction of the Local Government.

18. The Promoters shall, when required by the Local Government, construct and maintain at their own cost, accommodation at Railway stations for post offices and quarters for the postal staff, at a rental not exceeding 7½ per cent. per annum on the actual cost of the buildings and land.

MOTIVE POWER, SPEED AND SIGNALS.

19. The vehicles used on the tramway may be moved by steam power. The locomotives may be of the outside cylinder and motion type.

20. The speed of trains on the tramway shall not exceed 12 miles, or such other speed as may, from time to time, be authorized by the Local Government: Provided always that, until the whole line is fenced on both sides, the maximum speed shall not exceed 10 miles an hour, and the engines shall be fitted with cow-catchers, similar to those of the Bukhtiarpur-Bihar Light Railway.

21. All the permanent and crossing stations of the tramway shall be provided with home signals which shall be at least 20 feet in height, and shall

be located on the platforms. The Local Government, however, reserves to itself the right to order distant signals to be provided at the permanent and crossing stations, as well as both home and distant signals at such other stations, in addition to those referred herein, and at such other places as may be considered necessary by the Local Government.

In thick, foggy, or tempestuous weather detector signals shall be used in addition to the ordinary day and night signals, and all signals in use on the tramway shall be constructed, worked and used in accordance with such orders as may be prescribed from time to time, by the Local Government.

MAINTENANCE AND WORKING OF TRAMWAY.

22. The Promoters shall at all times maintain and keep in good condition the way, and repair, to the satisfaction of the Local Government, or of any officer duly appointed in this behalf by the Local Government, all way, works, rolling-stock, and appliances appertaining to the tramway; and shall maintain the tramway, way, works, rolling-stock, and appliances, and shall work the same in such manner as the Government Engineer shall deem advisable.

23. (1) The Promoters shall maintain and keep in repair, to the satisfaction of the Government Engineer in charge of the road, so as not to interfere in any way with the efficient drainage of the road, the portion of the road on the side on which the tramway is laid; such portion shall include the width of the side of the road on which the tramway is laid from a point 4 feet from the centre line of the tramway on the side nearest to the centre of the road and on the other side to the bottom of the slope of the embankment when the road is in cutting, or to the top of slope of the cutting when it is in cutting or where there are buildings to the point to be determined by the Government Engineer in charge of the road, under the provisions of clause 8 of this Order.

The said portion of the road shall be ballasted by, and at the cost of, the Promoters, who shall also, at their own cost, alter the position or level of the tramway and of the said portion of the road to suit future alterations in the road of such future alterations in the tramway as may be approved by the Local Government, and shall forthwith repair, make good and reinstate, to the satisfaction of the Government Engineer aforesaid, any other portion of the road which shall at any time be in any way damaged by reason of any fault of the Promoters or of any accident to or upon the tramway. The gutter or drain on the side of the road on which the tramway is laid, as the same at present exists or shall hereafter be constructed at the cost of the Local Government or of the Local Authority, shall likewise be maintained in efficient order by and at the cost of the Promoters.

(2) The portions of the road from 4 feet from the centre line of the tramway to the opposite side of the road from the tramway will be maintained and kept in repair by and at the expense of the Local authority.

24. The undertaking and all works, stock, appliances and accounts appertaining thereto shall, at all times, be open to the inspection and examination of any person or persons whom the Local Government may appoint for that purpose, and the Promoters shall afford all reasonable facilities for the inspection or examination to the officer making it.

25. When, after inspection of the tramway or portion of the tramway or any rolling-stock used thereon, the officer making the inspection under clause 24 of this Order reports to the Local Government that, in his opinion, the use of the tramway or any portion thereof, or of any specified rolling-stock, will be attended with danger to the public using it, the Local Government may direct that the tramway or portion thereof be closed for the public conveyance of passengers, or that the rolling-stock so specified shall no longer be used, as the case may be.

26. When the tramway or any portion of the tramway has been closed under clause 25 of this Order, it shall not be re-opened for the public conveyance of passengers unless and until it has been inspected by the officer referred to in clause 24 of this Order, and its opening sanctioned by the Local Government.

27. When the Local Government has under clause 25 of this Order, prohibited the use of any rolling-stock, the said rolling-stock shall not be used unless and until the Local Government sanctions its use.

28. (1) In the event of any necessity arising for carrying out in or on land occupied by the tramway, any works of any kind whatsoever for which interference with the tramway may be considered necessary by the Local Government, the said Government may, by notice in writing, and without prejudice to the powers conferred on the Local Authorities by section 38 of the Act, call upon the Promoters to show cause why such portion of the tramway should not be closed for traffic as may enable the said works to be carried out in safety.

After considering the necessity for closing such portion of the tramway, as well as any objections or suggestions that may be made by the Promoters, the Local Government may direct that the Promoters shall close the said portion of the tramway for such a period of time, and under such conditions, as in the circumstances of the case may appear necessary.

(2) The Promoters shall be bound to comply with such directions and allow the work referred to therein to be carried out: Provided that, unless otherwise directed, any portion of the tramway which it may be necessary to remove in order to carry out such work shall be removed and reinstated by, or at the expense of, the Local Government, or the person or persons at whose instance the work is carried out: And provided also that the Promoters shall, if they are, at the time the Local Government either interferes with

or stops the working of the tramway under the first paragraph of this clause, paying any rent to the Local Authorities for the use of road, receive an abatement of such rent proportionate to the length of road over which and to the time during which the working of the tramway is stopped.

29. In the event of the Promoters desiring that any bridge, drain, culvert, water-course, telegraph line or other thing whatsoever on or adjacent

Conditions on which Promoters allowed to interfere with structures in or on the road.

to the land to be used for the tramway should be removed or the position thereof altered, the Promoters shall give notice in writing to the Local Authority, who shall thereupon deal with the matter themselves if within their powers, and, if not, shall refer the matter to the Local Government or other authority competent to deal with it, who shall pass such orders thereon as in the circumstances of the case may appear fit.

30. When from accident or flood, or by reason of the execution of any works under the provision contained in clause 28 of this Order, or when, from any other reason, it is in the opinion of the Local Government necessary or expedient to remove or discontinue the use of the tramway or any part thereof, the Promoters may, subject to such conditions and in accordance in all respects with such regulations as the Local Government may, from time to time, make, construct and maintain, so long as occasion may require, a temporary tramway in lieu of the tramway or part of the tramway removed or discontinued.

31. The Promoters shall not without the consent in writing of the Government Engineer in charge of the road or of the Local Authority, as the case may be, cut down or lop any tree growing along or by the side of the road, provided that in case of emergency, the Promoters may remove or lop the branches or any portion of a tree which projects or hangs in such a manner as to be a source of danger or impediment to the tramway traffic.

32. Any road metal or material excavated by the Promoters from the road, in the construction or maintenance of the tramway, may be applied by them in or towards reinstating the said road, or in or towards completing any work thereon required by this Order.

33. The promoters may stack road metal and other materials for the construction or maintenance of the tramway within the limits of the road boundaries, but the same shall be stacked in such a manner as, in the opinion of the Government Engineer in charge of the road, will not impede or endanger the traffic on the said road.

34. The portion of the road which the Promoters are not authorized by or under this order to use for the purpose of the tramway shall be left free and unencumbered for ordinary traffic, and no obstruction whatever shall be placed thereon or caused thereto without the previous written consent, which may be revoked at will, of the Government Engineer in charge of the road.

Unused portion of road to be left free.

Use of excavated material.

Stacking of materials.

Lopping trees.

Inspection of works, accounts, etc.

Closing of tramway and disuse of rolling-stock by order of Local Government.

Tramway not to be re-opened without sanction.

Rolling-stock not to be used again without sanction.

Powers of Local Government to authorize interference with tramway in carrying out necessary works, etc.

TRAFFIC AND TRAFFIC WORKING.

35. The tramway may be used for the purpose of conveying passengers, passengers' luggage, animals, goods, minerals, and parcels. But the Promoters shall have the liberty to refuse to carry any person or any animal suffering from any infectious or contagious disorder, and articles that may be declared dangerous or offensive by bye-laws to be framed under section 27 of the Act: Provided that nothing in this clause shall be taken to restrict the right of the Local Authorities by bye-laws made under section 26 of the Act to prohibit the carriage or conveyance of persons or animals suffering from any contagious disease or of goods declared to be dangerous or offensive.

36. At the outset the following shall be the maximum rates of fares for passengers and tariff of charges for goods:—

	Per mile.
(a) <i>Passengers</i> .—Lower class ...	4½ pies.
Upper „ ...	1½ annas.
Any fraction of a mile will be reckoned as a mile, and no fare shall be less than one anna.	

(b) *Goods*.—The East Indian Railway's classification of goods shall be adopted, and the following rates shall be observed as the maxima for the different classes of goods:—

	Per 100 maunds per mile.
	As.
First class ...	8
Second „ ...	10
Third „ ...	12
Fourth „ ...	14
Fifth „ ...	16

Rs.

(c) *Parcels carried for any distance*—

Not exceeding 5 seers or 1 c. ft. ...	1
Not exceeding 10 seers or 2 c. ft. ...	2
and Re. 1 for each additional 10 seers or 2 c. ft. or part thereof.	

(d) *Passenger's luggage*.—A free allowance of luggage will be made to each passenger as follows:—

First class ...	60 seers.
Intermediate „ ...	20 „
Third „ ...	15 „

Luggage in excess of the foregoing weights may be charged for at a rate not exceeding two annas per maund per mile.

Full control over charges of all kinds for the use of the Tramways is reserved to the Local Government.

37. No trains shall be run between sunset and sunrise, except with the previous consent of the Local Government and upon such conditions as may be approved by them.

38. Provision shall be made in all trains for two or more classes of passengers.

39. (1) During foggy weather, every train shall exhibit a red tail-light and two red side-lights in rear of the train, and every engine running alone, during foggy weather, shall exhibit at least one red tail-light.

(2) The same train and engine lights shall also be used on all trains and light engines running between sunset and sunrise.

40. The train shall be worked on "the line clear and caution message system."

41. All engines shall be provided with an efficient brake worked by hand or steam, and acting on at least four wheels of the engine or its tender. All wagons shall be provided with an efficient brake acting on at least half of the wheels of the wagon. There shall be at least one fully braked vehicle with a person in charge of it at the rear of each train.

42. The Promoters shall not, as between members of the public, make or give any undue or unreasonable preference or advantage to, or in favour of any particular person or Company, or any particular description of traffic, or subject any particular person or Company to any undue or unreasonable prejudice or disadvantage. The Local Government shall have absolute power, for the purposes of this clause, to decide whether any preference, advantage, prejudice or disadvantage is undue or unreasonable.

MISCELLANEOUS.

43. In the event of its being necessary, under the authority of the Local Government, for any railway or tramway line other than that referred to in this

Order to cross the tramway on the level or otherwise, the Promoters shall not be competent to raise any objection, provided that such reasonable expenses as may be shown to the satisfaction of the Local Government to have been incurred by the Promoters, on account of any interference with the tramway that may be necessary for such crossing, shall be borne by the administration of the railway or tramway authorized to cross:

Provided that the Local Government shall have absolute power, for the purposes of this clause, to decide the question as to the reasonableness of the expenses incurred by the Promoters on account of the interference with the tramway.

44. In case it hereafter be found that any portion of the alignment adopted by the Promoters for the tramway interferes with location of any new line of railway, or the

extension of any existing line of railway, the alignment occupied by the tramway shall be forthwith, at the request of the Local Government, abandoned in favour of the railway, and the tramway shall be diverted in such way and in such manner as shall appear to an Engineer or other officer duly appointed in this behalf by the Local Government to be fair and proper, provided that the actual cost of constructing such diversion shall be borne by the authorities of the said railway.

45. If the Promoters fail in any respect to comply with any of the provisions of clause 6 of section 15 of the Act, and the Local Authority shall find it necessary or desirable to do anything or incur any expense to remedy any such failure on the part of the Promoters, all expenses so incurred shall be, on demand, repaid to the Local Authority by the Promoters, and the certificate of the Chairman for the time being of the Local Authority shall be conclusive evidence that all expenses referred to in such certificate were so incurred, and the said Promoters shall not be at liberty to dispute the same.

46. In the event of any work required by the Act or by this Order to be done by the Promoters not being done by them, the Local Government may cause a notice to be served on the Promoters requiring them, within a period to be prescribed in the said notice, to execute the said work; and if within the period so prescribed such requisition is not complied with, the Local Government may cause such work to be done and the cost thereof shall be recoverable from the Promoters. The certificate of the Government Engineer or other officer in charge of such work shall be conclusive evidence that all expenses referred to in such certificate have been incurred in carrying out such work and the Promoters shall not be at liberty to dispute the same.

47. The Promoters shall adopt and apply all such improvements in the tramway and in the rolling-stock and appliances thereon as the Local Government may, from time to time, consider necessary, or desirable for the safety or convenience of the public.

48. The Promoters shall not have power to transfer the undertaking, without the previous sanction of the Local Government.

49. The Promoters shall provide, without unreasonable delay, such statistics relating to the tramway or to the traffic thereon, as may, from time to time, be required by the Local Government.

50. It is to be distinctly understood that no concession in this Order gives Promoters any exclusive right as carriers on the road traversed by the tramway.

51. (1) If the Promoters fail to observe any condition or direction contained in or made under this Order, they shall, for each such failure to observe the same, be liable to a penalty which may extend to two hundred rupees and, in the case of a continuing failure, to a further penalty which may extend to fifty rupees for each day after the first during which such failure continues.

(2) When the Promoters have through any act or omission become liable for any penalty under this clause, the penalty shall become recoverable by suit in the District Court having jurisdiction in the place where the act of omission or any part thereof occurred.

(3) The Local Government may remit the whole or any part of any penalty to which the Promoters become liable under this clause.

(4) Every penalty recovered under this clause shall be applied as the Local Government from time to time may direct.

52. The terms of this Order are without prejudice to the power of the Governor-General in Council under section 146 of the Indian Railways Act, 1890, to extend the provisions of that Act to the tramway, of which the construction is authorized by this Order.

ARBITRATION.

53. If any dispute, question or controversy shall at any time arise either between the Local Government and the Promoters or the Local Authority and the Promoters, touching this Order, or any clause or thing herein contained or the construction hereof or any matter connected with this Order or the operation of the same, or the rights, duties or liabilities of any of the parties in relation to the premises, then and in every such case the matter in difference, unless special provision shall have been made in this Order for the settlement of the matter so in difference, shall be referred to two arbitrators or their umpire, pursuant to and so as with regard to the mode and consequence of the reference, and in all other respects to conform to the provisions in that behalf contained in the Code of Civil Procedure, 1882, or any subsisting statutory modification thereof, and upon every such reference the arbitrators and umpire shall respectively have power to examine witnesses upon oath or affirmation, and either to fix, settle and determine the amount of costs of the references and award respectively or incidental thereto to be paid by both parties making the reference, or by either party or to direct the same to be taxed either as between Solicitor and Client or otherwise, and to direct and award where and by and to whom such costs shall be paid, and every or any such reference may be made a rule of His Majesty's High Court of Justice or of the High Court of Judicature at Calcutta on the application of either the Local Government, the Local Authority or the Promoters, and either the Local Government, the Local Authority or the Promoters may instruct Counsel to consent thereto for the other party.

FIRST SCHEDULE.

THIS AGREEMENT made the 2nd day of June one thousand nine hundred and eight BETWEEN THE DISTRICT BOARD OF PATNA incorporated under the Bengal Local Self-Government Act of 1886 and hereinafter called "the Board" of the one part and THE BUKHTIARPUR-BIHAR LIGHT RAILWAY COMPANY LIMITED a Company incorporated under the Indian Companies Act and having its registered office at Nos. 8 and 7 Olive Street Calcutta and hereinafter called "the Company" of the other part is intended to be read with and as supplemental to two agreements one dated the twenty-first day of August one thousand eight hundred and ninety-nine and made between the Board of the one part and Sir Thomas Acquin Martin Kt. Rajendra Nath Mookerjee Charles Woolard Walsh and Harold Patrick Martin the then members of the firm of Martin and Co. of Calcutta therein described as the promoters for and on behalf of the Company of the other part a copy of which agreement is set out on pages 806 to 808 of Part I of the Calcutta Gazette of the 26th June 1901 and the other dated the 16th day of August one thousand nine hundred and one made between the Board of the first part the said members of the firm of Martin and Co. of the 2nd part and the Company of the 3rd part Whereas since the date of the said agreement secondly above mentioned the Company has constructed the tramway therein referred to throughout its whole length from Bukhtiarpur to Bihar and has raised the whole capital therein mentioned of Rs. 8,00,000 and some years back through its Managing Agents Messrs. Martin and Co. aforesaid the Company applied to the Board for its consent to an application being made by the Company to the Government of Bengal for sanction to make an extension from Bihar to Silao of the said line AND WHEREAS the Board at a special meeting held on the 20th day of December 1902 passed a resolution sanctioning the application aforesaid subject to the same terms and conditions as are respectively set forth in the agreements above mentioned AND WHEREAS it is intended by the Company to increase its capital of Rs. 8,00,000 by the issue of further shares for Rs. 3,00,000 for the purpose of constructing such extension and for other purposes of the Company Now THESE PRESENTS WITNESS that it is hereby mutually agreed and declared as follows:—

1. This agreement shall be read with and as supplemental to the said agreements dated respec-

tively the 21st day of August 1899 and the 16th day of August 1901 hereinbefore referred to.

2. Subject to the sanction of the Local Government the Board hereby agrees and consents to the extension from Bihar to Silao of the authorised line of the Company already constructed from Bukhtiarpur to Bihar upon and subject to the same terms and conditions as apply to the said line already authorised and constructed from Bukhtiarpur to Bihar and as set forth respectively in the aforesaid two agreements and so that the guarantee of the Board contained in clause 4 of the said agreement first above mentioned as to the interest on the capital raised by the Company shall extend and apply to the extension aforesaid and the said increased capital of Rs. 3,00,000. PROVIDED ALWAYS that the total liability of the Board under such guarantee inclusive of such extension shall not exceed Rs. 32,000 per annum as provided by the said agreements.

3. The Board hereby consents to the Company raising the funds which will be required as aforesaid for the construction of the proposed extension and for other purposes of the Company by the creation of extra share capital which shall rank *pari passu* with the existing share capital and have no preferential rights thereover. In order to ascertain the share of surplus profits over four per centum payable to the Board under clause 4 of the first mentioned agreement the share capital of the Company in the said agreement mentioned and authorised by its memorandum of the Association shall be treated as if it were increased by the share capital raised for the said extension.

4. Subject to the sanction of the Local Government being obtained to the proposed extension the said two agreements shall henceforth be read and construed as if the total length of the line therein referred was from Bukhtiarpur to Silao and the share capital of the Company of Rs. 8,00,000 therein mentioned were increased by the extra share capital required for the said extension and other purposes of the Company as aforesaid.

As Witness the hand of the Chairman for the time being of the Board and the common seal of the Company.

NOTIFICATION.

No. 472T.—Medl.—The 15th June 1908.—The following revised rules and instructions regarding the conduct of the Promotion and English Qualification Examinations of Civil Hospital Assistants of the Bengal Provincial Establishment are issued for general information, in supersession of those published with Notification No. 2654T.—M., dated the 30th September 1903, at pages 1316-19, Part I of the *Calcutta Gazette* of the 7th October 1903.

C. E. A. W. OLDHAM,
Secretary to the Government of Bengal.

**RULES FOR THE PROMOTION AND ENGLISH QUALIFICATION
EXAMINATIONS OF CIVIL HOSPITAL ASSISTANTS OF THE BENGAL
PROVINCIAL ESTABLISHMENT.**

A.—Promotion Examination.

EXAMINATIONS of Civil Hospital Assistants in professional subjects will be held every half-year, as they are now, on the 15th April and 15th October each year. If the 15th falls on a Saturday or Sunday, the examination will be held on the following Monday. If the 15th falls on or during the course of any gazetted Government holidays or period of holidays, the examination will be held on the first Monday following such gazetted holiday or period of holidays.

2. The examination will be held at three stations only, in which Medical schools are situated, where the Superintendents and staff of teachers can superintend the examinations satisfactorily. These are Calcutta, Patna and Cuttack.

3. The centres for examination for Hospital Assistants will be—

Calcutta, for those from—

Presidency Division.
Burdwan „

Rajshahi Division.
Mauabhum District.

Singbhum District.

Patna, for those from—

Patna Division.
Bhagalpur „

Hazaribagh District.
Ranchi „

Palamau District.

Cuttack, for those from—

Orissa Division.

4. Civil Hospital Assistants who have completed five years' service in the fourth grade are liable for examination for promotion to the third, and those who have completed the same period of service in the third grade, are similarly liable for examination for promotion to the second grade. There will be no examination for promotion to the first and senior grades. Civil Hospital Assistants who are liable for examination should apply to the Inspector-General of Civil Hospitals, two months beforehand, through their immediate superior officers. (The re-test examination in English will be discontinued, but Civil Hospital Assistants who have not qualified in English must do so before they can be promoted to the next higher grade.)*

5. In submitting applications for examination, Civil Surgeons should state what local arrangements can be made for conducting the candidates' duties during their absence.

6. Any expenses that may be incurred in making local or other arrangements for duty and the payment of the travelling expenses of the candidates will be regulated in accordance with the provisions of the Civil Service Regulations.

7. The names of the candidates with other particulars will be communicated to the several Superintendents by the Inspector-General of Civil Hospitals.

8. The Examining Board will be formed of three members, viz., the Superintendent and two of the teachers of the School. The Superintendent will be the President of the Board.

9. The Inspector-General of Civil Hospitals will call for questions on professional subjects from one or other of the Superintendents. The Superintendent setting the questions will set five questions in each paper. At the top of each question-paper a note will be printed to the effect that candidates are required to answer only any four of the five questions set, and must not answer more. The officers setting the questions or the Inspector-General of Civil Hospitals may make any of the five questions compulsory. The questions set will be such as candidates can reasonably be expected to answer within the allotted time.

* Any examinations passed by Civil Hospital Assistants while in temporary military employment, either for grade promotion or for English qualification, will not absolve them from being required to pass the examinations to which they are subject under the terms of their local service. The only exception to this rule will be made in cases in which it is certified that the examination passed by a Civil Hospital Assistant in temporary military employment was equivalent to that which he would have had to undergo in the Civil Department. In such case, Civil Hospital Assistants will be held to have satisfied the requirements of the Civil Department.

(a) The subjects for examination shall be as follows:—

- | | | | |
|------------------------------------|-----|-----|------------------------|
| (1) Medicine ... | ... | ... | written and practical. |
| (2) Surgery ... | ... | ... | written and practical. |

Subject, second day.	One paper	Surgery ... Diseases and injuries of the eye. Surgical Anatomy. Surgical Pathology.	3 to 5. Not more than 2 questions, and the 2 not on the same subject.	2½ hours	100	50

10. These questions should be sent to the Inspector-General in a cover inscribed with the words "Confidential—Examination questions to be opened by the Inspector-General of Civil Hospitals or officer conducting the Examination only," and sealed and enclosed in another cover, which must also be sealed and registered for transmission by post.

11. The Inspector-General, on receiving the questions, will, if he approves of them, adopt measures to have the questions in each subject printed on a separate slip of paper, and as many copies of each of them as he may think necessary, according to the number of candidates, and then enclose them in double-sealed covers, as detailed in rule 10, and transmit them in good time to Superintendents in charge of the examinations, who will be responsible for their safe custody till they are used at the examination.

12. The place of examination should afford space for placing candidates at suitable distances from each other. Candidates should be warned that books or manuscripts must not be retained about them during the writing of their papers, and that they must not leave the room without notice or permission.

13. One member of the Examining Board will be present and in view of all the candidates while they are engaged in writing their papers.

14. (a) Civil Hospital Assistants who were taught in English at their medical schools must write their answers in English. Those who were taught in the vernacular should write in English if they can, but may write in the vernacular.

(b) In estimating the value of each full written paper of four questions, extra marks up to a maximum of 10 may be given for *unusually* good and correct English. The total possible for written papers, including English, is therefore 330.

15. Every page in each set of papers handed in by a candidate must be signed by the candidate himself, and initialled or signed by the President of the Board, who may, as a further precaution, add or affix some private sign or seal, and who will be responsible for the safe custody of the papers and for the estimating of their mark value.

* In the first professional examination.

† In the second professional examination.

16. Candidates will be required to write on only one side of each half sheet of foolscap paper, and when all the sheets are ready, they should be numbered, folded, and endorsed with the name of the candidate, the post to which he is attached, the subject of examination, and the date, thus:—

Gopal Chandra De.
Monghyr Jail
Hospital.
Anatomy.
Date

17. The questions must be opened by a member of the Board in the presence of the candidates, who will personally distribute them to the candidates.

18. Before leaving the room, the member of the Examining Board present will collect the papers and be responsible for their safe custody until marks are awarded for them.

19. The details of the practical examinations shall be arranged by the President of the Board.

20. Under practical shall be included such matters as the following:—

Surgery.—Anatomical demonstration, if bodies, models, or plates are available; recognition of bones; recognition of specimens; external surgical landmarks of the body; complete physical examination of a surgical case; recognition of instruments and their uses; detailing the instruments necessary for any particular operation; the technique of sterilisation, and of all antiseptic or aseptic procedures; bandages and the application of splints; operations on the dead body, if a subject is available; extraction of teeth; use of the snake-bite lancet, etc.

Medicine and Midwifery.—Recognition of specimens; external medical landmarks of the body; complete physical examination of a patient; examination of urine as to reaction, specific gravity, presence of albumen, sugar, etc., examination of stools for parasites and their ova; examination of sputum for the tubercle bacillus (if the hospital assistant has had opportunity of learning the technique); extraction of the female itch parasite from the skin; use of the stomach pump, etc. *Midwifery.*—mechanism of labour, turning; use of the forceps; manual extraction; all with the phantom.

Pharmacy.—Recognition of drugs; recognition of bazar poisons; practical pharmacy and dispensing, recognition of errors in prescriptions and knowledge of proper action to be taken; doses of drugs; composition of mixed drugs.

Jurisprudence.—Recognition of specimens; recognition of the usual poisons; estimation of the age of a person; estimation of age from dry bones; estimation of age from teeth; finding natural marks of identification; use of thumb impressions, etc.; recognition of *post-mortem* instruments and their uses; technique of a *post-mortem*, if a subject is available; discrimination between pathological and normal conditions in the dead body, if one is available; discrimination between injuries inflicted during life and injuries inflicted after death, between live birth and still birth, etc., if subjects are available; examination and description of the injuries of any police or other patient alive or dead, who may be available; examination of a person alleged to be insane, if such is available.

21. Marks in the practical examination shall be allotted as follows:—

			Full marks.	Pass marks.
Medicine and Midwifery	100	50
Surgery	100	50
Pharmacy and Materia Medica	100	50
Medical Jurisprudence	100	50
Hygiene and Vaccination	100	50
Total	500	

22. The practical examination of a candidate shall be conducted in the presence of three, or at least two, members of the Board; one examining and marking, the others acting as assessors, to help the examiner in case of doubt as to the marking and to interfere on behalf of the candidate if necessary. It is suggested that five practical exercises shall be proposed to the candidate, who must choose the four for which he will be marked.

23. In the practical examination all oral communication between the examiner and the candidate must be in English; and at the end of the practical examination of a candidate in a subject marks up to 10 may be given for *unusual* excellence of conversational English. The total possible for the five practical examinations is therefore 550.

24. The numbers attainable, excluding the possible 80 marks for English, are as follows:—

Written	300
Practical	500
Practical: written :: 5: 3:	800

25. No candidate shall be considered to have passed in any subject who has not obtained half marks in the practical, and, if there is a written paper, half marks also in the written, marks given for English being counted.

26. Members of the Examining Board may, at their discretion, decide on the distribution of the duty of awarding marks for the various subjects at the written and practical examinations, but the President of the Board will enter the results of the examinations in the form prescribed below and send it to the Inspector-General of Civil Hospitals:—

27. This form having been signed by the President and members of the Examining Board, will be sent, as soon as possible, in a double-sealed cover, as prescribed in rule 10 to the Inspector-General of Civil Hospitals, for conformation, notice of despatch being sent in a separate unregistered cover.

28. The names of successful candidates will be published in the *Calcutta Gazette*.

29. Candidates who fail in more than two subjects shall be considered to have failed altogether. Those who fail in one or two subjects shall be examined again in those subjects only, provided the candidates are re-examined at the examination next after the date of their failure; otherwise they shall be liable to re-examination in all subjects.

30. Hospital assistants who obtain in the aggregate of all subjects more marks than are required for the ordinary pass, shall be noted in the published list of hospital assistants as having passed "with credit," "with great credit," or "with honour," according to the following scale:—

Ordinary pass	400-499
With credit	500-599
With great credit	600-699
With honour	700 or more.

B.—Examination of English Qualification.

31. Candidates for the Examination in English Qualification will be examined on the following subjects:—

- Ability to read fluently and intelligently ordinary English prose.
- A knowledge of orthography and ability to write to dictation with a reasonable amount of correctness.
- A complete knowledge of simple Arithmetic up to the Rule of Three.
- Ability to read and write prescriptions in English intelligently.

32. The Examining Boards at Calcutta, Patna and Cuttack will also conduct the English Qualification Examination, which will take place at the same time as the Promotion Examination in April and October.

33. The Inspector-General of Civil Hospitals will call for questions on the subjects mentioned in rule 31 from one or other of the Superintendents, and after approval will arrange to have them printed and transmitted to the different centres of examination, as laid down in rules 9, 10 and 11.

34. In the paper in Arithmetic, the number of marks allotted to each question will be shown against it, and in the paper for dictation the number of errors to be allowed on the whole text in order to qualify the candidates to obtain at least 50 per cent. of marks, will be shewn in the bottom of the paper, and in one of the printed papers in Arithmetic the answer to the question will be given. This latter copy the President will keep in his own custody and for his own reference until the papers from the Examiners are collected and compared with it.

35. Candidates for the English Examination should apply two months previously to the Inspector-General of Civil Hospitals for permission to compete, through their superior officers, who should state what local arrangements can be made for carrying on the candidates' duties during their absence.

36. All expenses incurred in making local or other arrangements for duty and all travelling expenses will be defrayed by the candidates from their own pocket, if unsuccessful; but, if successful, they will be paid by Government. This rule only applies to those who have the option to appear at the English Examination and are not liable for the Promotion Examination.

37. The President of the Examining Board will enter the results of the oral and written examination of the candidates in the form prescribed below :—

No. 1180 J.D.—The 22nd June 1908.—In exercise of the powers conferred by section 3 of the Bengal Motor-car and Cycle Act, 1903 (Bengal Act III of 1903), and in supersession of all previous notifications on the subject the Lieutenant-Governor is pleased to make the following rules for regulating the use of motor-cars and motor-cycles in streets and public places in the town and suburbs of Calcutta and the town of Howrah.

PART I.—PRELIMINARY.

1. In these rules,—

Definitions.

(1) "motor-car" includes all self-propelled vehicles other than motor-cycles, road-rollers and vehicles which run on rails;

(2) "heavy motor-car" means a motor-car exceeding two tons in weight when unladen;

- (3) "light motor-car" means a motor-car not exceeding two tons in weight when unladen;
- (4) "motor-cycle" means a self-propelled vehicle running on not more than three wheels and weighing not more than three hundredweights;
- (5) "trailer," means a vehicle drawn by a heavy motor-car;
- (6) "axle-weight" means the aggregate weight transmitted, to the surface of the road or other base whereon a heavy motor-car or a trailer moves or rests, by the several wheels attached to that axle when the car or trailer is laden;
- (7) "registered axle-weight" means the axle-weight of the axle of a heavy motor-car, as registered by the Commissioner in pursuance of the rules contained in Part III of these rules;
- (8) the expression "weight," when used in relation to a heavy motor-car or a trailer, means—
 - (a) when the car or trailer is unladen, the weight of the vehicle, including all parts, equipments, stores, fuel, water and accumulators which are necessary for, or are ordinarily used with, the car or trailer when working; provided that, where alternative parts or bodies are used, the heaviest shall be taken for the purpose of calculating the weight, and
 - (b) when the car or trailer is laden, its weight when unladen, plus its full lawful load, including the weight of the driver;
- (9) the expression "width," when used in relation to the tyre of a wheel of a heavy motor-car, means the distance measured horizontally and in a straight line across the circumference of the wheel and between the two points in the outer surface of the tyre which are farthest apart;
- (10) the expression "diameter," when used in relation to a wheel of a heavy motor-car means the diameter measured between the two opposite points in the outer surface of the tyre which are farthest apart; and
- (11) "Commissioner" means the Commissioner of Police for Calcutta.

PART II.—ALL MOTOR-CARS AND MOTOR-CYCLES.

2. (1) A motor-car or motor-cycle shall not be used unless it is registered by the Commissioner under these rules, in a register kept in a form prescribed by him:

Registration.

Provided that every motor-car and motor-cycle which was registered under rules formerly in force under the Bengal Motor-car and Cycle Act, 1903, and is in use at the commencement of these rules, shall be deemed to have been registered under these rules.

(2) Every application for registration under clause (1) of this rule shall be in such form, and shall contain such particulars, as the Commissioner may from time to time prescribe.

(3) The fee for such registration shall be Rs. 32 for a heavy motor-car, Rs. 16 for a light motor-car, and Rs. 4 for a motor-cycle:

Provided that the Commissioner may remit the whole or any part of the fee in the case of any motor-car or motor-cycle that has been registered within the preceding 12 months elsewhere in British India under any law or regulation in force.

3. The Commissioner shall not register any motor-car or motor-cycle unless he is satisfied that the requirements of these rules in respect thereof have been duly met.

Compliance with rules a condition precedent to registration.

4. No person shall drive or have charge of, or cause or permit to be used, any motor-car, motor-cycle or trailer which does not in all respects conform to these rules, or which is so driven or used as to contravene any of these rules:

Continuous compliance with rules.

Provided that, during a period of one month after the commencement of these rules, any failure to comply with the rules, so far as they relate to the construction or use of heavy motor-cars or trailers, shall not be deemed to be a breach or contravention of the rules, if the failure occurs solely in relation to a car registered before, or to a trailer which is in use at, the commencement of these rules.

5. If the Commissioner, at any time after a motor-car or motor-cycle has been registered, has reason to believe that it has ceased in any respect to conform to these rules, or that it is not maintained in such a condition as to prevent danger to the public, he may, after notice to the owner, direct that the registration be cancelled until the defects are remedied to his satisfaction.

6. Whenever the registered owner of a motor-car or motor-cycle changes his address, he must report the new address to the Commissioner.

7. Every transfer of ownership of a motor-car or motor-cycle registered under these rules must forthwith be reported to the Commissioner by the registered owner and by the transferee.

8. (1) The Commissioner shall assign a distinguishing number to every motor-car and motor-cycle registered under these rules, and shall record the name and address of the owner:

Provided that a general number may, on payment of an annual fee not exceeding Rs. 32, be assigned to all or any motor-cars or motor-cycles for the time being in the possession of any manufacturer thereof or dealer therein, to be used on any such car or cycle when on trial after completion, or when on trial by an intending purchaser, or when being used, by a person licensed under rule 16, for the purpose of instructing any other person in the use of the car or cycle, or when on hire.

(2) When a general number has been assigned to a motor car or motor-cycle under the proviso to clause (1) of this rule, the manufacturer or dealer aforesaid shall also distinctively mark such car or cycle by a letter or letters.

(3) Every such manufacturer or dealer shall maintain a register containing the following particulars with respect to every motor-car and motor-cycle so numbered and marked which leaves his premises, namely,—

- (a) the date and time when the car or cycle goes out;
- (b) the name of person in charge thereof;
- (c) the purpose for which the car or cycle is sent out;
- (d) the date and time of the return of the car or cycle to the premises; and
- (e) the distinguishing number and letter or letters affixed to the car or cycle.

(4) The same register shall be open at all reasonable times to the inspection of the Commissioner or any person duly authorised by him in writing in this behalf.

9. (1) A motor-car or motor-cycle shall not be used unless the number assigned to it under clause (1) of rule 8, and of the letter or letters (if any) required by clause (2) of that rule, be attached to it in a conspicuous place, and to the satisfaction of the Commissioner, in large white figures on a black ground, legible at a reasonable distance, on the front and back of the car or cycle, and on the back of any vehicle drawn by the car or cycle.

(2) The said numbers and letters must be, in the case of a motor-car, at least $3\frac{1}{2}$ inches high, and, in the case of a motor-cycle, at least $1\frac{1}{2}$ inches high, and must be at least $\frac{3}{8}$ ths of an inch broad in every part.

(3) The space taken up by each figure contained in such number (except the figure 1) and by each such letter must be at least $2\frac{1}{2}$ inches, and the space between adjoining figures must be at least half-an-inch.

(4) The said numbers and letters must have a margin of half-an-inch both above and below them, and a margin of one inch on either side.

(5) On a motor-cycle the front number and letter or letters may be shown on each side of a plate projecting forward.

(6) During the time when lamps are required by rule 14 to be kept lit, the number and letter or letters at the back of a motor-car, or of any vehicle drawn behind a motor-car or motor-cycle, or the number in front of a motor-cycle, shall be illuminated in a manner to be approved by the Commissioner so as to be legible at a reasonable distance.

(7) The number-plates for day use and those for night use need not be the same.

(8) The numbers and letters referred to in the foregoing clauses of this rule shall not be in any way obscured, or rendered or allowed to become not easily distinguishable.

10. A motor-car or motor-cycle shall not be used unless it is —
- (a) ~~be~~ constructed as to admit of its being at all times under full control, so as to prevent undue interference with passenger or other traffic, and
Construction and maintenance.
 - (b) maintained in such a condition as to prevent danger to the public or to any person riding on the car or cycle.
11. The width of a motor-car or traller, when measured between its extreme projecting points, shall not exceed seven feet six inches.
Width of motor-car or traller.
12. Every motor-car and traller must be constructed with suitable and sufficient springs between each axle and the frame.
Springs of motor-car or traller.
13. A motor-car or motor-cycle shall not be used unless it is provided with two independent brakes or other means of stoppage, approved by the Commissioner, in good working order and of such efficiency that the application of either will be capable of forthwith stopping the car or cycle: Provided that one brake shall suffice for a heavy motor-car propelled by steam.
Brakes.
14. (1) To every motor-car, and to every vehicle drawn behind a motor-cycle, when in use at night, shall be attached,—
Lights.
- (a) two lamps, one on either side, each exhibiting a white light visible within a reasonable distance forward, and
 - (b) a red light visible within a reasonable distance in the reverse direction.
- (2) The said red light may be shown either by the said lamps or by a separate lamp attached to the back of the car or vehicle.
- (3) Acetylene gas lamps shall not be used on a motor-car unless they are hooded or screened to the satisfaction of the Commissioner.
- (4) Every motor-cycle, when in use at night, shall carry a lamp in front, exhibiting a white light forward, visible within a reasonable distance.
- (5) The said lamps shall be kept lit and free from all obstructions so long as the car or cycle is in use during the period between half-an-hour after sunset and half-an-hour before sunrise.
15. Every motor-car and motor-cycle shall carry a bell or other instrument capable of giving audible and sufficient warning of the approach or position of the car or cycle; and the driver shall sound such instrument whenever it may be necessary to do so.
Bell.
16. (1) No person shall drive a motor-car or motor-cycle unless he holds a subsisting license, granted by the Commissioner, authorizing him to drive a motor-car or a motor-cycle, as the case may be; and no person shall employ anyone to drive a motor-car or motor-cycle who does not hold such a license.
Driver's license.
- (2) There shall be payable for every such license a fee of Rs. 10 in respect of a motor-car, and Rs. 2 in respect of a motor-cycle:
Provided that the Commissioner may remit such fee in the case of any person holding a subsisting license granted elsewhere in British India under any law or regulation in force.
- (3) Every such license shall remain in force for such period, not being less than twelve months, as the Commissioner may direct.
- (4) Any such license may be cancelled by the Commissioner, or suspended by him for such period as he may deem necessary, if the holder is convicted of an offence punishable under the Bengal Motor-car and Cycle Act, 1903, or any other Act relating to the use of a motor-car or motor-cycle.
17. (1) A motor-cycle or a light motor-car shall not be driven at a greater speed than 12 miles an hour.
Speed.
- (2) A heavy motor-car having all its wheels fitted with pneumatic tyres, or with tyres made of a soft or elastic material, shall not be driven at a greater speed than—
- (a) twelve miles an hour—if the registered axle-weight of any axle does not exceed six tons; or
 - (b) six miles an hour—if the registered axle-weight of any axle exceeds six tons.
- (3) A heavy motor-car having non-resilient tyres shall not be driven at a greater speed than 5 miles an hour:
Provided that—
- (a) if the weight of the car when unladen exceeds three tons, or
 - (b) if the registered axle-weight of any axle exceeds six tons, or
 - (c) if the car draws a traller,
- the speed shall not exceed 3½ miles an hour.

18. No person shall cause or permit the emission of smoke or visible vapour from a motor-car in such quantity as to cause annoyance or danger to the public.

Rule of the road.

19. The driver of a motor-car or motor-cycle shall keep on the left side of the road: Provided as follows:—

- (a) he shall keep to the right of any vehicle or horse proceeding in the same direction which he desires to pass; and
- (b) he may pass any tram-car, or other vehicle running on fixed rails, on whichever side thereof he may consider necessary or expedient, having due regard to the circumstances of the case and to the safety and convenience of other users of the road.

20. A motor-car or motor-cycle shall not be driven recklessly or negligently, or at any speed or in any manner which is likely to endanger human life or to cause hurt or injury to any person or animal or damage to any goods carried in any vehicle or by any person, or which would be otherwise than reasonable and proper having regard to all the circumstances of the case, including the nature, condition and use of the street or public place and the amount of traffic which is actually on it at the time or which may reasonably be expected to be on it.

21. A motor-car or motor-cycle shall not be driven on any footway or in any street or public place where the use of motor-cars or motor-cycles is prohibited by the Commissioner or (in Howrah) by the District Magistrate on the ground of danger to the public.

22. The driver of a motor-car shall not cause the car to travel backwards for a greater distance or time than may be consistent with the public safety.

23. (1) The person in charge of a motor-car or motor-cycle shall cause the car or cycle to stop and to remain stationary so long as may reasonably be necessary—

- (a) when requested to do so by any police-officer in uniform, for the purpose of regulating traffic or of ascertaining the name and address of such person, or for any other reasonable purpose, or
- (b) when requested to do so by any person having charge of a restive horse, or
- (c) when the presence of the car or cycle causes an accident to any person or to any animal or vehicle in charge of any person.

(2) The requests referred to in clauses (a) and (b) of this rule may be made by such police-officer or person putting up his hand as a signal to stop, or at night in such manner as the Commissioner may direct.

(3) The person in charge of a motor-car or motor-cycle shall, on the request of any police-officer in uniform, or, on the occurrence of an accident such as is referred to in clause (c) of this rule, on the reasonable request of any other person, truly state his name and address and the name and place of abode or business of the owner of the car or cycle.

24. The person in charge of a motor-car or motor-cycle shall not allow it to stand in any street or public place so as to cause undue obstruction thereof.

25. A motor-car or motor-cycle shall not be allowed to stand in any street or public place unattended by a person holding a subsisting license granted under rule 16, unless the mechanism has been stopped.

26. The person in charge of a motor-car or motor-cycle shall obey all directions of police-officers in uniform posted or stationed at crossings or other places for the regulation of traffic.

PART III.—HEAVY MOTOR-CARS.

27. (1) For the purpose of the registration of heavy motor-cars,—

Additional rules as to registration of heavy motor-cars.

- (a) the register of motor-cars prescribed by rule 2, clause (1), shall contain a separate Part, which shall be in the form marked A set out in the first Schedule to these rules, or in a form to the like effect; and

(b) the application referred to in rule 2, clause (2), must contain a declaration by the applicant of—

- (i) the weight of the car when unladen,
- (ii) the axle-weight of each axle,
- (iii) the diameter of each wheel, and
- (iv) the width and material of the tyre of each wheel.

(2) The declaration referred to in clause (b) of this rule must be made in the form marked B in the first Schedule to these rules.

(3) Before a heavy motor-car is registered, the weight of the car when unladen, and, if the Commissioner so directs, the axle-weight of each axle of the car, shall be ascertained by or in the presence of an officer appointed in this behalf by the Commissioner.

(4) The said officer shall certify the weight or weights so ascertained, and shall make any necessary correction in the statement of weights declared by the owner; and shall also satisfy himself that the tyres of the wheels of the car, if the tyres are not pneumatic or are not made of a soft or elastic material, are of the dimensions required by rule 31.

(5) The owner of the car shall, for the purposes of clauses (3) and (4) of this rule, cause the car to be driven or brought to any such place as the Commissioner may appoint.

(6) Upon the registration of a heavy motor-car,—

- (a) the weight of the car when unladen, as certified under clause (3) of this rule,
- (b) the axle-weight of each axle, as so certified, or (if not so certified) as declared by the owner of the car,
- (c) the diameter of each wheel,
- (d) the width and material of the tyre of each wheel, and
- (e) the highest rate of speed at which, in conformity with rule 17, the car may be driven without a trailer,

shall be entered in the register of motor-cars.

28. (1) Upon receiving from the Commissioner a copy of the entries made in the register relating to a heavy motor-car, the owner of the car shall cause to be painted or otherwise plainly marked in a conspicuous place—

(a) on the right or off side of the car—

- (i) the registered weight of the car when unladen, and
- (ii) the registered axle-weight of each axle, and

(b) on the left or near side of the car—

- (i) the highest rate of speed at which, in conformity with rule 17, the car may be driven without a trailer, and
- (ii) the owner's name and address.

(2) The said marking shall be made in letters and figures not less than one inch in height, and of such shape and colour as to be clearly legible and clearly distinguishable from the colour of the ground whereon the said marking is made.

(3) The owner of the car shall cause the said marking to be from time to time repaired or renewed as often as may be necessary to keep the letters and figures clearly legible and clearly distinguishable.

29. (1) Notwithstanding anything contained in the proviso to clause (1) of rule 2, the owner of every heavy motor-car which was registered under rules formerly in force under the Bengal Motor-car and Cycle Act, 1903, and is in use at the commencement of these rules must, within one month after such commencement, either—

- (a) apply to the Commissioner for the registration of the car under these rules, or
- (b) cause the car to be taken to the Commissioner, or to an officer appointed by him in this behalf, for the purpose of obtaining a certificate showing that the provisions of rules 27 and 28 have been sufficiently complied with in respect of the car.

(2) If the Commissioner or the said officer is satisfied that the provisions of rules 27 and 28 have been sufficiently complied with in respect of the car, he may grant a certificate to that effect, and thereupon the car shall be deemed to have been registered under these rules, and the Commissioner shall cause to be made in the register of motor-cars such entries in respect of the car as are required by clause (6) of the said rule 27.

(3) Notwithstanding anything contained in the proviso to clause (1) of rule 2, if the owner of any heavy motor-car which was registered under rules formerly in force under the Bengal Motor-car and Cycle Act, 1903, does not within one month after the commencement of these rules obtain a certificate as aforesaid in respect of the car, the car shall not be used until it has been registered under these rules, except for the purpose of being taken to be registered; and the previous registration of the car shall be cancelled.

30. (1) The axle-weight of a heavy motor-car shall not exceed the registered axle-weight of heavy motor-car. weight.

(2) The registered axle-weight of an axle of a heavy motor-car shall not exceed eight tons, and the sum of the registered axle-weights of all the axles of a heavy motor-car shall not exceed twelve tons:

31. (1) The tyre of each wheel of a heavy motor-car shall be smooth, and shall, where the tyre touches the surface of the street or other base whereon the car moves or rests, be flat:

Provided that the edges of the tyre may be bevelled or rounded to the extent, in the case of each edge, of not more than half-an-inch;

Provided also that, if the tyre is constructed of separate plates, the plates may be separated by parallel spaces which shall be disposed throughout the outer surface of the tyre so that nowhere shall the aggregate extent of the space or spaces in the course of a straight line drawn horizontally across the circumference of the wheel exceed one-eighth part of the width of the tyre.

(2) The width of the tyre of each wheel of a heavy motor-car shall be—

(a) not less than five inches in any case; and

(b) not less than that number of half inches which is equal to the number of units of registered axle-weight of the axle to which the wheel is attached.

(3) The unit of registered axle-weight for the purposes of sub-clause (b) of clause (2) of this rule shall be taken to be—

(i) if the wheel is three feet in diameter—seven and-a-half hundredweights;

(ii) if the wheel exceeds three feet in diameter—seven and-a-half hundredweights, with an addition of weight in the proportion of one hundredweight for every twelve inches by which the diameter is increased beyond three feet, and in the same proportion for any increase which is greater or less than twelve inches; and

(iii) if the wheel is less than three feet in diameter—seven and-a-half hundredweights, with a deduction of weight in the proportion of one hundredweight for every six inches by which the diameter is reduced below three feet, and in the same proportion for any reduction which is greater or less than six inches.

(4) The foregoing clauses of this rule shall not apply to any tyre which is pneumatic, or which is made of a soft or elastic material.

32 The diameter of the wheels of a heavy motor-car, if they are fitted with a tyre which is not pneumatic or is not made of a soft or elastic material, must be not less than three feet.

Diameter of wheel of heavy motor-car.

33. (1) Where any Authority who is liable for the repair of a bridge affixes or sets up, in suitable and conspicuous positions, on the bridge and in each approach to the bridge notices stating that the bridge is insufficient to carry a heavy motor-car the registered axle-weight of any axle of which exceeds such weight as may be specified in such notices, the owner of any such car shall not cause or suffer the car to be driven, and the person driving or in charge of any such car shall not drive the car, upon the bridge, except with the written consent of the said Authority.

(2) The owner of any heavy motor-car, the axle-weight of any axle of which exceeds six tons, shall not cause or suffer the car to be driven, and the person driving or in charge of any such car shall not drive the car, upon any bridge, at any time when another heavy motor-car is on the bridge.

34. (1) A heavy motor-car which is used, either as a stage carriage or otherwise, for the conveyance of passengers for gain or hire, shall not draw a traller.

Restrictions on use of trallers.

(2) Not more than one traller shall ordinarily be drawn by other heavy motor-cars:

Provided that the Commissioner may, by order, for special reasons to be recorded by him, permit more than one traller to be drawn by any such car, upon such conditions (if any) as may be specified in such order.

35. The owner of every traller shall cause to be painted or otherwise plainly marked on a conspicuous part of the right or off side of the traller, in letters and figures not less than one inch in height, and of such shape and colour as to be clearly legible and clearly distinguishable from the colour of the ground whereon the said marking is made,—

Marking of trallers.

(a) the weight of the traller when unladen, and

(b) the axle-weight of each axle of the traller, if the weight of the traller when unladen exceeds one ton;

and shall cause the said marking to be from time to time repaired or renewed, as often as may be necessary to keep the said letters and figures clearly legible and clearly distinguishable.

MUNICIPAL OFFICE,
Dated the 2nd January 1908.

CORPORATION OF CALCUTTA.

In compliance with the provisions of section 565 of the Calcutta Municipal Act, the following amended draft bye-laws under clause 14 of section 559 of the same Act, which the General Committee intend to make in supersession of those published in the *Calcutta Gazette* of the 18th September 1907 in Part I.-B, prescribing the qualifications to be required from licensed plumbers and regulating their appointment, suspension and dismissal are published for general information.

Objections, if any, to the proposed amended bye-laws will be received by the Secretary to the Corporation up to Saturday, the 8th February 1908.

BYE-LAWS UNDER CLAUSE 14 OF SECTION 559.

1. *Qualifications.*—Before any license is granted to any person or firm to act as a licensed plumber, whether for purposes of Chapter XX or XXI of the Act, or both, such person or a resident member of the said firm or some one in their respective employ must satisfy the Chairman or other officer to whom the Chairman may delegate his powers in this behalf, in the following respects :—

For a license for purposes of Chapter XX—

- (a) That such person or member or some one in their respective employ as aforesaid has a practical knowledge of plumbing work and has for a recent period of at least three years been employed as a plumber ;
- (b) Is able to carry out work in both lead and iron and can wipe, straight or branch joints on lead pipe of any market size and perform any other work usual to the trade of a plumber.

For a license for purposes of Chapter XXI—

- (a) That such person or member of the firm or some one in their respective employ can timber trenches in a workman-like manner in bad ground ;
- (b) can build in brickwork in Flemish or English bond, and that he generally understands masonry work ;
- (c) can lay and joint stoneware pipes both in straight lines and with curves, and can place them in proper gradients by method of levellings ;
- (d) can insert a junction in a pipe sewer and a junction block in a brick sewer in a manner approved by the Engineer ;
- (e) can properly restore road surfaces.

2. *Appointment.*—No license shall be granted unless such person or firm satisfies the Chairman or other officer as aforesaid regarding the qualifications as shown in paragraph (1) and unless in the opinion of the Chairman or other officer as aforesaid, such person or firm has a suitable place of business together with a proper and sufficient stock of tools, plant and material for the purpose of carrying on the trade or business of a plumber.

3. *Suspensions and dismissal of licensed plumbers.*—A licensed plumber appointed as aforesaid may be suspended or dismissed as the Chairman may think fit :—

(a) If the plumber, in the opinion of the Chairman,—

- (i) fails to carry out any work entrusted to him in a workman-like manner or does it negligently ;
- (ii) fails to carry out the work within a reasonable time as the Chief Engineer may direct or delays in doing so without assigning good and sufficient reasons when called upon to do so ;
- (iii) fails to comply with any direction given him by the Engineer or other Officer empowered in that behalf.

*(b) If any accident or other damage is caused by or through the negligence or want of care or precaution on the part of the plumber or his servants or workmen in the course of business ;**(c) If any work is done in contravention of the provisions of the Act and the bye-laws and regulations made thereunder.*

4. *Proviso.*—Provided that a license issued to a firm or person on the ground that such firm or person have in their employ a person with a practical knowledge of plumbing work as aforesaid shall be deemed to be revoked or withdrawn if such firm or person at any time cease to have in their respective employ a competent person as aforesaid.

No. 85 M.—The 13th January 1908.—The following bye-laws which have been made by the General Committee under sections 559 and 561, and confirmed by the Corporation and sanctioned by the Lieutenant-Governor, under section 566, of the Calcutta Municipal Act, 1899, are published as required by section 570 of that Act:—

Bye-laws under sections 559 (41) and 561 of the Calcutta Municipal Act, 1899, for securing the efficient inspection and sanitary regulation of shops in which articles intended for human food are kept or sold.

Every shopkeeper in whose shop articles intended for human food are kept or sold, shall at all reasonable times, afford the Chairman or other officer to be appointed in this behalf free access to such shop for the purpose of inspection.

2. Every such shopkeeper shall carry out all requisitions and directions made or given by the Chairman or other officer as aforesaid for providing adequate means of ventilation and access of light for his shop, for making the floors of such shop pukka and paving them with cement or other impervious material, for providing suitable drains and for keeping the shop in a cleanly and wholesome condition.

3. Every shopkeeper, who deals in prepared or manufactured articles of human food, shall provide in his shop such suitable receptacle or vessel as may be required for keeping such articles in such a manner as to prevent, as far as practicable, the risk of contamination from dust, ashes, rubbish, spiders, flies or other insects, or anything likely to affect health injuriously, and shall keep and maintain such receptacle or vessel in a cleanly and wholesome condition.

4. In case of non-compliance with or breach of any of these bye-laws, the Chairman may give notice in writing to the shopkeeper to comply therewith or discontinue such breach within a reasonable time to be specified therein, and in default of compliance with the requirements of such notice the Chairman may, by order, direct that the shop shall no longer be used as such until the Health Officer certifies in writing that the said requirements have been carried out.

5. A breach of any of these bye-laws shall be punishable with fine which may extend to Rs. 20, and, in the case of a continuing breach, with fine which may extend to Rs. 10 for every day during which the breach continues after conviction for the first breach.

and sale of list.

7. On or before the tenth day of the said month of December, the Chairman shall give notice, by advertisement in local newspapers, of the publication of the said list, and of the place at which and the fee for which, copies of it may be obtained.

Notice of claim to
be entered on list and
objections to entries.

8. (1) Every person who claims to have his name inserted in the list as being qualified under any of the clauses of section 37 or who claims to be entitled to more votes than are allotted to him in the list, must, on or before the first day of the succeeding month of January, give written notice of his claim to the Chairman.

(2) Any person whose name is in the list may object to any other person as not being entitled to have his name retained therein.

(3) Every person desiring to make an objection under sub-rule (2) must, on or before the said first day of January, send to the Chairman, and also give to the person objected to, or leave at his last-known place of abode, written notice of the objection and of the nature thereof.

Representation of
associations of indivi-
duals.

9. If the name of a company, body corporate, firm, Hindu joint-family, or other association of individuals has been entered in the list, any one individual person duly authorized in this behalf by such company, body corporate, firm, Hindu joint-family or association may, by written notice sent to the Chairman on or before the said first day of January, apply that his name be entered in the list as the person qualified to vote or to be elected in behalf of such company, body corporate, firm, Hindu joint-family or association.

Revision of list by
Chairman.

10. (1) The Chairman shall, before the first day of the succeeding month of March, revise the said list.

(2) He shall, for that purpose, hear, in open office, the claims, objections and applications which have been duly made as aforesaid, and shall give three clear days' notice of the holding of the inquiry.

(3) Such notice shall be served upon each claimant, each person objecting, each applicant, and each person objected to, and shall be fixed on some conspicuous place in the Municipal office.

(4) The Chairman shall insert in the list—

(a) the name of every person who has duly claimed to have his name inserted therein, and whose claim is proved to the Chairman's satisfaction; and

- (b) when any person has duly claimed to be entitled to more votes than were originally allotted to him in the list, and such claim is proved to the Chairman's satisfaction, the number of votes to which such person is found to be entitled.
- (5) The Chairman shall expunge from the list the name of every person proved to his satisfaction to be dead, and may correct any omission or clerical error in the list.
- (6) Except as hereinbefore provided, the Chairman shall retain in the list the name of every person to whom objection has not been duly made.
- (7) The Chairman shall also retain in the list the name of every person objected to, unless the objector appears, by himself or by some person duly authorized by him in this behalf, in support of the objection.
- (8) Where the objector so appears, the Chairman shall require proof of the qualification of the person objected to; and if, within such reasonable time as the Chairman fixes in this behalf, or on the subsequent day, if any, to which hearing is adjourned under Rule 10, such person's qualification is not proved to the Chairman's satisfaction, he shall expunge his name from the list.
- (9) If no individual person has applied to the Chairman under Rule 8 to have his name entered in the list in behalf of a company, body corporate, firm, Hindu joint-family, or other association of individuals, the Chairman may determine what individual person shall be entitled to represent such company, body corporate, firm, Hindu joint-family, or association, and shall enter his name in the list as the person qualified to vote or to be elected in behalf of such company, body corporate, firm, Hindu joint-family or association.
11. The Chairman may adjourn the hearing of any matter under the foregoing rules from time to time, but so that no adjourned hearing be held after the last day of February immediately preceding the general election. Adjournments.
12. When the aforesaid list has been revised by the Chairman, he shall sign a printed copy thereof, and that copy shall be the List when revised and signed to be the municipal election-roll. Municipal election-roll.
13. The Chairman shall publish the Municipal election-roll by causing a printed copy thereof to be fixed for public inspection in a conspicuous position at the Municipal office and at such other places as he thinks fit. Publication municipal election-roll.
14. Printed copies of the Municipal election-roll shall be delivered to any person applying for the same, on payment of such reasonable fee for each copy as may from time to time be prescribed by the Chairman, with the approval of the General Committee, in this behalf. Delivery of copies of rolls.
15. (1) The Municipal election-roll shall come into operation on the first day of March immediately preceding the General election, and shall continue in operation for three years beginning on that day. Commencement and continuance of roll.
- (2) The roll shall be final, and, while it continues in force, it shall not be altered, except so as to correct such clerical errors as the Chairman may advertise by public notice given from time to time.
- (3) If a Municipal election-roll is not prepared in due time, the Municipal election-roll in operation immediately before the time at which the new roll ought to have been prepared shall continue in operation until the new roll is prepared.

SCHEDULE V.

RULES FOR CONDUCT OF ELECTIONS.

[See sections 54 and 567.]

1. Three weeks at least before the day fixed for an election, notice of such election shall be given by the Chairman by advertisement in the *Calcutta Gazette* and in local newspapers, and by posting placards in conspicuous places in the ward for which the election is to take place. Notice of elections.

Nomination paper.

2. Every person who is a candidate for election shall send to the Chairman, not less than fourteen days before the day fixed for the election, a nomination-paper containing—

- (a) his name and description and a statement of his place of abode,
- (b) the name of the ward or wards for which he purposes to stand,
- (c) the signature of two voters other than the candidate in each such ward who respectively propose and second his candidature, and
- (d) the signature of eighteen voters other than the candidate in each such ward who approve his nomination.

Power to declare nomination invalid.

3. If any person nominated—

- (a) is not enrolled in the Municipal election-roll as a voter of a ward, or
 - (b) is disqualified for being a Commissioner for any of the reasons set forth in section 39, or
 - (c) has not complied with the provisions in Rule 2,
- the Chairman shall declare his nomination to be invalid.

Publication of list of candidates for election.

4. Not less than three days before the day fixed for election, the Chairman shall publish at the Municipal office and in local newspapers a list of all candidates for election.

Poll when unnecessary.

5. In the event of there being not more than one candidate for election in any ward, such candidate shall be deemed to be elected.

Poll when and how to be taken.

6. In the event of there being more than one candidate, a poll shall be held in the following manner, that is to say:—

- (1) a polling-place shall be provided by the Chairman for each ward, and the Chairman may appoint such and so many polling-officers and other persons to assist at the poll as he may think fit, and, with the approval of the General Committee, pay them such reasonable remuneration for their services as he may determine;
- (2) the poll shall commence at nine o'clock in the forenoon, and shall close at six o'clock in the afternoon of the same day, or, with the special permission of the Chairman, at some time on the next following day to be named by him;
- (3) all votes must be given in person, and no vote shall be received by proxy or in writing;
- (4) no vote shall be received for any candidate whose name has not been published by the Chairman under Rule 4 as having been validly nominated;
- (5) when the name in the Municipal election-roll is that of a company, body corporate, firm, Hindu joint-family or other association of individuals, a vote on behalf of such association may be received from any person who produces to the polling-officer a power-of-attorney authorising him to represent the said association for the purposes of the election;
- (6) the polling-officer shall read out the list of candidates and the names of the voters, and the votes given by them shall then be recorded by him;
- (7) no objection to a voter shall be entertained, except on the ground that he is not the person under whose name, as entered in the Municipal election-roll, he claims to vote;
- (8) objections under clause (7) shall be summarily decided by the polling-officer;
- (9) the polling-officer shall then and there declare the candidate who has the largest number of votes to be duly elected, and shall report accordingly to the Chairman:

Provided that, if the majority for any candidate consists only of votes to which objections have been raised and if the polling-officer has been unable to decide such objections summarily as provided in clause (8), he shall adjourn the proceedings and report the matter to the Chairman;

- (10) when a report is made to the Chairman under the proviso to clause (9), he shall hold such inquiry regarding the disputed votes as he may consider necessary, and his decision shall be final;
- (11) on the termination of the said inquiry, the Chairman shall declare the candidate who has the largest number of votes to be duly elected;
- (12) if there be an equality of votes, the candidate for whom the greatest number of qualified persons have voted shall be deemed to be elected; and in case of an equality of votes in this respect, the Chairman shall give a casting vote, and the candidate to whom such vote is given shall be deemed to be elected.

7. If any person is elected a Commissioner for more than one ward, he shall, within five days from the date of the election, declare for which ward he will serve; and if he fails to make such declaration, the Chairman shall forthwith declare the ward for which such person shall serve; and in either case such person shall be held to be elected in the ward in respect of which either of such declarations has been made; and thereupon the electors of the other ward or wards in which such person has been elected shall proceed to elect a Commissioner in the manner hereinbefore provided.

Procedure where a Commissioner is elected for more than one ward.

No. 766L.S.-G.—The 6th April 1908.—The following rules framed by the District Board of Bhagalpur, with the approval of the Commissioner of the Bhagalpur Division, under section 15 of the Bengal Ferries Act, I of 1885, for the management of public ferries under the management of the District Board have been accepted by the Lieutenant-Governor and are published for general information:—

Bhagalpur.

RULES UNDER SECTION 15, ACT I (B.C.) OF 1885 FOR THE DISTRICT BOARD OF BHAGALPUR.

Rule 1.—In these rules the term "Chairman" means the Chairman and Vice-Chairman of the District Board of Bhagalpur, the term "Magistrate" means the District Magistrate.

Rule 2.—Every public ferry under the management of the District Board of Bhagalpur shall either be held *khas* by the Chairman, or be leased by public auction.

Rules for the Management of Public Ferries held khas.

Rule 3.—For every public ferry, which is held *khas*, the Chairman shall, from time to time—

- (a) provide such boats, landing stages, rest-houses, and other appliances as he shall think proper;
- (b) appoint a suitable person to superintend the plying of the ferry, provide and pay boatmen, receive the authorised tolls, and remit the same to the treasury;
- (c) fix, with the approval of the Commissioner, the tolls to be levied from persons using the ferry;
- (d) cause a schedule of such tolls, legibly written in the vernacular, to be fixed up on both landing stages;

- (e) determine the maximum number of passengers, animals, carts, vehicles, and goods which each ferry-boat shall carry, and cause a notice to this effect, to be affixed to each boat;
- (f) determine the hours within which the boats shall ply, and the minimum number of journeys to be made every day; and
- (g) provide for the prompt conveyance of the mails at all times across the ferry.

Rule 4.—Any person may compound for tolls payable for the use of the ferry; and if the ferry should be closed before the expiry of the period for which such person has compounded for tolls payable for its use, he shall be entitled to a refund, the amount of which shall bear the same proportion to the whole sum paid by him as the period remaining bears to the whole period for which he compounded. Such refund shall be made under the orders of the Chairman.

Rules for leasing out Ferries.

Rule 5.—When it has been determined to lease the tolls of any public ferry by auction under section 9 of Bengal Act I of 1885, the Chairman shall, at least 15 days before the auction is held, cause an advertisement of such auction to be published, both in English and in the vernacular, in such place and in such manner as to him shall seem expedient.

Rule 6.—The advertisement shall specify—

- (a) the time and place of the sale;
- (b) the period for which the ferry is to be leased, and the dates between which the lessee shall be bound to ply the ferry every year;
- (c) the number and description of the boats to be maintained, the strength of the crew to be employed on each, and the maximum number of passengers, animals, vehicles, and the bulk or weight of goods each is authorised to carry;
- (d) the liability or otherwise of the lessee to provide the boats, and to keep them in repair;
- (e) the liability or otherwise of the lessee to provide and keep in order the landing stages and the rest-houses or travellers' sheds, if any, at either or both banks of the crossing;
- (f) the minimum number of crossing to be made daily at any particular season of the year;
- (g) the rate of tolls to be levied;
- (h) the persons and things to be ferried over free of toll, as provided in Rule 14;
- (i) the instalments in which the rent for the ferry is to be paid; and
- (j) such other particulars as the Chairman shall consider necessary.

Rule 7.—A copy of the advertisement and of the rules, and the form of agreement required to be executed under section 9 of the Act, shall be posted up in a conspicuous place in the Chairman's office, and attention shall be called to the rules and the form agreement on the day of auction.

Rule 8.—On the day of the auction the lessee to whom the ferry has been, knocked down, shall deposit three months' rent as security for the due fulfilment by him of the conditions of his lease. This deposit may, however, at the discretion of the Chairman, be dispensed with in the case of small ferries in which boats or canoes are not provided by the District Board. The Chairman shall be in no way bound to accept the highest bid made, and shall give due consideration to the claims of a former lessee, if he is prepared to give what seems a fair rent.

Rule 9.—In cases in which the ferry is leased for only a year, or part of a year, the lessee shall be held liable for the rent for the entire period the moment the ferry has been knocked down to him. In cases in which the ferry is leased for a number of years, the liability for each year's rent shall accrue from the first day of the year.

Rule 10.—The contract which the lessee will be required to execute under section 9 of the Act shall be in the form appended to these rules.

Rule 11.—As soon as possible after the contract has been executed by the lessee, the Chairman shall furnish him, free of charge, with a copy of these rules, a list of the authorised tolls duly signed under section 19 of the Act, and two notice boards having written on them legibly in the vernacular, the schedule of tolls applicable to the ferry, the number of boats which the lessee is bound to keep plying, the number of men by whom each boat is to be manned, and the maximum number of passengers, etc., each boat is allowed to carry. The notice boards shall be fixed by the lessee in a conspicuous place at both banks of the ferry, and shall be kept by him in a proper condition. On the expiry of his lease they shall be returned by him to the Chairman.

Rules for the management of ferries leased by public auction and for regulating their traffic.

Rule 12.—The lessee shall be bound to ferry over diligently, carefully, and with the least possible delay all passengers, vehicles, animals and goods which may come to the ferry ghât to be ferried over.

Rule 13.—The rate of tolls to be levied shall be those fixed by the Chairman, with the approval of the Commissioner, under section 18 of the Act.

Rule 14.—The lessee shall not charge or demand tolls for ferrying over—

- (a) mails, mail-carts, dāk-runners and Government telegraph messengers on duty ;
- (b) commissariat stores, animals and vehicles, when accompanied by a chalan from the Commissariat Officer ;
- (c) persons or property mentioned in section 3 of the Indian Tolls (Army) Act, 1901 ;
- (d) Police and other public officers and process-serving peons, panchayats and village chaukidars when travelling on duty with their *bond fide* baggage, horses palkees, or other conveyances ;
- (e) Executive officers of the District Road Department and officers of the Education, Veterinary and Sanitary Departments when travelling on duty with their conveyances and the men or animals attached thereto and their personal attendants ;
- (f) members of the District and Local Boards travelling on duty connected with their office, as such members, with their conveyances and the men or animals attached thereto and their personal attendants ;
- (g) coolies engaged in repairing roads, with their tools and instruments, whether employed immediately under the District or Local Board or by contractors working under the same. All servants of the District Board on duty with their conveyances and the men or animals attached thereto. All stores belonging to or for the use of the District Board ; and
- (h) persons carrying dead bodies or property sent in by the Police.

Rule 15.—The lessee shall not charge or demand tolls from persons who wade or swim across, or take cattle or other animals or property across at their own cost and risk, or from persons who cross themselves, or take other persons across without charge in their own boats or in boats exempted by the Chairman from the operation of section 16 of the Act.

Rule 16.—The ferry shall ordinarily ply between sunrise and sunset, but the lessee may employ the boats in ferrying passengers across at any time after sunset, provided each boat so employed carries a light, which must be displayed in a conspicuous part of the boat.

Rule 17.—The Magistrate may, if necessary, fix the times for the crossing of the mails and dāk-runners, and may, as occasion arises, vary such times. He shall, in all such cases, give notice in writing to the lessee of the times at which the mails are to be ferried over, and it shall thereupon become the duty of the lessee to see that arrangements are specially made for the crossing of the mails immediately on their arrival at the ferry ghāt, and that no delay is allowed to occur in their transit.

Rule 18.—The lessee shall provide and keep in proper order, to the satisfaction of the Chairman, the landing stages on both sides of the ferry, and shall move them, when necessary, according to the rise and fall of the water. He shall also provide proper rest-houses or travellers' sheds on the banks of the ferry, as required by the Chairman, and shall make all proper arrangements and provide all suitable accommodation on the ferry boats for passenger and goods traffic.

Rule 19.—The lessee shall mark on each boat the number, of passengers, animals and vehicles, and the bulk and weight of other things it is authorised to carry at a single trip.

Rule 20.—When any ferry which has been leased for a given period is discontinued under the orders of the Chairman before the expiry of that period, the lessee shall be allowed a deduction in the rent payable for the unexpired portion of the term of the lease. If it be shown to the satisfaction of the Chairman that the lessee has suffered any loss, consequent on the discontinuance of the ferry, the Chairman may allow him such compensation as he thinks deserved.

Rule 21.—In the event of the ferry being discontinued before the expiry of the lease, either by order of the Chairman or otherwise, all persons who have compounded for the tolls for its use shall be entitled to receive a refund calculated as in Rule 4, and unless the claims of all such persons have been satisfied by the lessee, the Chairman shall have authority to satisfy the claims out of the deposit made by the lessee under Rule 8.

Rule 22.—The lessee shall, when required by the Magistrate to do so, but not otherwise, furnish all information in his power regarding suspicious persons or classes of persons who may have been or may come to be ferried over.

Rule 23.—The lessee shall be bound to furnish such returns of traffic as may, from time to time, be called for by the Chairman, and for this purpose he shall keep up a register of traffic in the form to be prescribed by the Chairman.

Rule 24.—If the lessee desires to establish communication across the ferry by means of a bridge of any kind, he shall first obtain the sanction, in writing, of the Chairman, and shall, on obtaining such sanction, carry out any orders which the Chairman may make regarding the opening of such bridge for the through passage of vessels and rafts. Such bridge shall on no account obstruct the free passage of the stream.

Rule 25.—The Chairman may at any time require the lessee to repair or replace any boat which he considers to be in a dangerous state of disrepair, and the lessee shall thereupon be bound to repair or replace it as directed.

Rule 26.—Police officers will report at once any instance of mismanagement of a public ferry, the insecurity of the boats, landing stages, slopes or approaches, and any other defect in the working of the ferry which may come to their notice.

Rule 27.—The ferry boats belonging to any public ferry shall not be plied when the current, wind or state of the weather is such as to render the crossing unsafe and endanger the lives of the passengers.

Date.

If at any time before the expiry of the period for which the ferry has been leased to me, I be removed therefrom for any breach of the terms and conditions of the lease, or for any wilful breach of any of the rules under section 15 of the Act, I shall be liable to pay rent up to and including the instalment due next after my removal.

8. If the rates of toll are reduced during the currency of my lease, or the exemptions from the payment of it are extended, this agreement is to be modified accordingly. I shall be given a fair opportunity of satisfying the Chairman as to the effect of the change; and if the terms proposed by him thereafter are not such as I can reasonably accept, I will, according to the law, immediately carry into effect the order, reducing the rates of toll, or extending the exemption from payment of it, but will at the same time state the amount of rent I may be willing to pay under the actual circumstances of the case. Should my offer appear to the Chairman to be inadequate, it shall be competent to him to remove me and place another person in charge of the ferry, and for such time as I remain in charge of the ferry after the issue of the order reducing the rates of tolls, or extending the exemptions from payment of it, I shall pay rent only at the rate tendered by me.

9. If I make default in the payment of the rent for the ferry, or of any penalty which may be lawfully imposed, or if I do not observe and perform the covenants herein contained, it shall be lawful for the Chairman to remove me from the charge of the ferry, and to settle the same with some other person or hold it *habeas*. After such removal, I shall not be entitled to any part of the proceeds of the ferry or to levy any toll therefor. And if the rent on reletting the ferry fall short of the amount at which it was leased to me, and the District Board thereby incur loss, I shall be held responsible for such difference or loss, the amount of which may be deducted from my deposit. If the deposit does not cover the loss incurred, the rent due from me (and the amount of tolls refunded by the Chairman under Rule 21 of the rules under section 15 of the Act, the total amount which is deficient shall be recoverable in the manner set forth in section 12 of the Act), and all sums which I become liable to pay in virtue of this agreement shall be recoverable as a public demand under the provisions of Bengal Act I of 1895. It shall be lawful for the Chairman to deduct the amount of rent which I may default to pay from my security deposit, and to direct me to recoup the same within a given time, and, on my failure to do so, to remove me from the charge of the ferry.

10. I will not assign, sublet or part with the possession of the ferry without the previous consent in writing of the Chairman.

11. I shall not claim any compensation on account of the roads being closed for repairs, or on account of inundations or the breaking down of bridges on account of deficiency of water in the river on which the ferry is situated.

PROPOSED NOTIFICATION.

WHEREAS an application for the purpose of constructing an Electric Tramway on the Diamond Harbour Road within the South Suburban Municipality has been made to the Lieutenant-Governor of Bengal by the Calcutta Tramways Company, Limited (hereinafter called "the promoters"), with the consent of the Commissioners of the South Suburban Municipality given at a special meeting convened for the purpose agreeably to the provisions of section 8 of the Bengal Tramways Act, 1883 (Bengal Act III of 1883), and whereas, in accordance with section 4 of the said Act, the plans and drawings of the proposed works, together with an estimate and the provisional agreement hereinafter published, made between the promoters and the local authority, have been submitted to the Government, and whereas no objections to such application have been filed within the time appointed, and whereas it appears to the Lieutenant-Governor, after due enquiry, to be expedient and proper to grant the said application, the Lieutenant-Governor, under the authority vested in him by section 5 of the said Act, is pleased to make the following order:—

PROPOSED ORDER.

1. This order may be cited as the Calcutta Tramways (Behala) Order, 1908.
2. The Tramway authorised under this order shall be subject to all the provisions of the Bengal Tramways Act, 1883, and the Calcutta Tramways Company, Limited (who and their assigns are hereinafter called "the promoters"), shall in addition to the powers and authorities herein contained have all the powers and authorities conferred by the said Act.
3. The promoters are hereby authorised to construct, maintain and work, subject to the provisions of this order, and in accordance with the plans and drawings deposited with the Government of Bengal, an Electric Tramway with double lines on the following route, viz:—

Along and upon the Diamond Harbour Road from the Calcutta Municipal Boundary at Shahpore Road to the village of Behala.

4. The promoters have entered into the agreement with the Chairman of the Municipal Commissioners of the South Suburban Municipality, which is set out in the Schedule hereto, and which is hereby confirmed. The Commissioners of the South Suburban Municipality shall have power to purchase the said tramway with the plant, machinery, land buildings, rolling stock, stores and all other things used in connection therewith belonging to the promoters within the South Suburban Municipality in the manner and upon and subject to the terms and conditions specified in clauses 4 and 5 of the said agreement.

5. The roadway along that portion of the said route which traverses the Behala Bazar shall be widened by the Government of Bengal up to a total width of 35 feet 7 inches, and such land as it may be necessary to take up for that purpose shall be acquired by the Government of Bengal under the Land Acquisition Act, 1894. The expenses of and incidental to such widening and acquisition as aforesaid shall be borne and paid, as to Rs. 1,000 part thereof, by the Commissioners of the South Suburban Municipality, as to one moiety of the balance thereof by the promoters and as to the remainder thereof by the Government of Bengal.

6. The said Tramway shall be completed and opened for traffic within two years from the date of this order; or, if the construction thereof shall be necessarily delayed beyond

that period in consequence of the non-completion of the widening of the roadway as hereinbefore mentioned, then within such further time as shall be commensurate with the period of such delay.

7. The said tramway shall be constructed on a gauge of 4 feet 8½ inches. The rails shall be of the grooved girder type, weighing not less than 101 pounds per yard, and in general shall be laid on a concrete stringer foundation and held to gauge by means of tie bars spaced according to the standard practice. The promoters may from time to time, with the approval of the Government of Bengal, adopt any such improvements in the rails, in the situation of the same and in the substructure upon which they rest as they may deem necessary for the proper working of the said tramway.

8. The promoters shall at their own cost metal the roadway between the rails and to the width of 18 inches beyond the outermost rail on each side and in addition thereto, metal a width of not less than 6 feet of the roadway in contiguity to and throughout the whole length of the track.

9. The promoters may stack excavated material, road metal and other materials necessary for the construction or maintenance of the tramway or the roadway on the side of the road, but the same shall be stacked in such manner as to obviate as far as possible any impediment of the traffic on the road; and the promoters may use when necessary, for the repair of the roadway, the materials excavated in the course of construction or maintenance of the said tramway. The promoters may, with the consent of the Government of Bengal, cut down or lop any tree standing on or alongside the road which is likely to interfere with the operation of the cars or which may be a source of danger to the tramway traffic.

10. Subject to the approval of the Government of Bengal, the promoters may from time to time make all such crossings, passing places, sidings, junctions or other works in addition to those particularly specified in or authorised by this order as may be necessary or convenient for the efficient working of the said tramway or for providing access to any building or works of the promoters.

11. The motive power of the said tramway shall be electrical energy conveyed by means of underground cables and overhead trolley wires, suspended either by bracket arms attached to steel poles, or by galvanised steel span wires strung between poles, as the case may require. The rails shall be used as return conductors, and for this purpose shall be adequately provided at the joints with copper bonds to ensure a complete circuit.

12. The promoters shall at all times, to the satisfaction of the Government of Bengal, maintain and keep in good repair and in such condition as not to afford danger to the ordinary traffic the rails and the substructure of the tramway and about 20 feet of roadway, that is up to 18 inches beyond the rails on each side of the road.

13. This order is made on the condition that the promoters do and shall in the construction, maintenance and working of the said tramway at all times conform to and govern themselves by all and every the rules for the time being in force, regulating the generation and use of electrical energy, under the Indian Electricity Act, 1903, or any statutory modification or re-enactment thereof for the time being in force, the provisions of which rules shall be deemed to be incorporated in and to form part of this order in like manner as if the same had been expressly recapitulated herein. The said tramway shall not be opened for public traffic until the same shall have been inspected by the Electrical Inspector to the Government of Bengal and certified by him to be fit for such traffic.

14. The rate of fare to be charged for each passenger upon the said tramway shall not exceed 2 annas per mile in the case of 1st class passengers, and 1 anna per mile in the case of 2nd class passengers.

The Schedule above referred to.

AGREEMENT made this fifth day of April 1908 Between the CHAIRMAN OF THE MUNICIPAL COMMISSIONERS OF THE SOUTH SUBURBAN MUNICIPALITY (hereinafter called "the Commissioners") of the one part and THE CALCUTTA TRAMWAYS COMPANY LIMITED a Company incorporated under the English Companies Acts and having their registered office at No. 1 Queen Victoria Street in the City of London (hereinafter called "the Company") of the other part. WHEREAS the Company are desirous of constructing maintaining and working a double line of Electric Tramway within the South Suburban Municipality on the following route viz:—

Along and upon the Diamond Harbour Road from the Calcutta Municipal boundary at Shapore Road to the village of Behala.

AND WHEREAS the Company are about to apply to the Government of Bengal under the Bengal Tramways Act 1883 for an order authorising such Tramway.

NOW IT IS HEREBY AGREED as follows:—

1. The Company shall forthwith apply to the Government of Bengal for an order under the Bengal Tramways Act 1883 authorising the Company to construct maintain and work a Tramway with double lines to be worked by electric traction by means of overhead wires along the said route and shall from and after the grant thereof construct maintain and work such Tramway according to and in conformity with the provisions to be contained in such order.

2. It being intended by the Government of Bengal to widen the roadway along that portion of the said route which traverses the Behala Bazar up to a total width of 35 feet 7 inches and to acquire under the Land Acquisition Act, 1894, such land as it may be necessary to take up for that purpose, the expenses of and incidental to such widening and acquisition as aforesaid shall be contributed as to Rs. 1,000 part thereof by the Commissioners and as to a moiety of the balance thereof by the Company the remainder thereof being borne by the Government of Bengal.

3. The Company shall complete and open the said tramway for traffic within two years from the date of the Order to be granted by the Government of Bengal, or, if the construction thereof shall be necessarily delayed beyond that period in consequence of the non-completion of the widening of the roadway as hereinbefore mentioned, then within such further time as shall be commensurate with the period of such delay.

4. The Commissioners shall have the right of purchasing the said tramway with the plant, machinery, land, buildings, rolling stock, stores and all other things used in connection therewith belonging to the Company within the South Suburban Municipality on the 1st day of January 1931 upon declaring their intention so to purchase the same in writing not less than six calendar months before the said date; and the Commissioners shall have a renewed right of purchase at the end of every seven years after the said 1st day of January 1931 upon similar notice being given. The consideration for such purchase shall be a cash payment of 25 times the difference between the average gross annual receipts and the average annual working expenses of the Company in connection with the said tramway which said working expenses shall include (*inter alia*) the cost of the proper up-keep and maintenance of the said tramway plant, machinery, buildings and rolling stock. The average of the gross annual receipts and of the annual working expenses for the purpose of such purchase shall be determined by taking the average of the seven years immediately preceding the date of such purchase. Upon the expiry of the said notice the Company shall make over to the Commissioners the entire tramway and all plant, machinery, land, buildings, rolling stock, stores and everything connected therewith. If the payment by the Commissioners of the consideration for such purchase shall be delayed beyond the period of 30 days from the date of the expiry of the notice so given, the Commissioners shall pay to the Company interest on the amount of such consideration or such part thereof as shall remain unpaid at the rate of 5 per cent. per annum, from the date of the expiry of such notice until payment, but in no event shall the said consideration be allowed to remain unpaid for more than six months from the date on which the same shall become due and payable.

5. The Company shall prior to the date of the expiry of any notice to be given by the Commissioners under the last preceding clause hereof well and sufficiently repair to the satisfaction of such Engineer or other officer as may be deputed by the Government of Bengal in that behalf the said tramway plant, machinery, buildings, rolling stock and other things or such of them or such portions thereof respectively as shall then be in need of repair and will place or restore the same in or to a good and serviceable order and condition and will so make over the same to the Commissioners. If default shall be made by the Company in complying with the provisions of this clause the Commissioners shall for such default and to the extent thereof be entitled to a deduction from the consideration for the purchase of the said tramway plant, machinery, land, buildings, rolling stock, stores and premises of the Company as aforesaid. The fact whether such default has occurred and the amount of such deduction shall be determined in case of dispute by the arbitration of two disinterested persons, one to be appointed by the Commissioners and the other by the Company or by the award of their umpire in case the arbitrators cannot agree, and these presents shall be deemed to be a submission to arbitration within the meaning of the Indian Arbitration Act, 1899, or any statutory modification or re-enactment thereof for the time being in force the provisions whereof shall apply as far as applicable.

As witness the Common Seal of the Commissioners and the signature of the Chairman and a Commissioner and the signature of the Company the day and year first above written.

NOTIFICATION.

No. 227.—L.S.-G.—The 29th April 1908.—It is hereby notified, for general information that, in exercise of the powers conferred on him by section 138 of the Bengal Local Self-Government Act, III of 1885, the Lieutenant-Governor intends to make the following rules, in modification of rules 32 and 44 of the rules made under clauses (g), (l) and (m) of that section, and published with Notification No. 3334 L.S.-G., dated the 20th December 1901, at pages 293—305 of Part IB of the *Calcutta Gazette* of the 25th idem. These rules will be taken into consideration, with a view to their final adoption on the 15th June 1908, when any objection or suggestion which may be made by any person and received before that date will be considered:—

Rule 32.—“Except as provided in rule 31, the District Engineer is strictly prohibited from commencing the construction of any work or expending public funds, without the sanction of competent authority; also from making or permitting any, except trifling, deviations from any sanctioned design in the course of execution, unless under specific authority or in case of emergency, when the change should be forthwith reported to the Inspector of Works. All unauthorised expenditure will be incurred at his own risk.”

Rule 44.—“The District Engineer is held primarily responsible for affording information to the Inspector of Works in cases of probability of excess of actual over estimated cost of any work. A revised estimate is necessary whenever the total expenditure from any cause is likely to exceed by more than 5 per cent. the total of the original estimate, including the provision for contingencies. On receipt of a report from the District Engineer that the total expenditure on any work is likely to exceed the total of the sanctioned estimate, the Inspector of Works shall call on the District Engineer to furnish him with such particulars as will enable him to decide whether a revised estimate is required or not.”

BY-LAWS MADE BY THE MURSHIDABAD DISTRICT BOARD UNDER SECTIONS 139 AND 140 OF THE BENGAL LOCAL SELF-GOVERNMENT ACT OF 1885 (BEN. ACT III OF 1885).

Definition.—In these by-laws, "road" means a road vested in, or under the control and administration of, the District Board, and includes a village-road.

1. No person shall leave any cart or carriage on any road so as to cause inconvenience and obstruction to the public traffic, except for the time occupied in loading or unloading it.

2. No person shall, without good and sufficient reason, allow any moveable property to remain on any road so as to obstruct traffic on the road.

3. No bricks or wood or other things shall be deposited on any road or on the sides or slopes thereof for more than a reasonable time without the permission of the officer in charge of the road.

4. All owners and drivers of carts and other vehicles loaded with bricks or other materials shall be responsible for their being so secured that the contents thereof may not fall down on any road.

5. No person shall drive upon a road any cart laden with bamboos, planks or other materials of a similar character which exceed twelve feet in length and project beyond the cart, unless the cart be accompanied also by another person.

6. No person shall expose or place any article for sale in any bazar or market in the vicinity of any road, or collect or gather any substance there so as to interfere with the traffic of the road.

7. No person shall construct or place, over or by the side of any side excavation or borrow-pit of any road, any culvert, platform, building or structure of any other kind, except with the written permission of the District and Local Board and in such manner as they may direct.

8. Any person in possession of or having control over any trees, bamboos, shrubs or fencings overhanging any public tank or any road, or its slopes, berms or side excavations, shall, on a requisition signed by the Chairman or Vice-Chairman of the District or Local Board, cut or trim the same in such manner as may be directed in such notice.

9. No person shall tap any date or palm tree or remove fruits from any tree on any road, or its slopes, berms or side excavations, without a lease or written permission previously obtained from the Chairman of the District or any Local Board having jurisdiction on such road.

10. No person shall perform any office of nature on any road or its slopes, berms or side excavations.

11. No person shall tether any cattle, as defined in the Cattle Trespass Act, 1871 (I of 1871), on any road or its slopes or side drains, or on any land close to the same, with a view to enable such cattle to graze on such road, slopes, drains or land, or shall cause any such cattle so to graze.

12. No person shall cut any sod or grass or remove earth from any road or its slopes, berms or side excavations.

13. No person shall build or dig or cause to be built or dug any grave on any road or its slopes, berms or side excavations.

14. No person shall steep any jute, hemp or bamboos in any roadside excavation or in any tank, khal or reservoir belonging to the District Board or any Local Board of the District, without the permission of the Vice-Chairman of the District Board.

15. No person shall encroach on or damage any part of any road by cultivating crops or in any other way.

16. No person shall, without the special permission of the District or Local Board, cause any obstruction or probable obstruction to the traffic on, or any injury or probable injury to, any road, by cutting the same, wholly or partially, for the purpose of irrigating or draining any adjacent land, or for any other purpose.

17. No person shall pass over, or drive any animal or vehicle over, any road, bridge, culvert or canal, so as to injure the same, while it is under construction or repair or is affected by flood or is otherwise rendered unfit for traffic and is closed to traffic under the orders of the Chairman of the District Board or of any Local Board or (in emergent cases, pending application to such Chairman) of the District Engineer, provided that a passage is given to the traffic, through another part of the road or otherwise.
18. No cart shall pass over the metalled portion of any road when by a notice of the District Board cart traffic is allowed over the unmetalled portion and disallowed over the metalled portion of the road.
19. No person shall encroach on any road or its slopes, berms, or side-lands, by constructing a building, wall, shed, hut or any other structure thereon or by cultivating or preparing for cultivation any part thereof.
20. No person shall throw or lay down dirt, filth, debris or rubbish, or stack straw stone or building materials of any kind, on any road or its slopes or side-lands, so as to cause obstruction to traffic or any sort of damage or inconvenience to the passengers.
21. Every person shall observe the rule of the road by keeping on the left while riding or driving, and shall carry a conspicuous light while driving on a dark night on any part of any road passing through a village or town; and every driver of an elephant who is required by the rider or driver of any horse or conveyance to remove such elephant to a sufficient distance from such road shall so remove his elephant with reasonable promptitude.
22. No person shall in any manner destroy or damage or cause to be destroyed or damaged, wholly or partially, any tree on any road or its slopes, berms or side-lands, or shall remove any tree or branch thereof from any road without written permission of the District or Local Board having jurisdiction.
23. No person shall block up or cause to be blocked up any opening of any culvert or bridge or any super-passage or flood escape of any kind on any road without the written permission of the District or Local Board having jurisdiction.
24. No person, shall without the permission of the District or Local Board having jurisdiction, widen, deepen or otherwise damage or disfigure any drain, side excavation or borrow-pit at the side of any road.
25. No person shall destroy, damage or remove any culvert, bridge, mile-post, boundary pillar, gabion or fence of trees vested in the District or Local Board.
26. No person shall throw or burn any corpse or the dead body of any animal on any road or its slopes, berms or side drains.
27. No person shall slaughter any animal, or clean any carcass, or cure any hide, or collect bones, on any road.
28. No person shall wash or bathe in any tank, reservoir, well or part of any river, khal or other channel set apart under section 90 of the Bengal Local Self-Government Act of 1885 for the supply of water for drinking and culinary purposes, or shall wash any cattle or animal or otherwise pollute the water therein, or shall foul or damage the slopes thereof.
29. No person being in charge of, or having control over, any animal used for riding or draught shall allow it to stand or wander on any road without a rider or driver; and no person being in charge of, or having control over, any cattle, as defined in the Cattle Trespass Act, 1871 (I of 1871), shall allow such cattle to stray or lie on any road or across any part thereof.
30. No person shall cast nets for fishing purposes from any parapet of a bridge or culvert vested in the District Board, or construct dams, fix stakes, or place fishing nets or apparatus across or in any tank, reservoir, well, or part of any river, khal, or other channel set apart under section 90 of the Bengal Local Self-Government Act of 1885 for the supply of water for drinking and culinary purposes.
31. Any owner or occupier of any tank, well or other excavation on or near the side of any road shall be bound to fence in or duly protect such tank, well or excavation in such manner as may be directed by notice issued to him by the District Board or Local Board.
32. No person shall light any fire in an unenclosed place within 10 yards of any wooden bridge vested in the District Board or within 50 yards of any Inspection Bungalow vested in the District or Local Board.
33. No person shall allow any elephant in his charge to pass over any bridge vested in the District Board, unless the same be constructed of arched masonry.
34. No person shall lead or drive any cart up or down the slopes of any road, except at crossings fixed by the District Board.
35. No elephant or camel shall be allowed to proceed on a road after nightfall without a bell or light.

 - (d) to converse with the driver while on duty.
2. No person shall swear, or use obscene or offensive language, whilst upon any car, or wilfully interfere with the comfort of any passenger. The penalty for infringement of this by-law shall be a fine not exceeding Rs. 20.
3. The Conductor may refuse to allow any of the following persons to travel upon any car; and may at any time require any such person to leave such car; and any such person entering or attempting to enter a car after the Conductor has refused permission, or refusing to leave the car when so required to do so, shall be liable to a fine not exceeding Rs. 20:—
 - (a) Any person who is drunk and disorderly.
 - (b) Any person suffering from an infectious disease.
 - (c) Any person whose clothing or body is in an offensively dirty state.
 - (d) Any person carrying more luggage than can be accommodated in the space allotted to him or under his seat.
4. No person shall take a dog or other animal into any car. Any dog or other animal taken into any car in contravention of this by-law shall be immediately removed from the car by the person in charge of such dog or other animal, upon the request of the Conductor; and, in default of compliance with such request, the dog or other animal may be removed under the direction of the Conductor. The penalty for infringement of this by-law shall be a fine not exceeding Rs. 20.
5. When any car contains the full number of passengers which it is licensed to carry, no additional person shall enter or remain on such car when warned by the Conductor not to do so. The penalty for infringement of this by-law shall be a fine not exceeding Rs. 20.
6. Any male person above the age of 10 years, knowingly and wilfully entering, or remaining in, a car exclusively reserved for females, shall be liable to a fine not exceeding Rs. 20.
7. Each passenger shall, upon demand, pay to the Conductor, or other duly authorized officer of the Company, the fare legally demandable for the journey. The penalty for infringement of this by-law shall be a fine not exceeding Rs. 10.
8. Any passenger found travelling upon any car without a ticket, or not producing his ticket when called upon to do so by any servant of the Company, being in uniform, shall be liable to pay the fare from the place whence the car originally started. The penalty for infringement of this by-law shall be a fine not exceeding Rs. 10.
9. No person shall wilfully obstruct or impede any officer or servant of the Company in the execution of his duty upon, or in connection with, any car or tramway of the Company. The penalty for infringement of this by-law shall be a fine not exceeding Rs. 20.
10. The Conductor of the car shall enforce or prevent the breach of these by-laws to the best of his ability, and, if he wilfully and wrongfully omits to enforce them, he shall be liable to a fine not exceeding Rs. 20.
11. The word "Conductor," as used in these by-laws, means any servant of the Company in charge of a car.

CALCUTTA,

The 21st April 1908.

G. W. KÜCHLER,

Director of Public Instruction, Bengal.

ENGINEER DEPARTMENT.

CIVIL ENGINEERING COLLEGE, SIBPUR.

SESSION 1908-09.

CANDIDATES for admission to the Engineering Department should apply to the Principal in the prescribed form, stating University Registration number, on or before the 15th May 1908. Each application must be accompanied by a registration fee of Re. 1, which will in no case be returned.

The session begins on Monday, the 1st June 1908.

Candidates must furnish proof that they have passed one of the following tests:—

- (1) The B.Sc. or B.A. examination in the B Course in Physics and Chemistry of the Calcutta University. The candidate's age must be under 23 years.
- (2) The F.A. examination of the Calcutta and Madras Universities.
- (3) The Intermediate examination of the Allahabad and Punjab Universities.
- (4) The Intermediate examination for the degrees of B.A. of the Bombay University.

The candidate's age in (2), (3) and (4) must be under 21 years.

In selecting candidates who have passed the F.A. (all other things being equal), preference will be given to those who have passed in Sanitary Science in addition to the ordinary subjects of the F.A. examination.

The maximum number to be admitted is limited to 40. The position in the University examination and the age of the candidate will be taken into consideration when selection is made, and such selection will be made by the Principal.

The tuition fee for students of the Engineer class is Rs. 10 a month for each month of the year, vacation included.

One junior scholarship of Rs. 20 a month, one of Rs. 15 a month and six of Rs. 10 a month tenable for two years will be given to students who have been admitted to the college and who do not hold University scholarships.

The selection will be made in the following order:—

- (a) B.Sc.'s
- (b) B.A.s, who have taken up B Course, and
- (c) F.A. candidates (except those who have passed in the third division).

There will be in addition one scholarship of Rs. 20 a month and one of Rs. 10 a month for Europeans or Eurasians who have been admitted to the College, tenable for two years.

Every applicant, before admission to the college, will be examined by the College Surgeon as to his physical strength, fitness for manual labour and eyesight.

Forms of application for admission, and any further particulars will be supplied on application to the Principal.

Revised Rules for the Engineer Department are under the consideration of Government. If they are sanctioned before the actual commencement of the session, they will be held to bind candidates admitted this year.

SIBPUR,
The 6th April 1908.

B. HEATON,
Principal, C. E. College.

APPRENTICE DEPARTMENT.

CIVIL ENGINEERING COLLEGE, SIBPUR.

SESSION 1908-09.

- (2) To the 2nd year class, of candidates who pass the B Final Examination provided their ages are between 15 and 18.
- (3) To the 1st year class, of candidates who have passed the Matriculation Examination of the Calcutta University, for Indians, or Standard VII or Middle School Examination of the Code of European Schools for Europeans; ages must be between 15 and 17.

The selection of candidates for admissions is in the hands of the Principal. Preference will be given in the following order—(a) to the 3rd year class, (b) to the 2nd year class, (c) to the 1st year class, and the total number of candidates admitted to all three classes shall not exceed 60. Thirty per cent. of the vacancies will, as far as possible, be reserved for candidates domiciled in Eastern Bengal and Assam.

Applications for admission to the Apprentice Department must reach the Principal's office not later than the following dates—

To the 3rd year class	} April 30th.
To the 2nd year class	
To the 1st year class	
				May 6th.

The session of the 2nd and 3rd year classes will commence on May 4th; of the 1st year class on June 1st.

Twelve vacancies will be reserved for Europeans and Eurasians.

There will be the following minimum number of vacancies on the Reduced Fee Lists—

- For Indians 9,
- For Europeans 8 and on the Free List one.

Election to these vacancies, which will occur on or about June 1st, will be made by the Board of Visitors at special meetings for European candidates in the month of May, for Indian candidates in the month of June.

Forms of application for admission to the Reduced Fee Lists may be had from the Principal's office. All applications from European candidates must reach the Principal's office before May 6th.

The tuition fee of students of the Apprentice Department is Rs. 3 monthly for each month of the year, vacation included, except for students of the Free and Reduced Fee List.

Every applicant before admission to the College will be examined by the College Surgeon as to his physical strength, fitness for manual labour and eyesight.

Before an applicant is admitted to the College his parent or guardian must sign an agreement in the prescribed form.

Candidates who fail to secure admission to the 1st year class of the Apprentice Department are informed that they are eligible for admission to the Sub-Overseer classes at—

The Behar School of Engineering	} in Bengal.

BIHAR SCHOOL OF ENGINEERING.

PROSPECTUS FOR ADMISSION.

THIS school is under the management of the Principal of the Patna College, assisted by a Board of Visitors. It owes its origin to a fund raised by residents of Bihar to commemorate the visit to India of His Majesty the King when Prince of Wales. The object of the fund was the promotion of technical instruction in Bihar. The school was formally opened on the 11th July 1896 by His Honour the Lieutenant-Governor of Bengal.

2. The number of students admitted to the first-year class of each year will be limited to 60. Preference is to be given to Biharis. Failing, however, a sufficient number of Bihar applicants, students who are natives of other provinces may be admitted, preference being given to Bengalis domiciled in Bihar over non-domiciled Bengalis or other applicants.

As far as accommodation is available, students who have passed the final "B" class examination will be admitted to the second-year class, provided they are not over 21 years of age, preference again being given to Biharis and domiciled Bengalis.

3. The school, as at present constituted, is chiefly engaged in training students for appointment as Sub-Overseers and Overseers.

The curriculum includes—

- (1) A sound study of elementary mathematics.
- (2) Careful training in survey work.
- (3) Drawing, both free-hand and engineering.
- (4) Elements of road-making and the construction of simple buildings.
- (5) Workshop practice, with hand tools and machinery.

Students are prepared for the Overseer certificate of the Public Works Department. The necessary additional buildings have now been completed; and Government has agreed to reserve one appointment annually for a qualified student from this school, who must be a Bihari by race.

4. The next session will commence on 6th July 1908.

5. In the Overseer Department, which corresponds to the Apprentice Department of the Sibpur College, the monthly fee is Re. 1-8, except for non-domiciled Bengalis, who shall pay Rs. 3. All scholarship-holders, however, receive free tuition. Government scholarships of the value of Rs. 7 a month, tenable one year, are awarded each year on the results of the annual examinations, eight being tenable in the second-year class, six in the third-year class, and six in the fourth-year class. Of the scholarships attached to the school, 75 per cent. are to be reserved for those students who are Biharis by race. The teaching is in English.

6. Candidates for admission to the Overseer Department must be under 20 years of age, and must have passed one of the tests mentioned below:—

- (1) The Entrance Examination of an Indian University in English and mathematics.
- (2) Standard VII of the Code of European schools.
- (3) Students who have not passed either of these tests, and who are otherwise eligible, will have to pass an examination in English and Mathematics (of about the same standard as the Entrance Examination of the Calcutta University in these subjects) to be held by the Principal of the Patna College on the 7th and 8th July, respectively (from 6 A.M. to 9 A.M. each day).

7. Candidates for admission must apply to the Principal not later than the 30th June. Their application must give the following particulars:—

- (a) Name, address, and occupation of father or guardian.
- (b) Race and religion. (A domiciled Bengali must produce evidence to show that his father with his family has taken up his residence in Bihar.)
- (c) A certificate of good moral character from last head-master.
- (d) An attested certificate of age (showing that he is under 20 years of age).
- (e) A medical certificate showing him to be fit for employment in the public service.
- (f) A certificate of having passed either of the first two of the three tests mentioned above, failing which the application will be kept pending till a certificate showing that the candidate has passed the third test is given to the Principal.

8. There is also an Amin class, admission to which may be obtained by students who do not know English. In the Amin class the course of study is for one year, and the monthly fee is Re. 1. An Amin-student is taught elementary surveying with a corresponding amount of mathematics and of geometrical drawing. He will not be admitted to the workshop. A student in the first-year class of the Overseer Department, who fails to pass the examination for promotion to the second-year class but who has shown an adequate knowledge of elementary surveying and the other subjects taught in the Amin class may, at his option, leave the school with an Amin certificate.

Candidates for Amin class, who have not passed the Middle English or Middle Vernacular examination, will be examined at the school on the 8th July; candidates failing at this examination will not be admitted.

9. Except in very special cases, a student will not be admitted to the Amin class for the session that commences from 6th July 1908, unless application for admission is made before 30th June 1908.

10. All candidates for admission to the school should present themselves personally at the school on 6th July.

11. There is a hostel in connection with the school. The fees are Re. 1-8 for room and Re. 1 for light. Students make their own mess arrangements. Students joining the Overseer classes must reside in the hostel unless they are residents with parents or with nearly related guardians whose homes are near enough to enable them to attend the school at the required times. The Principal of the College will decide whether a student should reside in the school hostel, or whether the guardian proposed can be accepted as such.

(No text-books have been recommended or prescribed.)

ELEMENTARY MECHANICS.

The following list of apparatus is prescribed as indicating the approximate requirements of a recognised High School seeking to teach Elementary Mechanics for the Matriculation Examination:—

- Plumb-line and Level.
- Simple Lever (including brass slotted weights).
- Roman Steelyard.
- Lecture apparatus for experiments on moments.
- George's New Atwood's Machine.
- Stop-watch.
- Glazebrooke's apparatus (to demonstrate movement of a body).
- Hick's Ballistic Balance.
- Compound Wheel and Axle.
- 4 Single brass Pulleys.
- 2 " " "
- 2 Triple " " "
- Weston Differential Pulley Blocks ($\frac{1}{2}$ ton).
- 16 feet of chain at 6d. per foot.
- Inclined Plane.
- Parallelogram of Forces apparatus.
- Wall Crane.
- Becker's New Physical Balance.
- Set of Gramme Weights (200 grams to 1 mgr.)
- 2 Composition-Ivory Balls.

NOTE.—The above list is not exhaustive, and much of it might be replaced by simpler forms that could probably be made far more cheaply by any clever miter under proper supervision. In most cases, however, it will probably be found advantageous to buy such a set as indicated in the list specially for demonstration purposes, and subsequently to develop simplified duplicates, illustrating the same principles, which the boys should be given opportunity actually to experiment with on their own individual accounts or working in pairs.

Under section 3, clause (h), every school that intends to undertake instruction in Geography for the Matriculation Examination is required to possess the apparatus mentioned in the following list:—

I.—The total cost need not exceed Rs. 150—

1. A measuring tape.
2. A magnetic compass.
3. Squared paper and tracing paper.
4. Clay, dry sand, paper pulp or plasticine for modelling.
5. A globe, not less than 14 inches in diameter, with writing surface, and with lines of latitude and longitude, and outlines only of the land-masses, marked upon it.
6. A map of the school locality on a scale of 4" or 6" = 1 mile.
7. A map of the district in which the school is situated on the scale 1" = 1 mile.
8. A map of the Division in which the school is situated on the scale 1" = 4 miles.
9. A map of the Province.
10. A map of India.

(N.B.—All these maps should be coloured to indicate the height of the land above sea-level.)

11. A relief map of India.
 12. Maps of India showing the most important distributions, e.g., Temperature and Rainfall, Density of Population, Forest, Pasture and Agricultural land, Minerals, Industries, Railways and Canals, Political Divisions.
 13. Physical maps of the continents and of the British Isles.
It is essential that the students should be provided with atlases, or with the necessary hand-maps. Maps for school work should not contain too much detail, or be crowded with names.
- 11.—The following additional equipment is recommended when it can be provided:—
1. A wet and dry bulb thermometer.
 2. A barometer.
 3. A rain gauge.
 4. A large globe coloured to indicate land relief and ocean depths.
 5. A relief globe.
 6. Small hand globes for the use of pupils.
 7. Hand maps for use in class.
 8. A relief map of the Province.
 9. A map of the World on Mollweide's equal area projection.
 10. A geological map of India.
 11. A small collection of typical rocks, in particular those of the Province and of India.
 12. A small museum of typical products.
 13. The Statistical Atlas of India.
 14. A good standard atlas.
 15. A Meteorological atlas.
 16. Mill's International Geography.
 17. A geographical Gazetteer.
 18. Geographical wall pictures.

The total cost of this supplementary equipment need not exceed Rs. 400, and can be reduced if Schools will make their own collections of rocks and typical products.

III. (1) Valuable information regarding geographical equipment and all other matters connected with the teaching of geography is to be found in the Geographical Teacher, the organ of the Geographical Association, published three times a year, at one shilling a copy.

(2) Globes of all kinds are made by George Philip and Son, London, W., and A. K. Johnston, London, and Messrs. Ruddiman, Johnston, London.

Small hand globes of German make can be obtained through the Calcutta School Book Society for about a rupee each.

(3) The "Comparative" series of large wall maps of the continents published by George Philip and Son is good and up to date; so also are the Orographical wall maps published by Edward Stanford. Messrs. Ruddiman, Johnston publish a series of smaller wall maps which includes maps of India illustrating various distributions.

Messrs. Nelson's wall atlases are good. Mr. S. B. Chatterjee publishes District maps; also ordinary and relief maps of the Province.

Babu L. M. Basu, the drawing master of the Dacca Collegiate School, has published good relief maps of Eastern Bengal and Assam and of India.

The Vidal-Lablaiche French wall maps on strong card board, named on one side, and the same map without names on the reverse, published by Armand Colin, Paris, are good and cheap. They measure 46 inches by 39 inches and can be delivered in Calcutta for Rs. 4-14 each.

(4) The hand maps, coloured to indicate relief, published by the Diagram Company, West Baines Lane, New Malden, Surrey, at one penny each, are the best of their kind.

The uncoloured half-penny maps, showing river systems and a few towns, published by the same Company, are excellent for class use.

The Autograph hand maps, with hill shading in brown, published by Edward Stanford, London, at one penny each, are very good, and are larger than the Diagram Company's hand maps. The 16 inches map of the World on Mollweide's equal area projection is especially to be commended.

(5) Wall pictures of considerable artistic merit are published by Messrs. Edward Arnold of Leeds, Messrs. Hachette of Paris, and Messrs. Holzner of Vienna. They cost, delivered in India, from two to three rupees each.

Map lantern slides, and view slides especially prepared for geography teaching, are sold by the Diagram Company for two or three shillings each.

The induction coil; single shocks; short circuiting key; effect of single shocks on the tongue; break-shock is stronger than the make-shock. Helmholtz's Modification; Neef's Hammer.

Pithing a frog; nerve-muscle preparation. Mechanical, chemical, thermal and electrical stimulation of muscle and nerve.

The Graphic method: Simple lever; crank lever (myograph); moist chamber. Minimal and maximal excitation with single induction shocks (make and break). Stimulation by constant current: contraction of muscle only at make and break.

The muscle curve:—Single contraction of a frog's muscle: the latent period, the period of contraction and the period of relaxation. Time tracing by tuning-fork. Method of after-loading. The influence of temperature and of load on muscular contraction. The work performed by a muscle during a twitch.

Elasticity and extensibility of muscle.

Summation of muscular contraction: tetanus.

Fatigue of muscle.

Thickening of a muscle on contraction.

Bernard's curare experiment.

Stimulation of a motor nerve; unequal excitability (greater nearer the centre of a motor nerve); excitability of flexor and extensor nerves.

Velocity of nerve-impulse (myographic method).

Electro-Physiology:—Galvani's experiment of contraction with metals; Galvani's experiment of contraction without metals.

The Frog's heart—Beating of the heart; effect of heat and cold (heart *in situ*) section of the heart: effect of heat and cold on excised heart.

Stannius' experiment.

Graphic record of the beat of the heart (suspension method and also direct registration with heart-lever).

Pulse—Sphygmographic tracing.

Blood-pressure in man: Sphygmometer (Hill and Bernard's).

Reflex action (simple experiments on a pithed frog).

Vision:—Accommodation; Scheiner's experiment; near and far points; Purkinje's sonnet images; Phakoscope; Blind spot; yellow spot; Colour vision: Complementary colours.

HONOUR COURSE.**Additional Experiments—**

The Induction Coil—Break extracurrent of Faraday.

The Rheonome: Effect of sudden variation of current.

Isotonic and Isometric contraction.

Influence of veratrine on muscular contraction.

Indefatigability of nerve.

Excitation of muscle by constant current; Polar excitation of a muscle.

Electrotonus. Electrotonic changes in excitability and conductivity of a nerve.

Kuhne's experiment of contraction without metals.

Examination of currents in muscle, nerve and heart by means of the reflecting galvanometer.

Frog's heart—Minimal stimulus causes maximal contraction. "Staircase effect." Single contraction of the ventricle. Tetanisation. Refractory period. Stimulation of the vagus. Action of drugs (Muscarin and Atropin) on the heart.

Voice and Speech: Laryngoscope.

Vision: Ophthalmoscope; Perimeter.

EXPERIMENTAL PSYCHOLOGY.

The subject is to be studied as defined by the Syllabus. Students are recommended to use one or more of the following books or select portions thereof, with special reference to the course laid down in the Syllabus :—

Pass Course.

I.—General Psychology—

Hoffding—Outlines of Psychology.

Wundt—Human and Animal Psychology.

Stout—Manual of Psychology.

Preparatory Reading—Students are advised to read Stout's Groundwork of Psychology before joining the regular class.

II.—Experimental Psychology—

Titchener—Outlines of Psychology.

Külpe—Outlines of Psychology.

Scripture—New Psychology.

Laboratory Course—Titchener's Experimental Psychology, Volume I, Part I, and Volume II, Part I.

Honour Course.

I—General Psychology—Same as in the Pass Course.

II.—Physiological and Comparative Psychology—

Wundt—Outlines of Physiological Psychology (Volume I).

Ladd—Elements of Physiological Psychology.

Romanes—Mental Evolution in Man.

Romanes—Mental Evolution in Animals.

Lloyd Morgan—Comparative Psychology.

Herbert Spencer—Principles of Psychology (Volume I).

III.—Experimental Psychology—

In addition to the books recommended for the Pass Course, the following :—

Wundt—Outlines of Psychology.

Ladd—Elements of Physiological Psychology (select portions).

The following books are recommended for the guidance of teachers :—

General Psychology—

James—Principles of Psychology.

Ward—Psychology (Art. in the Encyclopædia Britannica).

Ladd—Elements of Physiological Psychology.

Herbert Spencer—Principles of Psychology.

Bain—Senses and the Intellect.

Bain—Emotions and the Will.

Sully—Human Mind.

Wundt—Outlines of Psychology.

Physiological and Comparative Psychology—

Loeb—Comparative Physiology of the Brain and Psychology.

Foster—Text-book of Physiology.

Helmholtz—Sensations of Tone.

Experimental Psychology—

Titchener—Experimental Psychology—

*Head Master, Bihar School of Engineering.**The 27th April 1908.*

BIHAR SCHOOL OF ENGINEERING.

PROSPECTUS FOR ADMISSION.

This school is under the management of the Principal of the Patna College, assisted by a Board of Visitors. It owes its origin to a fund raised by residents of Bihar to commemorate the visit to India of His Majesty the King when Prince of Wales. The object of the fund was the promotion of technical instruction in Bihar. The school was formally opened on the 11th July 1896 by His Honour the Lieutenant-Governor of Bengal.

2. The number of students admitted to the first-year class of each year will be limited to 60. Preference is to be given to Biharis. Failing, however, a sufficient number of Biharis applicants, students who are natives of other provinces may be admitted, preference being given to Bengalis domiciled in Bihar over non-domiciled Bengalis or other applicants.

As far as accommodation is available, students who have passed the final "B" class examination will be admitted to the second-year class, provided they are not over 21 years of age, preference again being given to Biharis and domiciled Bengalis.

3. The school, as at present constituted, is chiefly engaged in training students for appointment as Sub-Overseers and Overseers.

The curriculum includes—

- (1) A sound study of elementary mathematics.
- (2) Careful training in survey work.
- (3) Drawing, both free-hand and engineering.
- (4) Elements of road-making and the construction of simple buildings.
- (5) Workshop practice, with hand tools and machinery.

Students are prepared for the Overseer certificate of the Public Works Department. The necessary additional buildings have now been completed; and Government has agreed to reserve one appointment annually for a qualified student from this school, who must be a Bihari by race.

4. The next session will commence on 6th July 1908.

5. In the Overseer Department, which corresponds to the Apprentice Department of the Sibpur College, the monthly fee is Rs. 1-8, except for non-domiciled Bengalis, who shall pay Rs. 3. All scholarship-holders, however, receive free tuition. Government scholarships of the value of Rs. 7 a month, tenable one year, are awarded each year on the results of the annual examinations, eight being tenable in the second-year class, six in the third-year class, and six in the fourth-year class. Of the scholarships attached to the school, 75 per cent. are to be reserved for those students who are Biharis by race. The teaching is in English.

6. Candidates for admission to the Overseer Department must be under 20 years of age, and must have passed one of the tests mentioned below:—

- (1) The Entrance Examination of an Indian University in English and mathematics.
- (2) Standard VII of the Code of European schools.
- (3) Students who have not passed either of these tests, and who are otherwise eligible, will have to pass an examination in English and Mathematics (of about the same standard as the Entrance Examination of the Calcutta University in these subjects) to be held by the Principal of the Patna College on the 7th and 8th July, respectively (from 6 A.M. to 9 A.M. each day).

7. Candidates for admission must apply to the Principal not later than the 30th June. Their application must give the following particulars:—

- (a) Name, address, and occupation of father or guardian.
- (b) Race and religion. (A domiciled Bengali must produce evidence to show that his father with his family has taken up his residence in Bihar.)
- (c) A certificate of good moral character from last head-master.
- (d) An attested certificate of age (showing that he is under 20 years of age).
- (e) A medical certificate showing him to be fit for employment in the public service.
- (f) A certificate of having passed either of the first two of the three tests mentioned above, failing which the application will be kept pending till a certificate showing that the candidate has passed the third test is given to the Principal.

8. There is also an Amin class, admission to which may be obtained by students who do not know English. In the Amin class the course of study is for one year, and the monthly fee is Re. 1. An Amin-student is taught elementary surveying with a corresponding amount of mathematics and of geometrical drawing. He will not be admitted to the workshop. A student in the first-year class of the Overseer Department, who fails to pass the examination for promotion to the second-year class, but who has shown an adequate knowledge of elementary surveying and the other subjects taught in the Amin class may, at his option, leave the school with an Amin certificate.

Candidates for Amin class, who have not passed the Middle English or Middle Vernacular examination, will be examined at the school on the 8th July; candidates failing at this examination will not be admitted.

9. Except in very special cases, a student will not be admitted to the Amin class for the session that commences from 6th July 1908, unless application for admission is made before 30th June 1908.

10. All candidates for admission to the school should present themselves personally at the school on 6th July.

11. There is a hostel in connection with the school. The fees are Re. 1-8 for room and Re. 1 for light. Students make their own mess arrangements. Students joining the Overseer classes must reside in the hostel unless they are residents with parents or with nearly related guardians whose homes are near enough to enable them to attend the school at the required times. The Principal of the College will decide whether a student should reside in the school hostel, or whether the guardian proposed can be accepted as such.

In the choice of Honour subjects the following limitations must be observed :—

When Honours are taken in Physics, the other subjects taken must be Mathematics and Chemistry.

When Honours are taken in Chemistry, the other subjects taken must be Mathematics and Physics.

When in Geology, one must be Chemistry.

When in Physiology, one must be Chemistry.

When in Mathematics, one must be Physics.

M.A.—

The College has applied for affiliation for the M.A. degree in English, Philosophy, History and Mathematics, and for these subjects there need be no restriction as to admissions.

There will be no M.Sc. classes this year.

3. Admissions will be unrestricted (subject to the above conditions) so far as considerations of space and efficient teaching admit of it. As there is possibility, even probability of the applications in some departments exceeding the accommodation available, preference will be given to applications received before 15th June in this order—

- To applicants who have passed the Matriculation or Intermediate Examinations in the First Division.
- To applicants who have passed the Matriculation or Intermediate Examinations in the Second Division.
- To applicants who are sons of old Presidency College students or have other special claims, and as regards the Intermediate Examination in each of the cases distinguished to students who have passed from the Presidency College.

4. Applications received after 15th June can only be entertained if the considerations necessitating restriction above set forth admit of it.

The session opens after the long vacation on Monday, the 29th June. Lecture courses begin Wednesday, the 1st July.

(a) Toddhunter's Mensuration for Beginners.

(b) "Book-keeping" by Ball and Hamilton.

"Book-keeping" by double and single entry, by W. Inglis (Chambers' Educational Course).

1. The examination is held annually at the Civil Engineering College, Sibpur, on the first Monday in July. The examination will be conducted, either at the College, or by an Examiner, Public Works Accounts (including Railway and Telegraph), in Bengal, Assam, and Burma only. The examination will be *ipso facto* vitiated if it be not held (begun and completed) on the dates fixed; but the officer who will conduct the examination may make his own arrangements, in regard to the place and hour of examination, with the candidates.

Candidates will not be examined in any of the Calcutta offices.
A candidate already in permanent Government employ* may be allowed to compete in

* This term includes employment under Local Boards and foreign bodies if such is pensionable by the British Government.

establishment on State Railways.

the examination, even if he is more than 25 years of age, and may be appointed to an accountantship if he passes it; but if he is not already in pensionable service, he will be eligible only for appointment to the non-pensionable

2. The candidate should apply to an Examiner of Public Works Accounts, not later than 30 days previous to the date fixed for the examination, and obtain his consent to conduct the examination, if examination at the College is not convenient. The application must bear the address of the candidate, must be accompanied by a fee of Rs. 10 and the following certificates, and must be forwarded by him, not direct to the Principal, but through the Examiner.

Certificates may be submitted in original, or true copies attested by an officer of the Engineer or Accounts Branch, but none will be returned:—

(1) Certificate of good character signed by applicant's immediate official superior, or by the instructor under whom he has been educated, or by some other superior under whom he may have been brought up or employed, or to whom he may be well known. (This certificate must have special reference to the two years immediately preceding the application.)

(2) Certificate of age (baptismal or of birth) not required, if the candidate is already in permanent Government employ.

(3) Certificate that the application is in the candidate's hand-writing.

NOTE.—A candidate already in Government service should, in like manner, submit his application, through his immediate official superior, to an Examiner of Accounts qualified to hold the particular examination, and should state whether he desires to be examined at the office of the Examiner of Accounts concerned or at the College.

It will rest with the Examiner of Accounts, to whom the candidate submits his application, to decide, on a consideration of the certificates submitted, whether the candidate should be allowed to appear for the examination, or whether his application should be rejected. The Examiner of Accounts will then forward to the Principal for registration the names of the accepted candidates. The names of these candidates should be entered in a statement showing their ages and their addresses, and also showing where each candidate is to be examined, whether at the College or at the office of the Examiner of Accounts. This statement, together with the fees, should be transmitted to the Principal not later than 15 days after the dates fixed in paragraph 2 for the submission of applications of candidates.

3. Examination papers that are issued for examination need not be returned.

4. Each examination is complete in itself. A candidate who has failed in an examination, and presents himself for examination on a subsequent occasion, must undergo the full examination and furnish fresh fee and certificates.

5. If from any cause a candidate fails to appear for the examination, the fee paid will not be refunded.

6. Passed candidates should apply, not to the Principal of the College, nor to the Accountant-General, Public Works Department, but direct to the Examiner of Public Works Accounts, in the province or railway under whom they may desire to be employed.

7. It must be distinctly understood that the passing of this examination does not give any claim to an appointment, and that in making appointments, preference will be given to qualified persons who are already employed in the Department.

8. The Civil Engineering College acts solely as an examining body in reference to admission to the 4th grade of Accountants, Public Works Department.

9. Candidates for the 4th grade Accountantship examination, who are not Government servants and over 25 years of age, are allowed to appear at the examination, at the Sibpur College centre only, but, even if successful, they are debarred from employment in the service of Government, and their names will be excluded from the list of passed candidates which is furnished to the Accountant-General, Public Works Department.

10. Candidates over 25 years of age should apply in writing to the Principal of the Civil Engineering College, not later than 30 days previous to the examination; the application to be accompanied by the fee of rupees ten.

BIHAR SCHOOL OF ENGINEERING.

PROSPECTUS FOR ADMISSION.

THIS school is under the management of the Principal of the Patna College, assisted by a Board of Visitors. It owes its origin to a fund raised by residents of Bihar to commemorate the visit to India of His Majesty the King when Prince of Wales. The object of the fund was the promotion of technical instruction in Bihar. The school was formally opened on the 11th July 1896 by His Honour the Lieutenant-Governor of Bengal.

2. The number of students admitted to the first-year class of each year will be limited to 60. Preference is to be given to Biharis. Failing, however, a sufficient number of Bihari applicants, students who are natives of other provinces may be admitted, preference being given to Bengalis domiciled in Bihar over non-domiciled Bengalis or other applicants.

As far as accommodation is available, students who have passed the final "B" class examination will be admitted to the second-year class, provided they are not over 21 years of age, preference again being given to Biharis and domiciled Bengalis.

3. The school, as at present constituted, is chiefly engaged in training students for appointment as Sub-Overseers and Overseers.

The curriculum includes—

- (1) A sound study of elementary mathematics.
- (2) Careful training in survey work.
- (3) Drawing, both free hand and engineering.
- (4) Elements of road-making and the construction of simple buildings.
- (5) Workshop practice, with hand tools and machinery.

Students are prepared for the Overseer certificate of the Public Works Department. The necessary additional buildings have now been completed; and Government has agreed to reserve one appointment annually for a qualified student from this school, who must be a Bihari by race.

4. The next session will commence on 6th July 1908.

5. In the Overseer Department, which corresponds to the Apprentice Department of the Sibpur College, the monthly fee is Re. 1-8, except for non-domiciled Bengalis, who shall pay Re. 3. All scholarship-holders, however, receive free tuition. Government scholarships of the value of Re. 7 a month, tenable one year, are awarded each year on the results of the annual examinations, *six* being tenable in the second-year class, *six* in the third-year class, and *six* in the fourth-year class. Of the scholarships attached to the school, 75 per cent. are to be reserved for those students who are Biharis by race. The teaching is in English.

6. Candidates for admission to the Overseer Department must be under 20 years of age, and must have passed one of the tests mentioned below:—

- (1) The Entrance Examination of an Indian University in English and mathematics.
- (2) Standard VII of the Code of European schools.
- (3) Students who have not passed either of these tests, and who are otherwise eligible, will have to pass an examination in English and Mathematics (of about the same standard as the Entrance Examination of the Calcutta University in these subjects) to be held by the Principal of the Patna College on the 7th and 8th July, respectively (from 6 A.M. to 9 A.M. each day).

7. Candidates for admission must apply to the Principal not later than the 30th June. Their application must give the following particulars:—

- (a) Name, address, and occupation of father or guardian.
- (b) Race and religion. (A domiciled Bengali must produce evidence to show that his father with his family has taken up his residence in Bihar.)
- (c) A certificate of good moral character from last head-master.
- (d) An attested certificate of age (showing that he is under 20 years of age).
- (e) A medical certificate showing him to be fit for employment in the public service.
- (f) A certificate of having passed either of the first two of the three tests mentioned above, failing which the application will be kept pending till a certificate showing that the candidate has passed the third test is given to the Principal.

8. There is also an Amin class, admission to which may be obtained by students who do not know English. In the Amin class the course of study is for one year, and the monthly fee is Re. 1. An Amin-student is taught elementary surveying with a corresponding amount of mathematics and of geometrical drawing. He will not be admitted to the workshop. A student in the first-year class of the Overseer Department, who fails to pass the examination for promotion to the second-year class, but who has shown an adequate knowledge of elementary surveying and the other subjects taught in the Amin class may, at his option, leave the school with an Amin certificate.

Candidates for Amin class, who have not passed the Middle English or Middle Vernacular examination, will be examined at the school on the 8th July; candidates failing at this examination will not be admitted.

9. Except in very special cases, a student will not be admitted to the Amin class for the session that commences from 6th July 1908, unless application for admission is made before 30th June 1908.

10. All candidates for admission to the school should present themselves personally at the school on 8th July.

11. There is a hostel in connection with the school. The fees are Re. 1-8 for room and Re. 1 for light. Students make their own mess arrangements. Students joining the Overseer classes must reside in the hostel unless they are residents with parents or with nearly related guardians whose homes are near enough to enable them to attend the school at the required times. The Principal of the College will decide whether a student should reside in the school hostel, or whether the guardian proposed can be accepted as such.

CALCUTTA,
The 19th May 1906.

JOHN RICHARD CUNNINGHAM,
Offg. Asst. Director of Public Instruction, Bengal.

PRESIDENCY COLLEGE, SESSION 1908-1909.

CONDITIONS OF ADMISSION.

As some limitation of numbers at the Presidency College is inevitable as a result of the new Regulations of the Calcutta University, the following information as to conditions of admission next session is published for the information of intending applicants.

1. Applications for admission will be received at the Presidency College on and after 1st June.

2. The following combinations of subjects are admissible:—

INTERMEDIATE.

Arts—

- | | | | |
|-------------|--------------|--------------|--------------|
| 1. English. | 2. English. | 3. English. | 4. English. |

Combinations 1 and 2 are recommended to students in doubt.

Science—

- | | |
|--------------|-------------|
| 1. English. | 2. English. |
| Chemistry. | Chemistry. |
| Physics. | Physics. |
| Mathematics. | Physiology. |

Combination 1 is strongly recommended.

Applicants in Arts are reminded that only students who have taken Logic for the Intermediate Examination are allowed by the University Regulations to take Philosophy for the B.A.

Applicants in Science are reminded that no student is permitted by the University Regulations to take Physics or Chemistry for the B.Sc. unless he has taken both Mathematics and Physics for the Intermediate Examination, nor Mathematics unless he has taken Mathematics for the Intermediate.

In the choice of Honour subjects the following limitations must be observed :—

When Honours are taken in Physics, the other subjects taken must be Mathematics and Chemistry

When Honours are taken in Chemistry, the other subjects taken must be Mathematics and Physics.

When in Geology, one must be Chemistry.

When in Physiology, one must be Chemistry.

When in Mathematics, one must be Physics.

M.A.—

The College has applied for affiliation for the M.A. degree in English, Philosophy, History and Mathematics, and for these subjects there need be no restriction as to admissions.

There will be no M.Sc. classes this year.

3. Admissions will be unrestricted (subject to the above conditions) so far as considerations of space and efficient teaching admit of it. As there is possibility, even probability of the applications in some departments exceeding the accommodation available, preference will be given to applications received before 15th June in this order—

(a) To applicants who have passed the Matriculation or Intermediate Examinations in the First Division.

(b) To applicants who have passed the Matriculation or Intermediate Examinations in the Second Division.

(c) To applicants who are sons of old Presidency College students or have other special claims, and as regards the Intermediate Examination in each of the cases distinguished to students who have passed from the Presidency College.

4. Applications received after 15th June can only be entertained if the considerations necessitating restriction above set forth admit of it.

The session opens after the long vacation on Monday, the 29th June. Lecture courses begin Wednesday, the 1st July.

CALCUTTA,

The 1st April 1908.

H. R. JAMES,

Principal, Presidency College, Calcutta.

YEARLY EXAMINATION OF CANDIDATES FOR FOURTH GRADE OF ACCOUNTANTS.

The yearly examination of candidates for fourth grade of Accountants, Public Works Department, will be held at the Civil Engineering College, Sibpur, on Monday and Tuesday, the 6th and 7th July 1908, at 10-30 A.M., both days:—

SUBJECTS.

	Full marks.	Minimum pass marks.
Writing (neatness, clearness, and rapidity) ...	100	50
Dictation (spelling, punctuation, etc.) ...	100	50
Arithmetic (the whole) ...	240	160
Mensuration (a) (the whole) ...	60	30
Book-keeping (b) (mercantile) ...	100	50
Total ...	600	...

Minimum required in all papers collectively, 400.

(a) Todhunter's Mensuration for Beginners.

(b) "Book-keeping" by Ball and Hamilton.

"Book-keeping" by double and single entry, by W. Inglis (Chambers' Educational Course).

1. The examination is held annually at the Civil Engineering College, Sibpur, on the first Monday in July. The examination will be conducted, either at the College, or by an Examiner, Public Works Accounts (including Railway and Telegraph), in Bengal, Assam, and Burma only. The examination will be *ipso facto* vitiated if it be not held (begun and completed) on the dates fixed; but the officer who will conduct the examination may make his own arrangements, in regard to the *place* and *hour* of examination, with the candidates.

Candidates will not be examined in any of the Calcutta offices.

A candidate already in permanent Government employ* may be allowed to compete in the examination, even if he is more than 25 years of age, and may be appointed to an accountantship if he passes it; but if he is not already in pensionable service, he will be eligible only for appointment to the non-pensionable establishment on State Railways.

* This term includes employment under Local Boards and foreign bodies if such is pensionable by the British Government.

2. The candidate should apply to an Examiner of Public Works Accounts, not later than 30 days previous to the date fixed for the examination, and obtain his consent to conduct the examination, if examination at the College is not convenient. The application must bear the address of the candidate, must be accompanied by a fee of Rs. 10 and the following certificates, and must be forwarded by him, not direct to the Principal, but through the Examiner.

Certificates may be submitted in original, or true copies attested by an officer of the Engineer or Accounts Branch, but none will be returned:—

(1) Certificate of good character signed by applicant's immediate official superior, or by the instructor under whom he has been educated, or by some other superior under whom he may have been brought up or employed, or to whom he may be well known. (This certificate must have special reference to the two years immediately preceding the application.)

(2) Certificate of age (baptismal or of birth) not required, if the candidate is already in permanent Government employ.

(3) Certificate that the application is in the candidate's hand-writing.

NOTE.—A candidate already in Government service should, in like manner, submit his application, through his immediate official superior, to an Examiner of Accounts qualified to hold the particular examination, and should state whether he desires to be examined at the office of the Examiner of Accounts concerned or at the College.

It will rest with the Examiner of Accounts, to whom the candidate submits his application, to decide, on a consideration of the certificates submitted, whether the candidate should be allowed to appear for the examination, or whether his application should be rejected. The Examiner of Accounts will then forward to the Principal for registration the names of the accepted candidates. The names of these candidates should be entered in a statement showing their ages and their addresses, and also showing where each candidate is to be examined, whether at the College or at the office of the Examiner of Accounts. This statement, together with the fees, should be transmitted to the Principal not later than 15 days after the dates fixed in paragraph 2 for the submission of applications of candidates.

3. Examination papers that are issued for examination need not be returned.

4. Each examination is complete in itself. A candidate who has failed in an examination, and presents himself for examination on a subsequent occasion, must undergo the full examination and furnish fresh fee and certificates.

5. If from any cause a candidate fails to appear for the examination, the fee paid will not be refunded.

6. Passed candidates should apply, not to the Principal of the College, nor to the Accountant-General, Public Works Department, but direct to the Examiner of Public Works Accounts, in the province or railway under whom they may desire to be employed.

7. It must be distinctly understood that the passing of this examination does not give any claim to an appointment, and that in making appointments, preference will be given to qualified persons who are already employed in the Department.

8. The Civil Engineering College acts solely as an examining body in reference to admission to the 4th grade of Accountants, Public Works Department.

9. Candidates for the 4th grade Accountantship examination, who are not Government servants and over 25 years of age, are allowed to appear at the examination, at the Sibpur College centre only, but, even if successful, they are debarred from employment in the service of Government, and their names will be excluded from the list of passed candidates which is furnished to the Accountant-General, Public Works Department.

10. Candidates over 25 years of age should apply in writing to the Principal of the Civil Engineering College, not later than 30 days previous to the examination; the application to be accompanied by the fee of rupees ten.

SENATE HOUSE
18th May 1908.

BIHAR SCHOOL OF ENGINEERING.

PROSPECTUS FOR ADMISSION.

THIS school is under the management of the Principal of the Patna College, assisted by a Board of Visitors. It owes its origin to a fund raised by residents of Bihar to commemorate the visit to India of His Majesty the King when Prince of Wales. The object of the fund was the promotion of technical instruction in Bihar. The school was formally opened on the 11th July 1896 by His Honour the Lieutenant-Governor of Bengal.

2. The number of students admitted to the first-year class of each year will be limited to 60. Preference is to be given to Biharis. Failing, however, a sufficient number of Bihari applicants, students who are natives of other provinces may be admitted, preference being given to Bengalis domiciled in Bihar over non-domiciled Bengalis or other applicants.

As far as accommodation is available, students who have passed the final "B" class examination will be admitted to the second-year class, provided they are not over 21 years of age, preference again being given to Biharis and domiciled Bengalis.

3. The school, as at present constituted, is chiefly engaged in training students for appointment as Sub-Overseers and Overseers.

The curriculum includes—

- (1) A sound study of elementary mathematics.
- (2) Careful training in survey work.
- (3) Drawing, both free-hand and engineering.
- (4) Elements of road-making and the construction of simple buildings.
- (5) Workshop practice, with hand tools and machinery.

Students are prepared for the Overseer certificate of the Public Works Department. The necessary additional buildings have now been completed; and Government has agreed to reserve one appointment annually for a qualified student from this school, who must be a Bihari by race.

4. The next session will commence on 6th July 1908.

5. In the Overseer Department, which corresponds to the Apprentice Department of the Sibpur College, the monthly fee is Re. 1-8, except for non-domiciled Bengalis, who shall pay Rs. 3. All scholarship-holders, however, receive free tuition. Government scholarships of the value of Rs. 7 a month, tenable one year, are awarded each year on the results of the annual examinations, *six* being tenable in the second-year class, *six* in the third-year class, and *six* in the fourth-year class. Of the scholarships attached to the school, 75 per cent. are to be reserved for those students who are Biharis by race. The teaching is in English.

6. Candidates for admission to the Overseer Department must be under 20 years of age, and must have passed one of the tests mentioned below:—

- (1) The Entrance Examination of an Indian University in English and mathematics.
- (2) Standard VII of the Code of European schools.
- (3) Students who have not passed either of these tests, and who are otherwise eligible, will have to pass an examination in English and Mathematics (of about the same standard as the Entrance Examination of the Calcutta University in these subjects) to be held by the Principal of the Patna College on the 7th and 8th July, respectively (from 6 A.M. to 9 A.M. each day).

7. Candidates for admission must apply to the Principal not later than the 30th June. Their application must give the following particulars:—

- (a) Name, address, and occupation of father or guardian.
- (b) Race and religion. (A domiciled Bengali must produce evidence to show that his father with his family has taken up his residence in Bihar.)
- (c) A certificate of good moral character from last head-master.
- (d) An attested certificate of age (showing that he is under 20 years of age).
- (e) A medical certificate showing him to be fit for employment in the public service.
- (f) A certificate of having passed either of the first two of the three tests mentioned above, failing which the application will be kept pending till a certificate showing that the candidate has passed the third test is given to the Principal.

8. There is also an Amin class, admission to which may be obtained by students who do not know English. In the Amin class the course of study is for one year, and the monthly fee is Re. 1. An Amin-student is taught elementary surveying with a corresponding amount of mathematics and of geometrical drawing. He will not be admitted to the workshop. A student in the first-year class of the Overseer Department, who fails to pass the examination for promotion to the second-year class, but who has shown an adequate knowledge of elementary surveying and the other subjects taught in the Amin class may, at his option, leave the school with an Amin certificate.

Candidates for Amin class, who have not passed the Middle English or Middle Vernacular examination, will be examined at the school on the 8th July; candidates failing at this examination will not be admitted.

9. Except in very special cases, a student will not be admitted to the Amin class for the session that commences from 6th July 1908, unless application for admission is made before 30th June 1908.

10. All candidates for admission to the school should present themselves personally at the school on 6th July.

11. There is a hostel in connection with the school. The fees are Re. 1-8 for room and Re. 1 for light. Students make their own mess arrangements. Students joining the Overseer classes must reside in the hostel unless they are residents with parents or with nearly related guardians whose homes are near enough to enable them to attend the school at the required times. The Principal of the College will decide whether a student should reside in the school hostel, or whether the guardian proposed can be accepted as such.

CALCUTTA,
The 19th May 1906.

JOHN RICHARD CUNNINGHAM,
Offg. Asst. Director of Public Instruction, Bengal.

PRESIDENCY COLLEGE, SESSION 1906-1907.

CONDITIONS OF ADMISSION.

As some limitation of numbers at the Presidency College is inevitable as a result of the new Regulations of the Calcutta University, the following information as to conditions of admission next session is published for the information of intending applicants.

1. Applications for admission will be received at the Presidency College on and after 1st June.

2. The following combinations of subjects are admissible:—

INTERMEDIATE.

Arts—

1. English. Sanskrit or Persian. History. Logic.	2. English. Sanskrit or Persian. History. Mathematics.	3. English. Sanskrit or Persian. Logic. Mathematics.	4. English. History. Logic. Mathematics.
---	---	---	---

Combinations 1 and 2 are recommended to students in doubt.

Science—

1. English. Chemistry. Physics. Mathematics.	2. English. Chemistry. Physics. Physiology.
---	--

Combination 1 is strongly recommended.

Applicants in Arts are reminded that only students who have taken Logic for the Intermediate Examination are allowed by the University Regulations to take Philosophy for the B.A.

Applicants in Science are reminded that no student is permitted by the University Regulations to take Physics or Chemistry for the B.Sc. unless he has taken both Mathematics and Physics for the Intermediate Examination, nor Mathematics unless he has taken Mathematics for the Intermediate.

B.A.—

1. English. Sanskrit Pali or Persian. History.	2. English. Sanskrit Pali or Persian. Political Philosophy.	3. English. Sanskrit Pali or Persian. Philosophy.	4. English. Sanskrit. Pali or Persian. Mathematics.
5. English. History. Political Philosophy.	6. English. Political Philosophy. Philosophy.	7. English. Political Philosophy. Mathematics.	

The combination of Philosophy with Mathematics, of Philosophy with History and of History with Mathematics cannot be arranged.

Owing to the limits of laboratory space, the choice of one Science subject for the B.A. course cannot be allowed this year.

In the choice of Honour subjects the following limitations must be observed :—

When Honours are taken in Physics, the other subjects taken must be Mathematics and Chemistry

When Honours are taken in Chemistry, the other subjects taken must be Mathematics and Physics.

When in Geology, one must be Chemistry.

When in Physiology, one must be Chemistry.

When in Mathematics, one must be Physics.

M.A.—

The College has applied for affiliation for the M.A. degree in English, Philosophy, History and Mathematics, and for these subjects there need be no restriction as to admissions.

There will be no M.Sc. classes this year.

3. Admissions will be unrestricted (subject to the above conditions) so far as considerations of space and efficient teaching admit of it. As there is possibility, even probability, of the applications in some departments exceeding the accommodation available, preference will be given to applications received before 15th June in this order—

(a) To applicants who have passed the Matriculation or Intermediate Examinations in the First Division.

(b) To applicants who have passed the Matriculation or Intermediate Examinations in the Second Division.

(c) To applicants who are sons of old Presidency College students or have other special claims, and as regards the Intermediate Examination in each of the cases distinguished to students who have passed from the Presidency College.

4. Applications received after 15th June can only be entertained if the considerations necessitating restriction above set forth admit of it.

The session opens after the long vacation on Monday, the 29th June. Lecture courses begin Wednesday, the 1st July.

CALCUTTA,

The 1st April 1908.

Principal, Presidency College, Calcutta.

YEARLY EXAMINATION OF CANDIDATES FOR FOURTH GRADE OF ACCOUNTANTS.

The yearly examination of candidates for fourth grade of Accountants, Public Works Department, will be held at the Civil Engineering College, Sibpur, on Monday and Tuesday, the 6th and 7th July 1908, at 10-30 A.M., both days:—

SUBJECTS.

	Full marks.	Minimum pass marks.
Writing (neatness, clearness, and rapidity) ...	100	50
Dictation (spelling, punctuation, etc.) ...	100	50
Arithmetic (the whole) ...	240	120
Mensuration (a) (the whole) ...	60	30
Book-keeping (b) (mercantile) ...	100	50
Total ...	600	...

Minimum required in all papers collectively, 400.

(a) Todhunter's Mensuration for Beginners.

(b) "Book-keeping" by Ball and Hamilton.

"Book-keeping" by "double and single entry, by W. Inglis (Chambers' Educational Course).

1. The examination is held annually at the Civil Engineering College, Sibpur, on the first Monday in July. The examination will be conducted, either at the College, or by an Examiner, Public Works Accounts (including Railway and Telegraph), in Bengal, Assam, and Burma only. The examination will be *ipso facto* vitiated if it be not held (begun and completed) on the dates fixed; but the officer who will conduct the examination may make his own arrangements, in regard to the place and hour of examination, with the candidates.

Candidates will not be examined in any of the Calcutta offices.

A candidate already in permanent Government employ* may be allowed to compete in the examination, even if he is more than 25 years of age, and may be appointed to an accountantship if he passes it; but if he is not already in pensionable service, he will be eligible only for appointment to the non-pensionable establishment on State Railways.

* This term includes employment under Local Boards and foreign bodies, if such is pensionable by the British Government.

2. The candidate should apply to an Examiner of Public Works Accounts, not later than 30 days previous to the date fixed for the examination, and obtain his consent to conduct the examination, if examination at the College is not convenient. The application must bear the address of the candidate, must be accompanied by a fee of Rs. 10 and the following certificates, and must be forwarded by him, not direct to the Principal, but through the Examiner.

Certificates may be submitted in original, or true copies attested by an officer of the Engineer or Accounts Branch, but none will be returned:—

(1) Certificate of good character signed by applicant's immediate official superior, or by the instructor under whom he has been educated, or by some other superior under whom he may have been brought up or employed, or to whom he may be well known. (This certificate must have special reference to the two years immediately preceding the application.)

(2) Certificate of age (baptismal or of birth) not required, if the candidate is already in permanent Government employ.

(3) Certificate that the application is in the candidate's hand-writing.

NOTE.—A candidate already in Government service should, in like manner, submit his application, through his immediate official superior, to an Examiner of Accounts qualified to hold the particular examination, and should state whether he desires to be examined at the office of the Examiner of Accounts concerned or at the College.

It will rest with the Examiner of Accounts, to whom the candidate submits his application, to decide, on a consideration of the certificates submitted, whether the candidate should be allowed to appear for the examination, or whether his application should be rejected. The Examiner of Accounts will then forward to the Principal for registration the names of the accepted candidates. The names of these candidates should be entered in a statement showing their ages and their addresses, and also showing where each candidate is to be examined, whether at the College or at the office of the Examiner of Accounts. This statement, together with the fees, should be transmitted to the Principal not later than 15 days after the dates fixed in paragraph 2 for the submission of applications of candidates.

3. Examination papers that are issued for examination need not be returned.

4. Each examination is complete in itself. A candidate who has failed in an examination, and presents himself for examination on a subsequent occasion, must undergo the full examination and furnish fresh fee and certificates.

5. If from any cause a candidate fails to appear for the examination, the fee paid will not be refunded.

6. Passed candidates should apply, not to the Principal of the College, nor to the Accountant-General, Public Works Department, but direct to the Examiner of Public Works Accounts, in the province or railway under whom they may desire to be employed.

7. It must be distinctly understood that the passing of this examination does not give any claim to an appointment, and that in making appointments, preference will be given to qualified persons who are already employed in the Department.

8. The Civil Engineering College acts solely as an examining body in reference to admission to the 4th grade of Accountants, Public Works Department.

9. Candidates for the 4th grade Accountantship examination, who are not Government servants and over 25 years of age, are allowed to appear at the examination, at the Sibpur College centre only, but, even if successful, they are debarred from employment in the service of Government, and their names will be excluded from the list of passed candidates which is furnished to the Accountant-General, Public Works Department.

10. Candidates over 25 years of age should apply in writing to the Principal of the Civil Engineering College, not later than 30 days previous to the examination; the application to be accompanied by the fee of rupees ten.

When Honours are taken in Chemistry, the other subjects taken must be Mathematics and Physics.

When in Geology, one must be Chemistry.

When in Physiology, one must be Chemistry.

When in Mathematics, one must be Physics.

M.A.—

The College has applied for affiliation for the M.A. degree in English, Philosophy, History and Mathematics, and for these subjects there need be no restriction as to admissions.

There will be no M.Sc. classes this year.

3. Admissions will be unrestricted (subject to the above conditions) so far as considerations of space and efficient teaching admit of it. As there is possibility, even probability of the applications in some departments exceeding the accommodation available, preference will be given to applications received before 15th June in this order—

(a) To applicants who have passed the Matriculation or Intermediate Examinations in the First Division.

(b) To applicants who have passed the Matriculation or Intermediate Examinations in the Second Division.

(c) To applicants who are sons of old Presidency College students or have other special claims, and as regards the Intermediate Examination in each of the cases distinguished to students who have passed from the Presidency College.

4. Applications received after 15th June can only be entertained if the considerations necessitating restriction above set forth admit of it.

The session opens after the long vacation on Monday, the 29th June. Lecture courses begin Wednesday, the 1st July.

CALCUTTA,

The 1st April 1908.

H. R. JAMES,

Principal, Presidency College, Calcutta.

YEARLY EXAMINATION OF CANDIDATES FOR FOURTH GRADE OF ACCOUNTANTS.

The yearly examination of candidates for fourth grade of Accountants, Public Works Department, will be held at the Civil Engineering College, Sibpur, on Monday and Tuesday, the 6th and 7th July 1908, at 10-30 A.M., both days:—

SUBJECTS.

	Full marks.	Minimum pass marks.
Writing (neatness, clearness, and rapidity)	... 100	50
Diction (spelling, punctuation, etc.)	... 100	50
Arithmetic (the whole)	... 240	120
Mensuration (a) (the whole)	... 60	30
Book-keeping (b) (mercantile)	... 100	50
Total	... 600	...

Minimum required in all papers collectively, 400.

(a) Todhunter's Mensuration for Beginners.

(b) "Book-keeping" by Ball and Hamilton.

"Book-keeping" by double and single entry, by W. Inglis (Chambers' Educational Course).

1. The examination is held annually at the Civil Engineering College, Sibpur, on the first Monday in July. The examination will be conducted, either at the College, or by an Examiner, Public Works Accounts (including Railway and Telegraph), in Bengal, Assam, and Burma only. The examination will be *ipso facto* vitiated if it be not held (begun and completed) on the dates fixed; but the officer who will conduct the examination may make his own arrangements, in regard to the place and hour of examination, with the candidates.

Candidates will not be examined in any of the Calcutta offices.

A candidate already in permanent Government employ* may be allowed to compete in the examination, even if he is more than 25 years of age, and may be appointed to an accountantship if he passes it; but if he is not already in pensionable service, he will be eligible only for appointment to the non-pensionable establishment on State Railways.

* This term includes employment under Local Boards and foreign bodies if such is permissible by the British Government.

2. The candidate should apply to an Examiner of Public Works Accounts, not later than 30 days previous to the date fixed for the examination, and obtain his consent to conduct the examination, if examination at the College is not convenient. The application must bear the address of the candidate, must be accompanied by a fee of Rs. 10 and the following certificates, and must be forwarded by him, not direct to the Principal, but through the Examiner.

Certificates may be submitted in original, or true copies attested by an officer of the Engineer or Accounts Branch, but none will be returned:—

(1) Certificate of good character signed by applicant's immediate official superior, or by the instructor under whom he has been educated, or by some other superior under whom he may have been brought up or employed, or to whom he may be well known. (This certificate must have special reference to the two years immediately preceding the application.)

(2) Certificate of age (baptismal or of birth) not required, if the candidate is already in permanent Government employ.

(3) Certificate that the application is in the candidate's hand-writing.

NOTE.—A candidate already in Government service should, in like manner, submit his application, through his immediate official superior, to an Examiner of Accounts qualified to hold the particular examination, and should state whether he desires to be examined at the office of the Examiner of Accounts concerned or at the College.

It will rest with the Examiner of Accounts, to whom the candidate submits his application, to decide, on a consideration of the certificates submitted, whether the candidate should be allowed to appear for the examination, or whether his application should be rejected. The Examiner of Accounts will then forward to the Principal for registration the names of the accepted candidates. The names of these candidates should be entered in a statement showing their ages and their addresses, and also showing where each candidate is to be examined, whether at the College or at the office of the Examiner of Accounts. This statement, together with the fees, should be transmitted to the Principal not later than 15 days after the dates fixed in paragraph 2 for the submission of applications of candidates.

3. Examination papers that are issued for examination need not be returned.

4. Each examination is complete in itself. A candidate who has failed in an examination, and presents himself for examination on a subsequent occasion, must undergo the full examination and furnish fresh fee and certificates.

5. If from any cause a candidate fails to appear for the examination, the fee paid will not be refunded.

6. Passed candidates should apply, not to the Principal of the College, nor to the Accountant-General, Public Works Department, but direct to the Examiner of Public Works Accounts, in the province or railway under whom they may desire to be employed.

7. It must be distinctly understood that the passing of this examination does not give any claim to an appointment, and that in making appointments, preference will be given to qualified persons who are already employed in the Department.

8. The Civil Engineering College acts solely as an examining body in reference to admission to the 4th grade of Accountants, Public Works Department.

9. Candidates for the 4th grade Accountantship examination, who are not Government servants and over 25 years of age, are allowed to appear at the examination, at the Sibpur College centre only, but, even if successful, they are debarred from employment in the service of Government, and their names will be excluded from the list of passed candidates which is furnished to the Accountant-General, Public Works Department.

10. Candidates over 25 years of age should apply in writing to the Principal of the Civil Engineering College, not later than 30 days previous to the examination; the application to be accompanied by the fee of rupees ten.

M.A.—

The College has applied for affiliation for the M.A. degree in English, Philosophy, History and Mathematics, and for these subjects there need be no restriction as to admissions.

There will be no M.Sc. classes this year.

3. Admissions will be unrestricted (subject to the above conditions) so far as considerations of space and efficient teaching admit of it. As there is possibility, even probability of the applications in some departments exceeding the accommodation available, preference will be given to applications received before 15th June in this order—

(a) To applicants who have passed the Matriculation or Intermediate Examinations in the First Division.

(b) To applicants who have passed the Matriculation or Intermediate Examinations in the Second Division.

(c) To applicants who are sons of old Presidency College students or have other special claims, and as regards the Intermediate Examination in each of the cases distinguished to students who have passed from the Presidency College.

4. Applications received after 15th June can only be entertained if the considerations necessitating restriction above set forth admit of it.

The session opens after the long vacation on Monday, the 29th June. Lecture courses begin Wednesday, the 1st July.

The following subject has been selected for Babu Brajamohan Dutt's Prize Essay of Rs. 45 (forty-five) for the year 1903-1907:—

“Domestic Sanitation and the women's share in it.”

The conditions for the award of the prize are:—

- (1) That the competition be open to all educated women, being natives of Bengal (including the districts which now form part of the New Province), without regard to age.
- (2) That the prize be given for an essay, to be written in either Bengali or Sanskrit.
- (3) That the essays be sent to the Central Text-book Committee for adjudication within six months of the date of advertisement.
- (4) That each essay be accompanied by a written declaration of the husband, parent or guardian of the competitor that to the best of his belief she has received no assistance of any kind, direct or indirect, in writing the essay.

Candidates are requested to send their essays, not later than the 30th November 1908, to the Secretary to the Central Text-book Committee, Office of the Inspector of Schools, Presidency Division, at 12, Dalhousie Square, Calcutta. The envelope containing the essay should be superscribed “Brajamohan Dutt Prize Essay.” The name of the successful competitor will be published in the *Calcutta Gazette*.

A lady who wins the prize in any year is not debarred from subsequent competition, and if the essay submitted by a competitor who has been previously successful is adjudged to be the best, the name of such a competitor will be published in the *Gazette* as the winner of the competition. The actual prize will, however, in these circumstances be awarded to the competitor whose essay is adjudged to stand next in order of merit, provided that essay comes up to the standard required by the next clause.

If none of the essays comes up to a standard which is in the opinion of the examinee adequate, no prize will be awarded.
